Dawn of the Blood Moon T. H. Pine, 2006 Andross sat on the dirt floor in front of the two men with his legs crossed, tailor fashion. He reached around behind him and pulled a 9mm automatic from the waistband of his breechcloth, an article of clothing he seldom wore. He rested his arms on his knees, letting the gun dangle between them. Wait, Puma said, Are you just going to shoot us? Aren't you a doctor? Yes, I am a doctor. But I also have responsibilities. Too many responsibilities. With that, Andross raised the pistol...Having survived a battle for survival on the East Coast, a small group of healed vampires escapes to the vast Southwest in an effort to avoid further conflict. There, they want nothing more than to live in peace and raise their families. They discover new allies-and new dangers. Despite their best efforts to blend in, an ancient enemy-and hired mercenaries-invade their home and shatter their peaceful community. In this sequel to Dawn of the Blood Moon, Andross, son of Justine and Karl, grapples with his supra-normal birthright and his new responsibilities as unofficial leader of this desert community of healed vampires. His only desire is to find a niche for his people between the human and vampire worlds. But soon, he must fight for the very survival of his clan-and make a life-or-death decision.

BloodMoon Michelle Lynn Gaines, BloodMoon Mäus had never backed down from a conflict, but when it came to Anna he had no weapons. The means he would go to keep her safe and what he would give so that she would have a future.

Red Moon Michael Cassutt, 2007-04-01 It begins in 1964 with the sudden and unexpected death of Sergai Korolev, the man who ran the Soviet Space Program. Young Yuri Ribko, an engineering student working for one of the Korolev's bureaus, is either fortunate or unfortunate to have an uncle who is a high ranking member of State security. Yuri's uncle recruits him to spy within the Bureau, to assist in identifying possible threats to the Space Program. In return, Yuri is set on a fast-track of promotion, from engineering assistant to cosmonaut. From the earliest work on Russia's lunar lander, through a devastating string of exploding launch vehicles and deadly landings, Red Moon gives us an insider's view of Russia's gallant but doomed Moon Shot. Free Woman Lara Feigel,2018-03-08 'A fascinating mix of literary criticism, cultural history and memoir ... Highly enjoyable' Sunday Times How might we live more freely, and will we be happier or lonelier if we do? Rereading *The Golden Notebook* in her thirties, Lara Feigel discovered that Doris Lessing spoke directly to her as a woman, writer and mother in a way that no other novelist had done. Veering between admiration and fury at the choices Lessing made, Feigel conducts a dazzling investigation into the joys and costs of sexual, psychological, intellectual and political freedom. The result is this genre-defying book: at once a meditation on life and literature and a daring act of self-exposure.

Elizabeth Taylor Darwin Porter,Danforth Prince,2012 Before she died, Elizabeth Taylor claimed that previous biographers had revealed only half of my story, but I can't tell the other half because I'd get sued. With photos, this meaty and startling book offers a juicy feast of till-now untold tales about the 20th century's most deadlinedgenerating actress, relayed with empathy and brutal candor.

Once in a Blood Moon Dorothea L Hubble Bonneau,2020-06-11

The Fold-O-Rama Wars at the Blue Moon Roach Hotel and Other Colorful Tales of Transformation and Tattoos A. R. Morlan, 2013-07-30 The author says: The stories in this collection are an outgrowth of my lamentable childhood, as well as a reflection of those things in life which I found fascinating--in that they could mentally take me away from the horror of my daily life, and at least on the level of imagination offer me something worth waking up each morning for. Thus, the universes in this collection center around outsiders, artists, and freaks (be they natural-born or self-made); some of the stories are interconnected, but also designed to stand alone. I've included afterwords for each to shine additional light on both the works and their cultural personal inspirations. But more than a collection, to me this volume is a glimpse into my creative soul--and as such, it may not be perfect, it might not even be logical, but it is what I am, love it or hate it. Six cutting-edge stories of a bizarre, near-future America, a mix of strange cultures and curious characters, featuring tattoo artists, origami masters, Irezumi, the De Novo Shinkansen, Qatmandude...and the Blue Moon Roach Hotel!
