Thank Earth You Armand Daigle, 2014-02-03 Liberation and abundance bloom in arm's reach, but a young engineer's wrists are choked red by the chains of cubical slavery. Brought to his breaking point, he quits and confesses to his disappointed and worried parents that he has no plans of returning to a discipline they hold so dear. His world butterflies open. Relief and happiness come fast, but his new course remains obscured, and it's not until five months later, when he takes up with a pack of wolves, that direction begins to emerge. His surroundings become vibrant, lines dissolve, and never feeling so alive he pushes himself to precarious limits. And late one winter night, in the den where the wolves came from, the ex-engineer is confronted by a power that brings him both rapid bliss and the crumbling of his reality. Finding himself is a dark and constant battle between sanity and revelation in which he's not sure what side to take.

Dark Ecology Timothy Morton, 2016-04-12 Timothy Morton argues that ecological awareness in the present Anthropocene era takes the form of a strange loop or Möbius strip, twisted to have only one side. Deckard travels this oedipal path in *Blade Runner* (1982) when he learns that he might be the enemy he has been ordered to pursue. Ecological awareness takes this shape because ecological phenomena have a loop form that is also fundamental to the structure of how things are. The logistics of agricultural society resulted in global warming and hardwired dangerous ideas about life-forms into the human mind. Dark ecology puts us in an uncanny position of radical self-knowledge, illuminating our place in the biosphere and our belonging to a species in a sense that is far less obvious than we like to think. Morton explores the logical foundations of the ecological crisis, which is suffused with the melancholy and negativity of coexistence yet evolving, as we explore its loop form, into something playful, anarchic, and comedic. His work is a skilled fusion of humanities and scientific scholarship, incorporating the theories and findings of philosophy, anthropology, literature, ecology, biology, and physics. Morton hopes to reestablish our ties to nonhuman beings and to help us rediscover the playfulness and joy that can brighten the dark, strange loop we traverse.

Cataract City Craig Davidson, 2014-02-06 Cataract City, a dead-end border town overlooking Niagara Falls. Owen Stuckey and Duncan Diggs are fast friends as kids - united by wrestling, go-karts, and metal bands - but as they grow into young men, their once simple affection competes with the tensions created by their respective circumstances. Owen, born to relative privilege, seems destined to get out of the city, while Duncan, honest but hard, is hurtling along the rails towards a future working the assembly line at the soulless biscuit factory, The Bisk. As Duncan becomes more and more desperate to escape, he finds himself at opposite ends of the law to Owen, and as the coils of the city creep ever tighter around the two friends, they find themselves struggling not to break free, but simply to survive.

In fact, these winged characters get into the same sticky situations we all do. They are Penguins with People Problems. So meet your favorite new flightless friends. They're brutally honest (except when they're lying), comically insecure, and totally relatable.

The Varieties of Scientific Experience Carl Sagan,2006-11-02 “Ann Druyan has unearthed a treasure. It is a treasure of reason, compassion, and scientific awe. It should be the next book you read.” —Sam Harris, author of *The End of Faith* “A stunningly valuable legacy left to all of us by a great human being. I miss him so.” —Kurt Vonnegut Carl Sagan's prophetic vision of the tragic resurgence of fundamentalism and the hope-filled potential of the next great development in human spirituality The late great astronomer and astrophysicist describes his personal search to understand the nature of the sacred in the vastness of the cosmos. Exhibiting a breadth of intellect nothing short of astounding, Sagan presents his views on a wide range of topics, including the likelihood of intelligent life on other planets, creationism and so-called intelligent design, and a new concept of science as informed worship. Originally presented at the centennial celebration of the famous Gifford Lectures in Scotland in 1985 but never published, this book offers a unique encounter with one of the most remarkable minds of the twentieth century.

The Stonekeeper's Curse: A Graphic Novel (Amulet #2) Kazu Kibuishi,2013-12-17 Kazu Kibuishi's #1 NEW YORK TIMES bestselling series is now available in eBook! Twelve Years a Slave Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the

anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

The Last Tiger Petr Horáček,2020-08-25 When hunters invade the jungle, all the animals try to hide—except the tiger. He is strong, proud, and powerful; why should he flee like a bird or a monkey? But the humans are even more fearless than the tiger is, and he soon finds himself in a cage in the city. Will he ever see his home again? Illustrated in glowing colors, *The Last Tiger* is a thoughtful fable about the dangers of pride and the value of freedom.

Heavenly Bridegrooms (Jabberwoke Pocket Occult) Ida Craddock, 2021-09 Heavenly Bridegrooms, reprinted in the medical journal *Alienist and Neurologist*, has been left entirely unedited by Mr. Theodore Schroeder, with the exception of a brief explanatory note. I must say that it is one of the most human documents ever produced, and it should certainly find a regular publisher in book form. The authoress of the MS. claims that she was the wife of an Angel. She expounds at the greatest length the philosophy connected with this thesis. Her learning is enormous. She finds traces of similar beliefs in every country in the world, and (having a similar experience of her own) she can hardly be blamed for arguing that one thing confirms the other. Mr. Schroeder is quite logical in calling her paper 'An Unintentional Contribution to the Erotogenetic Interpretation of Religion, ' but commits the errors of *petitio principii* and *non distributio medii* with the most exquisite nonchalance. Only a lawyer could be so shameless. He begs the question with regard to this particular case, assuming that her relation with the angel was pure hallucination, of which he has no evidence whatsoever. He argues that, since one person both loves and is religious, religion is nothing but a morbid manifestation of the sexual instinct. One does not have even to disagree with him to see how worthless is his reasoning. As a matter of fact, I do half agree with him in my calmer moments in a general way, but the conclusion can be carried a step further. When you have proved that God is merely a name for the sex instinct, it appears to me not far to the perception that the sex instinct is God. This particular MS. is sane in every line. The fact that the woman committed suicide twelve or fifteen years afterwards is no more against the sanity of the MS. than the suicide of Socrates proves that the Republic is merely the lucubration of a lunatic. I am very far from agreeing with all that this most talented woman sets forth in her paper, but she certainly obtained initiated knowledge of extraordinary depth. She seems to have had access to certain most concealed sanctuaries. I should personally be inclined to attribute her suicide rather to the vengeance of the guardians of those palaces than to any more obvious cause. She has put down statements in plain English which are positively staggering. This book is of incalculable value to every student of occult matters. No Magick library is complete without it. - Aleister Crowley
