Girl Waits With Gun Amy Stewart,2015-09-01 NATIONAL BESTSELLER. The first in the Kopps Sisters Novel Series, *Girl Waits with Gun* is an enthralling novel based on the forgotten true story of one of the nation's first female deputy sheriffs. Constance Kopp doesn't quite fit the mold. She towers over most men, has no interest in marriage or domestic affairs, and has been isolated from the world since a family secret sent her and her sisters into hiding fifteen years ago. One day a belligerent and powerful silk factory owner runs down their buggy, and a dispute over damages turns into a war of bricks, bullets, and threats as he unleashes his gang on their family farm. When the sheriff enlists her help in convicting the men, Constance is forced to confront her past and defend her family — and she does it in a way that few women of 1914 would have dared. A New York Times Editors' Choice "A smart, romping adventure, featuring some of the most memorable and powerful female characters I've seen in print for a long time. I loved every page as I followed the Kopp sisters through a too-good-to-be-true (but mostly true!) tale of violence, courage, stubbornness, and resourcefulness."—Elizabeth Gilbert

Brazil Stephen Kanitz,1995 Is your company ready to take advantage of the new growth cycle that is beginning in Brazil and should last the next ten years? Few Brazilian experts are as qualified to answer this question as the author of this book, Stephen Charles Kanitz. The original version of this book, written in Portuguese, became a best seller in Brazil only a month after publication. A Harvard MBA, Professor Kanitz is the editor of the Brazilian equivalent of Fortune 500, the 'Best and Biggest' yearbook published by Exame, Brazil's leading business magazine. As long ago as 1984, Professor Kanitz predicted the recession then awaiting the Brazilian economy. He is no intrinsic optimist. In this book, buttressed with masses of data, figures and examples, Professor Kanitz shows that the years of stagnation have been left behind. To take maximum advantage of this new economic boom, before competitors do, you must become aware that Brazil is ready for a new surge of growth, which will be similar in many respects to the 'economic miracle' of the seventies.

Boomtown Saloons Kelly J. Dixon,2005 Boomtown Saloons also offers an equally vivid portrait of the modern historical archaeologist who combines time-honored digging, reconstruction, and analysis methods with such cutting-edge technology as DNA analysis of saliva traces on a 150-year-old pipestem and chemical analysis of the residue in discarded condiment bottles. Dixon's sparkling text and thoughtful interpretation of both physical and documentary evidence reveal a hitherto unknown aspect of material life and culture in one of the West's most storied boomtowns and demonstrate the vital, complex social role that the traditional western saloon served in its community.--BOOK JACKET.
