The Beginning of the End Peter Hershey,2004-11 With the rebuilding efforts in Iraq almost complete, the Ottawa Treaty once again comes to the forefront of the national agenda. Without the added strain of rebuilding Iraq, Congress signs and ratifies the treaty with hopes to de-mine the world and save innocent civilian lives-but the plan backfires. North Korea invades South Korea immediately after the landmine field is removed from the de-militarized zone. The U.S. military base camp in Guantanamo Bay, Cuba, without the protection of a landmine field, is destroyed by an attacking Cuban army. The Object Parade Dinah Lenney,2015-04-14 This new collection of interconnected essays marches to a provocative premise: what if one way to understand your life was to examine the objects within it? Which objects would you choose? What memories do they hold? And lined up in a row, what stories do they have to tell? In recalling her experience, Dinah's essays each begin with one thing – real or imaginary, lost or found, rare or ordinary, animal, vegetable, mineral, edible. Each object comes with a memory or a story, and so sparks an opportunity for rue or reflection or confession or revelation, having to do with her coming of age as a daughter, mother, actor, and writer: the piano that holds secrets to family history and inheritance; the gifted watches that tell so much more than time; the little black dress that carries all of youth's love and longing; the purple scarf that stands in for her journey from New York to Los Angeles, across stage and screen, to pursue her acting dream. Read together or apart, the essays project the bountiful mosaic of life and love, of moving to Los Angeles and raising a family; of coming to terms with place, relationship, failures, and success; of dealing with up-ended notions about home and family and career and aging, too. Taken together, they add up to a pastiche of an artful and quirky life, lovingly remembered, compellingly told, wrapped up in the ties that bind the passage of time.

Clean Hands Patrick Hoffman,2020-06-02 A New York Times Book Review Summer Thriller Pick. “With its crisp pace and superb timing, Clean Hands is a special treat to read.”—The Wall Street Journal Corporate lawyer Elizabeth Carlyle is under a lot of pressure. Her prestigious New York law firm is working on the most high-stakes case in company history, defending a prominent bank. When Elizabeth gets the news that one of her

junior associates has lost his phone—and the secret documents that were on it—she needs help. Badly. Enter ex-CIA officer Valencia Walker, a high-priced fixer who gets called in when governments, corporations, and plutocrats need their problems solved discretely. But things get complicated when the missing phone is retrieved: somebody has already copied the documents, and now they’re blackmailing the firm. When the situation gets murkier still—hinting that darker forces may be churning below the surface—Elizabeth and Valencia must maneuver and outmaneuver whomever is behind this, and, most importantly, keep their hands clean. This is a world of private security, private diplomacy, and private justice. A sharply drawn cast of characters—dirty lawyers, black-market traders, Russian criminals, and extra-judicial actors, all take part in this breakneck tour through New York. Authentic, tense, and impossible to put down, *Clean Hands* gives a vivid look at the connections between corporations, government, and the underworld. “It becomes increasingly clear that the whole thing is far more complicated, with much higher stakes, than most of the pawns in this grand chess game understand. The fun is in the details.”—The New York Times Book Review
