**Circus of Wonders** Elizabeth Macneal, 2022-02-01 From the #1 internationally bestselling author of the “lush, evocative Gothic” (The New York Times Book Review) The Doll Factory comes an atmospheric and spectacular novel about a woman transformed by the arrival of a Victorian circus of wonders—“as moving as it is deeply entertaining” (Daniel Mason, New York Times bestselling author). Step up, step up! In 1860s England, circus mania is sweeping the nation. Crowds jostle for a glimpse of the lion-tamers, the dazzling trapeze artists and, most thrilling of all, the so-called “human wonders.” When Jasper Jupiter’s Circus of Wonders pitches its tent in a poor coastal town, the life of one young girl changes forever. Sold to the ringmaster as a “leopard girl” because of the birthmarks that cover her body, Nell is utterly devastated. But as she grows close to the other

performers, she finds herself enchanted by the glittering freedom of the circus, and by her own role as the Queen of the Moon and Stars. Before long, Nell's fame spreads across the world—and with it, a chance for Jasper Jupiter to grow his own name and fortune. But what happens when her fame begins to eclipse his own, when even Jasper's loyal brother Toby becomes captivated by Nell? No longer the quiet flower-picker, Nell knows her own place in the world, and she will fight for it. Circus of Wonders is a beautiful story about the “complex dance between exploitation and empowerment, and the question of what it really means to have control over your own life” (Naomi Ishiguro, author of Escape Routes).

As they serve side by side in China, a territory yet marked by the evil of its former archangel, the secret it holds nightmarish beyond imagining, things come to an explosive decision point. Illium and Aodhan must either walk away from the relationship that has defined them—or step forward into a future that promises a bond infinitely precious in the life of an immortal...but that demands a terrifying vulnerability from two badly bruised hearts.

**The Universal Solvent** Beth Fowler,2001-04-27 What readers and reviewers say about The Universal Solvent: I like your strong, sassy voice. Your writing voice is quick, take-no-prisoners, smart, informed. Audrey DeLaMartre, book reviewer, The Phoenix. I am enjoying The Universal Solvent immenselyit is

scary to contemplate the possibility of running out of water. Our son-in-law is a marine biologist and runs a wetland remediation business, so the topic is not new to us. . . I will certainly propose The Universal Solvent to our book club. . . you are such an accomplished author! Mrs. T. M. Bowes, Carlisle PA As a resident of what is said to be the driest State (South Australia) in the driest Continent, The Universal Solvent is, to me, both timely and thought-provoking. It gives a clear message concerning a serious environmental problem in a readable and entertaining style, which would be of interest to anyone concerned with water conservation and related issues. Trevor Scott, Curator of Fishes, South Australia Museum, Berkely CA, USA lecturer (ret.) The Universal Solvent takes the reader on a leap of connected energy to face the imminent possibility of a shortage of fresh drinkable water: this effect has already begun to be evident. The plot shifts the reader at a breathtaking pace along various exciting locations with the main participants so real you sense their presence and character. Fully packed with emotion and intrigue. . .the best piece of work Ive read in the last sixty years. Sikung Lowe Head of National Qi Gong College info@nqc.ac The plot is fiction. The problem is fact. The time is tomorrow. The problem is water: Its contaminated. Governments and think tanks strive to solve the water crisis, but too many unscrupulous politicians and crooks profit from this worldwide shortage of potable water to pursue viable solutions seriouslya fact Rusty Sinclair learns at personal cost. Using an alias, Rusty moves across America like an elusive underground streamhiding, surfacing, hiding. When he surfaces in Fort Trust, a town thats seen better times, he decides to work for a few weeks then shove off for the open road again. His plan changes. He spars with a woman co-worker who reminds him all too much of the guilt-stained past hes trying to elude, yet he must rely on her to help him dust off a retired scientists project that might be the key to solving the water crison the other hand the project might only be a senile lunatics fantasy. Clete Shatz, owner

of the company Rusty works at, and an acute judge of mortals weaknesses, draws Rusty into an embezzlement scheme to bilk American citizens of mega-millions of tax dollars in return for potable water. At the ethical crossroads, each man must make decisions that will not only put himself at risk, but change the lives of the people he loves and the lives of everyone who thirsts for water. For both Rusty and Clete, the easy path is not the best path. Lives hang in the balance either way. Using facts, statistics and predictions currently available from the U.S. Government and its agencies and from environmental groups, Fowlers The Universal Solvent takes readers on an entertaining ride that will change the way they think about humanitys most precious resource.
