Bluescreen Dan Wells,2016-02-16 “Bluescreen is a stunning deluge of imagination, filled with suspense and twists and unforgettable characters. This book is just plain awesome.”—James Dashner, bestselling author of The Maze Runner From Dan Wells, author of the New York Times bestselling Partial Sequence, comes the first book in a new sci-fi-noir series. Los Angeles in 2050 is a city of open doors, as long as you have the right connections. That connection is a djinni—a smart device implanted right in a person’s head. In a world where virtually everyone is online twenty-four hours a day, this connection is like oxygen—and a world like that presents plenty of opportunities for someone who knows how to manipulate it. Marisa Carneseca is one of those people. She might spend her days in Mirador, but she lives on the net—going to school, playing games, hanging out, or doing things of more questionable legality with her friends Sahara and Anja. And it’s Anja who first gets her hands on Bluescreen—a virtual drug that plugs right into a person’s djinni and delivers a massive, nonchemical, completely safe high. But in this city, when something sounds too good to be true, it usually is, and Mari and her friends soon find themselves in the middle of a conspiracy that is much bigger than they ever suspected.

Blue Light of the Screen Claire Cronin,2020-10-13 Blue Light of the Screen is a memoir about the author's obsession with horror and the supernatural. Blue Light of the Screen is about what it means to be afraid -- about immersion, superstition, delusion, and the things that keep us up at night. A creative-critical memoir of the author's obsession with the horror genre, Blue Light of the Screen embeds its criticism of horror within a larger personal story of growing up in a devoutly Catholic family, overcoming suicidal depression, uncovering intergenerational trauma, and encountering real and imagined ghosts. As Cronin writes, she positions herself as a protagonist who is haunted by what she watches and reads, like an antiquarian in an M.R. James ghost story whose sense of reality unravels through her study of arcane texts and cursed archives. In this way, Blue Light of the Screen tells the story of the author's conversion from skepticism to faith in the supernatural. Part memoir, part ghost story, and part critical theory, Blue Light of the Screen is not just a book about horror, but a work of horror itself.

I Am Not A Serial Killer Dan Wells,2011-08-02 John Wayne Cheever keeps his obsession with serial killers in check by a set of rigid rules that he lives by, hoping to prevent himself from committing murder, but when a body turns up at a laundromat, must confront a danger outside himself.

Blue Screen Robert B. Parker,2006-06-13 Sunny Randall, Boston's leading lady gumshoe (New York Daily News), returns as hired bodyguard for the spoiled, and possibly dangerous, prize female client of a sleazy producer. This time, she gets a little help from Parker's popular character Jesse Stone, making a guest appearance here

Restart Me Up Lesley Tsina,2015-10-23 Celebrate the 20th anniversary of the greatest technological achievement known to mankind: Windows 95. (With all due respect, the telephone and nuclear fission can suck it.) This is the untold, unbelievable, largely untrue story of the creation of Windows 95. Go behind the system and meet those who made it all possible: the beleaguered programmers who became addicted to snorting Pixy Stix, the marketers who employed mass hypnosis tactics to trick the press, the violent battle to squash a literal giant bug in the code, the focus group idiots who only cared about getting pizza for lunch, and mighty god Bill Gates, who engaged in a money suitcase stand-off with Mick Jagger over the rights to Start Me Up. It's the story of how a tiny operating system patch became a multinational, mundane media phenomenon.
