Mickey and Mark Moore are Ordinary Decent Criminals - hard men who live by their own code and leaders of a gang that has made millions at the point of a gun. But when Dan 'Spider' Shepherd is sent to infiltrate the tightly-knit team of bank robbers, he discovers that he has more in common with them than he first thought. And that perhaps being a career criminal isn't the worst thing in the world. As Shepherd and his Serious Organised Crime Agency colleagues plot the downfall of the Moore brothers, a more sinister threat stalks the streets of London. A group of home-grown Islamic fundamentalist fanatics embark on a campaign of terror the like of which Britain has never seen. Car bombs and beheadings are only the prelude of what they have planned. *Standing Watch* Jonathan Li-Chung Leung, 2019-04-30 The first book to capture and preserve the inside story of the exclusive brotherhood that manned the front lines of the Cold War Featuring interviews from seventeen veteran submariners, *Standing Watch: American Submarine Veterans Remember the Cold War Era* offers the perspective of the submariners themselves—lending them a voice and paying homage to their service. Jonathan Li-Chung Leung provides an original glimpse into a world of unique challenges and characters, a life isolated and submerged, and a duty defined by the juxtaposition of monotonous routine and unparalleled excitement. These personal accounts of life below the surface offer readers a front-row seat to close encounters with Soviet submarines and the naval blockade during the Cuban Missile Crisis, as well as an intimate understanding of daily life onboard the vessels, the culture of military discipline, and the religious-like fervor exercised in honoring traditions big and small. By applying first-hand perspectives to a larger thematic overview, this book uses authentic narratives to deliver a lively and colorful picture of the Silent Service. Set against the backdrop of sobering geo-political disputes and their own role as the nation's defenders against a seemingly ambiguous super-enemy, these veterans focus on their responsibilities and reflect on careers built on the simple axioms of pride and service. This invigorating and unalloyed account is an unprecedented addition to the existing literature on naval and military history.
