*Jewels of the Middle Way* James B. Apple, 2019-02-19 *Jewels of the Middle Way* documents an important tradition of Madhyamaka and provides insight into both the late Indian Buddhist blend of Madhyamaka and tantra and the Kadampa school founded by the Indian Buddhist master Atisa. This book presents a detailed contextualization of the Madhyamaka (Middle Way) school in India and Tibet, along with translations of several texts in the Bka' gdams gsung 'bum (Collected Works of the Kadampas), recently recovered Tibetan manuscripts that are attributed to Atisa and Kadampa commentators. These translations cohere around Atisa's Madhyamaka view of the two realities and his understanding of the practice and the nature of the awakening mind. The book is organized in three parts based on the chronology of Atisa's teaching of Madhyamaka in India and Tibet: (1) Lineage Masters, the Mind of Awakening, and the Middle Way; (2) Articulating the Two Realities; and (3) How Madhyamikas Meditate. Each part focuses on a specific text, or set of texts, specifically related to Atisa's Middle Way. The authorship and date of composition for each work is discussed along with an outline of the work's textual sources followed by an analysis of the content.

*Apalachicola Valley Archaeology* Nancy Marie White, 2024-02-20 *Apalachicola Valley Archaeology* is a major holistic synthesis of the archaeological record and what is known or speculated about the ancient Apalachicola and lower Chattahoochee Valley region of northwest Florida, southeast Alabama, and southwest Georgia. Volume 1 coverage spans from the time of the first human settlement, around 14,000 years ago, to the Middle Woodland period, ending about AD 700. Author Nancy Marie White had devoted her career to this archaeologically neglected region, and she notes that it is environmentally and culturally different from better-known regions nearby. Early chapters relate the individual ecosystems and the types of typical and unusual material culture, including stone, ceramic, bone, shell, soils, and plants. Other chapters are devoted to the archaeological Paleoindian, Archaic, Woodland periods. Topics include migration/settlement, sites, artifacts and material culture, subsistence and lifeways, culture and society, economics, warfare, and rituals. White's prodigious work reveals that Paleoindian habitation was more extensive than once assumed. Archaic sites were widespread, and those societies persisted through the first global warming when the Ice Age ended. Besides new stone technologies, pottery appeared in the Late Archaic period. Extensive inland and coastal settlement is

documented. Development of elaborate religious or ritual systems is suggested by Early Woodland times when the first burial mounds appear. Succeeding Middle Woodland societies expanded this mortuary ceremony in about forty mounds. In the Middle Woodland, the complex pottery of the concurrent Swift Creek and the early Weeden Island ceramic series as well as the imported exotic objects show an increased fascination with the ornate and unusual. Native American lifeways continued with gathering-fishing-hunting subsistence systems similar to those of their ancestors. The usefulness of the information to modern society to understand human impacts on environments and vice versa caps the volume--

**Country Music Annual 2001** Charles K. Wolfe, James E. Akenson, Arthur Penn: American Director is the comprehensive biography of one of the twentieth century's most influential filmmakers. Thematic chapters lucidly convey the story of Penn's life and career, as well as pertinent events in the history of American film, theater, and television. In the process of tracing the full spectrum of his career, Arthur Penn reveals the enormous scope of Penn's talent and his profound impact on the entertainment industry in an accessible, engaging account of the well-known director's life. Born in 1922 to a family of Philadelphia immigrants, the young Penn was bright but aimless -- especially compared to his talented older brother Irving, who would later become a world-renowned photographer. Penn drifted into directing, but he soon mastered the craft in three mediums: television, Broadway, and motion pictures. By the time he made *Bonnie and Clyde* (1967), Penn was already a Tony-winning Broadway director and one of the prodigies of the golden age of television. His innovative handling of the story of two Depression-era outlaws not only challenged Hollywood's strict censorship code, it shook the foundation of studio system itself and ushered in the film revolution. His next films -- *Alice's Restaurant* (1969), *Little Big Man* (1970), and *Night Moves* (1975) -- became instant classics, summoning emotions from shock to sensuality and from confusion to horror, all of which reflected the complexity of the man behind the camera. The personal and creative odyssey captured in these pages includes memorable adventures in World War II; the chaotic days of live television; the emergence of Method acting in Hollywood; and experiences with Marlon Brando, Anne Bancroft, Warren Beatty, William Gibson, Lillian Hellman, and a host of other show business legends.

*The Oxford American Book of Great Music Writing* Marc Smirnoff, 2012-01-01 Not only have a breathtaking array of musical giants come from the South—think Elvis Presley, Robert Johnson, Louis Armstrong, Jimmie Rodgers, to name just obvious examples—but so have a breathtaking array of American music genres. From blues to rock & roll to jazz to country to bluegrass—and areas in between—it all started in the American South. Since its debut in 1996, *The Oxford American's* more-or-less annual Southern Music Issue has become legendary for its passionate and wide-ranging approach to music and for working with some of America's greatest writers. These writers—from Peter Guralnick to Nick Tosches to Susan Straight to William Gay—probe the lives and legacies of Southern musicians you may or may not yet be familiar with, but whom you'll love being introduced, or reintroduced, to. In one creative, fresh way or another, these writers also uncover the essence of music—and why music has such power over us. To celebrate ten years of Southern music issues, most of which are sold-out or very hard to find, the fifty-five essays collected in this dynamic, wide-ranging, and vast anthology appeal to both music fans and fans of great writing.

*The Book of Kadam*, 2014-05-01 The Kadam school of Tibetan Buddhism emerged in the eleventh century from the teachings of the Indian master Atisa and his principal Tibetan student, Dromtonpa. Although it no longer exists as an independent school, Kadam's teachings were incorporated into the four major schools of Tibetan Buddhism and are still prized today for their unique practical application of the bodhisattva's altruistic ideal in everyday life. One of the most cherished teachings stemming from Atisa and Dromtonpa is the collection of esoteric oral transmissions enshrined in *The Book of Kadam*. This volume includes the core texts of the *Book of Kadam*, notably the twenty-three-chapter dialogue between Atisa and Dromtonpa that is woven around Atisa's Bodhisattva's Jewel Garland, as well as complementary texts that illuminate the history and practices of the Kadam tradition.
