Control: The Dark History and Troubling Present of Eugenics Adam Rutherford, 2022-11-15 How did an obscure academic idea pave the way to the Holocaust within just fifty years? Control is a book about eugenics, what geneticist Adam Rutherford calls “a defining idea of the twentieth century.” Inspired by Darwin’s ideas about evolution, eugenics arose in Victorian England as a theory for improving the British population, and quickly spread to America, where it was embraced by presidents, funded by Gilded Age monopolists, and enshrined into racist American laws that became the ideological cornerstone of the Third Reich. Despite this horrific legacy, eugenics looms large today as the advances in genetics in the last thirty years—from the sequencing of the human genome to modern gene editing techniques—have brought the idea of population purification back into the mainstream. Eugenics has “a short history, but a long past,” Rutherford writes. The first half of Control is the history of an idea, from its roots in key philosophical texts of the classical world all the way into their genocidal enactment in the twentieth century. The second part of the book explores how eugenics operates today, as part of our language and culture, as part of current political and racial discussions, and as an eternal temptation to powerful people who wish to improve society through reproductive control. With disarming wit and scientific precision, Rutherford

explains why eugenics still figures prominently in the twenty-first century, despite its genocidal past. And he confronts insidious recurring questions—did eugenics work in Nazi Germany? And could it work today?—revealing the intellectual bankruptcy of the idea, and the scientific impossibility of its realization.

Shantaram Gregory David Roberts, 2004-10-13 Based on his own extraordinary life, Gregory David Roberts' *Shantaram* is a mesmerizing novel about a man on the run who becomes entangled within the underworld of contemporary Bombay—the basis for the Apple + TV series starring Charlie Hunnam. "It took me a long time and most of the world to learn what I know about love and fate and the choices we make, but the heart of it came to me in an instant, while I was chained to a wall and being tortured." An escaped convict with a false passport, Lin flees maximum security prison in Australia for the teeming streets of Bombay, where he can disappear. Accompanied by his guide and

faithful friend, Prabaker, the two enter the city's hidden society of beggars and gangsters, prostitutes and holy men, soldiers and actors, and Indians and exiles from other countries, who seek in this remarkable place what they cannot find elsewhere. As a hunted man without a home, family, or identity, Lin searches for love and meaning while running a clinic in one of the city's poorest slums, and serving his apprenticeship in the dark arts of the Bombay mafia. The search leads him to war, prison torture, murder, and a series of enigmatic and bloody betrayals. The keys to unlock the mysteries and intrigues that bind Lin are held by two people. The first is Khader Khan: mafia godfather, criminal-philosopher-saint, and mentor to Lin in the underworld of the Golden City. The second is Karla: elusive, dangerous, and beautiful, whose passions are driven by secrets that torment her and yet give her a terrible power. Burning slums and five-star hotels, romantic love and prison agonies, criminal wars and Bollywood films, spiritual gurus and mujaheddin guerrillas—this huge novel has the world of human experience in its reach, and a passionate love for India at its heart.

How to Do Nothing Jenny Odell, 2020-12-29 ** A New York Times Bestseller **
NAMED ONE OF THE BEST BOOKS OF THE YEAR BY: Time • The New Yorker • NPR • GQ
• Elle • Vulture • Fortune • Boing Boing • The Irish Times • The New York
Public Library • The Brooklyn Public Library A complex, smart and ambitious
book that at first reads like a self-help manual, then blossoms into a wide-
ranging political manifesto.—Jonah Engel Bromwich, The New York Times Book
Review One of President Barack Obama's Favorite Books of 2019 Porchlight's
Personal Development & Human Behavior Book of the Year In a world where
addictive technology is designed to buy and sell our attention, and our value
is determined by our 24/7 data productivity, it can seem impossible to
escape. But in this inspiring field guide to dropping out of the attention
economy, artist and critic Jenny Odell shows us how we can still win back our
lives. Odell sees our attention as the most precious—and overdrawn—resource
we have. And we must actively and continuously choose how we use it. We might
not spend it on things that capitalism has deemed important ... but once we can
start paying a new kind of attention, she writes, we can undertake bolder
forms of political action, reimagine humankind's role in the environment, and
arrive at more meaningful understandings of happiness and progress. Far from
the simple anti-technology screed, or the back-to-nature meditation we read
so often, *How to do Nothing* is an action plan for thinking outside of
capitalist narratives of efficiency and techno-determinism. Provocative,

timely, and utterly persuasive, this book will change how you see your place in our world.

Older Brother Mahir Guven, 2019-10-08 Prix Goncourt Winner: A “superb” novel of a Syrian immigrant in France and his two sons (The New York Times Book Review). Older Brother is the poignant story of a Franco-Syrian family whose father and two sons try to integrate themselves into a society that doesn’t offer them many opportunities. The father, an atheist communist who moved from Syria to France for his studies and stayed for love, has worked for decades driving a taxi to support his family. The eldest son is a driver for an app-based car service, which comically puts him at odds with his father, whose very livelihood is threatened by this new generation of disruptors. The younger son, shy and serious, works as a nurse in a French hospital. Jaded by the regular rejections he encounters in French society, he decides to join a Muslim humanitarian organization to help wounded civilians in the war in Syria. But when he stops sending news home, the silence begins to eat away at his father and brother, who wonder what his real motivations were. And when the younger brother returns home, he has changed . . . “A masterpiece of a first novel.” –The Guardian “A striking debut that reveals the breadth of emotional disconnection that prejudice can stoke within a family.” –Kirkus Reviews

Ivor Prickett: End of the Caliphate Ivor Prickett, 2019-03 This book is the result of over a year's work in 2016 and 2017 photographing the military campaign to reclaim Iraq's second largest city, Mosul, from ISIS. Working

exclusively for the New York Times, Irish-born photographer Ivor Prickett (born 1983) was often embedded within Iraqi special forces troops as he documented both the fighting and its toll on the civilian population and urban landscape. The operation lasted nearly nine months, resulted in thousands of civilian deaths and ruined vast tracts of the city. Involving some of the most brutal urban combat since World War II, the fall of Mosul was key to the downfall of the Islamic State: soon after, the remains of the so-called Caliphate quickly collapsed. Prickett focuses on the human struggles of conflict. Taken on the frontline, his pictures legitimately and compellingly record the experience of being caught in the crossfire, whether as a soldier or noncombatant. He furthermore captures postwar reality while attempting to reconstruct the final weeks of combat: the devastated city, including abandoned corpses of ISIS fighters, and, months later, families searching for missing loved ones and civilians returning to reclaim their homes and lives.
