*BMW 5 & 6 Series E12 - E24 - E28 -E34 Restoration Tips and Techniques* Andrew Everett,2012-10-14 A wealth of restoration tips and techniques covering E12, E24, E28, E34, 5 and 6 Series BMWs built between 1972 and 1995. Covers all models from 518 to M6. Advice is given on acquiring a good BMW 5 & 6 Series model, plus tips on restoring, engines, bodywork, trim, electrics, suspension & much more. If you have a car like this then you can save thousands as you bring it back up to specification - for your safety or as a restoration project this is the book you need. It is now 40 years since the first BMW 5 Series went down the production lines at Dingolfing. Back in 1972, only the BMW executives with the greatest of foresight could have predicted that in 2012, the 5 Series would still be in production and still be the class leader - and it's amusing to note that the latest model - the F10 520i - is also a two litre four cylinder just as those first Fives were. BMW occupies a unique position in the hearts of car buyers and enthusiasts for no other marque of car has such a wide fan base. From what are probably the finest range of cars in the world to an enjoyable secondhand car, through to concours events, track days to drifting championships plus huge clubs and countless

forums, no other manufacturer has such a huge and diverse following as BMW. The large numbers of the first three generations of the 5 Series that still survive attest to that, and this book is aimed at owners wanting to know more and pick up some useful maintenance, repair and restoration tips.

After the introduction of the 6-Series coupes at the Geneva Show in March 1976, the cars were an immediate hit with BMW fans. The cars were so popular that, over the years, with the exception of additional spoilers and a modified rear bumper wraparound (the latter in 1982), that styling remained unchanged during a production run of 16 years. Final changes came in may 1987 and the last cars were built in 1989. This book will help you find the best car for the money.
