Destroy All Enemies in Bloons TD 6 Minh Hoang Pham,2019-08-24 Bloons TD 6 is a great tower defense game that will give you hours and hours of fun. Here are some general tips to help you get started and familiarized with the game.The Bloons are back and better than ever! Get ready for a massive 3D tower defense game designed to give you hours and hours of the best strategy gaming available.Craft your perfect defense from a combination of awesome monkey towers, upgrades, Heroes, and activated abilities, then pop every last Bloon that comes your way!There's something about the monkeys and balloons in Bloons TD 6 that's simply delightful. Your cute primate friends come in all shapes and sizes from pirates to super heroes. Your enemies, the balloons, seem so innocent and innocuous - of course they would, they're balloons. Yet the scenario remains: if the balloons get to the end, you'll lose lives so your cute primates must do battle with evil. There's no story, it just is the way of the world, and it sets a tone for Bloons that evokes a childlike sense of joy that just works. It's a tower defense game that owns its world, knows its identity, and never lets itself be more than it should be. The result is a product worth the time of anyone looking for a little piece of happiness.The gameplay in Bloons is simple enough. You build monkeys, which act as the game's towers, and then upgrade them to stop wave after wave of balloons. Balloons follow a set path so you can't create a maze to slow them down, but otherwise you're free to place your towers as you please. While the game is not an action tower defense game, you can upgrade towers to have special abilities you can trigger during waves and some towers do damage based on the location of your cursor, so if you're looking for an active role during waves it's there but not required. It's simple but the towers and level design will keep you coming back for more.The variety in towers is broad. While a few seem worthless and some are clearly overpowered, there's still room to customize your strategy to the way you want to play and still find success. While some may opt for a few central towers surrounding a hub that buffs them all, others may choose to spread their towers out across the land. Either way works on most maps if you have the right upgrades, though the first is still significantly better. Better still, the towers are so absurd that you'll want to experiment and play with them all simply to see what they can be. As you play, your cannon becomes a nuclear missile, your pirate ship becomes a modern battleship and your super hero becomes a sun god. These evolutions are exciting and fun to use every time you get one which ensures you're always happy to continue building to the next step.Let's take a look at this book!

M Is for Mama Abbie Halberstadt,2022-02-01 A PUBLISHER'S WEEKLY BESTSELLER
Mama of ten Abbie Halberstadt helps women humbly and gracefully rise to the high calling of motherhood without settling for mediocrity or losing their minds in the process. Motherhood is a challenge. Unfortunately, our worldly culture offers moms little in the way of real help. Mamas only connect to celebrate surviving another day and to share in their misery rather than rejoice in what God has done and to build each other up in hard times. There has to be a better way, a biblical way, for mamas to grow and thrive. As a daughter of Christ, you have been called to be more than an average mama. Attaining excellence doesn't have to be unsettling but it will take committed focus and a desire to parent well according to God's grace and for His glory. *M is for Mama* offers advice, encouragement, and scripturally sound strategies seasoned with a little bit of humor to help you embrace the challenge of biblical motherhood and raise your children with love and wisdom. Mama, you are worthy of the awesome responsibility God has given you. Now it's time to start believing you can live up to it.
