The Accidents of Style Charles Harrington Elster,2010-07-20 Fasten your seat belt for a crash course in careful usage.... Just like automobile accidents, accidents of style occur all over the English-speaking world, in print and on the Internet, thousands of times every day. They range from minor fender benders, such as confusing their and there, to serious smashups, such as misusing sensual for sensuous or writing loathe when you mean loath. Charles Harrington Elster shows you how to navigate the hairpin turns of grammar, diction, spelling, and punctuation with an entertaining driver's manual covering 350 common word hazards and infractions, arranged in order of complexity for writers of all levels. Elster illustrates these surprisingly common accidents with quotations from numerous print and online publications, many of them highly regarded---which perhaps should make us feel better: If the horrendous redundancy close proximity and the odious construction what it is, is have appeared in The New York Times, maybe our own accidents will be forgiven. But that shouldn't keep us from aspiring to accident-free writing and speaking. If you want to get on the road to writing well, The Accidents of Style will help you drive home what you want to say.

How to Tell Fate from Destiny Charles Harrington Elster,2018-10-23 “In this part-thesaurus, part-hilarious manual of style, Elster breaks down the most common mistakes of the English language.”–Booklist If you have trouble distinguishing the verbs imitate and emulate, the relative pronouns that and which, or the adjectives pliant, pliable, and supple, never fear–How to Tell Fate from Destiny is here to help! With more than 500 headwords, the book is replete with advice on how to differentiate commonly confused words and steer clear of verbal trouble. Whether you’re a boomer, a Gen-Xer, or a millennial, if you peruse, browse, or even skim these spindrift pages you will (not shall) become versed in the fine art of differentiation. You will learn, for example, how to tell whether you suffer from pride, vanity, or hubris how to tell whether you’re contagious or infectious how to tell if you’re pitiful or pitiable how to tell if you’re self-centered or self-absorbed how to live an ethical life in a moral universe “This appealing book will help readers over countless lexical stumbling blocks, and encourage clearer and more precise speaking and writing.”–Publishers Weekly “The author of this charming and useful book has made a career out of literary finesse. In his latest effort to ‘clarify the mind and general discourse,’ the ‘professional distinctioneer’ offers witty, wise advice on the right way to deploy some of the English language’s trickiest words, from a and an to zero, zeros, zeroes.”–Yale Alumni Magazine
