Light, Gesture, and Color Jay Maisel,2014-10-21 Jay Maisel, hailed as one of the most brilliant, gifted photographers of all time, is much more than that. He is a mentor, teacher, and trailblazer to many photographers, and a hero to those who feel Jay's teaching has changed the way they see and create their own photography. He is a living legend whose work is studied around the world, and whose teaching style and presentation garner standing ovations and critical acclaim every time he takes the stage. Now, for the first time ever, Jay puts his amazing insights and learning moments from a lifetime behind the lens into a book that communicates the three most important aspects of street photography: light, gesture, and color. Each page unveils something new and challenges you to rethink everything you know about the bigger picture of photography. This isn't a book about f-stops or ISOs. It's about seeing. It's about being surrounded by the ordinary and learning how to find the extraordinary. It's about training your mind, and your eyes, to see and capture the world in a way that delights, engages, and captivates your viewers, and there is nobody that communicates this, visually or through the written word, like Jay Maisel. *Light, Gesture & Color* is the seminal work of one of the true photographic geniuses of our time, and it can be your key to opening another level of understanding, appreciation, wonder, and creativity as you learn to express yourself, and your view of the world, through your camera. If you're ready to break through the barriers that have held your photography back and that have kept you from making the types of images you've always dreamed of, and you're ready to learn what photography is really about, you're holding the key in your hands at this very moment.

A Marvellous Light Freya Marske,2021-11-02 An International Bestseller! Winner of the 2022 Romantic Novel Award in Fantasy! Locus Award Finalist! An Indie Next pick and LibraryReads pick—with four starred reviews! A Best of 2021 Pick for NPR | Amazon | Kobo | Barnes & Noble Red, White & Royal Blue meets Jonathan Strange & Mr Norrell in debut author Freya Marske's *A Marvellous Light*, featuring an Edwardian England full of magic, contracts, and conspiracies. Robin Blyth has more than enough bother in his life. He's struggling to be a good older brother, a responsible employer, and the harried baronet of a seat gutted by his late parents' excesses. When an administrative mistake sees him named the civil service liaison to a hidden magical society, he discovers what's been operating beneath the unextraordinary reality he's always known. Now Robin must contend with the beauty and danger of magic, an excruciating deadly curse, and the alarming visions of the future that come with it—not to mention Edwin Courcey, his cold and prickly counterpart in the magical bureaucracy, who clearly wishes Robin were anyone and anywhere else. Robin's predecessor has disappeared, and the mystery of what happened to him reveals unsettling truths about the very oldest stories they've been told about the land they live on and what binds it. Thrown together and facing unexpected dangers, Robin and Edwin discover a plot that threatens every magician in the British Isles—and a secret that more than one person has already died to keep. Light and Air Jerry W. Cotten,2017-08-31 A trailblazer for women photographers in the South, North Carolina's Bayard Wootten (1875-1959) overcame economic hardship, gender discrimination, and the obscurity of a small-town upbringing to become the state's most significant early female photographer. This advocate of equality for women combined an artistic vision of photography with determination and a love of adventure to forge a distinguished career spanning half a century. Originally trained as an artist, Wootten worked in photography's pictorial tradition, emphasizing artistic effect in her images at a time when realistic and documentary photography increasingly dominated the medium. Traveling throughout North Carolina and surrounding states, she turned the artistry of her eye and lens on the people and places she encountered. Having opened a studio in her hometown of New Bern in 1905, Wootten moved to Chapel Hill in 1928, where her clients included the University of North Carolina. Between 1932 and 1941, she also provided photographs for six books—including *Cabins in the Laurel*, *Old Homes and Gardens of North Carolina*, and *Charleston: Azaleas and Old Bricks*—lectured extensively, and exhibited her photographs as far away as New York and Massachusetts. *Light and Air* features 190 illustrations, including 136 duotone reproductions of Wootten's photographs taken in North Carolina, South Carolina, Alabama, and Tennessee—many of which have never before been published. Though she was an accomplished landscape and architectural photographer, some of Wootten's most notable images were the portraits she crafted of black and white Americans in the lower reaches of society, working people whom other photographers often ignored. These images are perhaps her most enduring legacy.

Northern Light Kazim Ali,2021-03-09 An examination of the lingering effects of a hydroelectric power station on Pimicikamak sovereign territory in Manitoba, Canada. The child of South Asian migrants, Kazim Ali was born in London, lived as a child in the cities and small towns of Manitoba, and made a life in the United States. As a man passing through disparate homes, he has never felt he belonged to a place. And yet, one day,

the celebrated poet and essayist finds himself thinking of the boreal forests and lush waterways of Jenpeg, a community thrown up around the building of a hydroelectric dam on the Nelson River, where he once lived for several years as a child. Does the town still exist, he wonders? Is the dam still operational? When Ali goes searching, however, he finds not news of Jenpeg, but of the local Pimicikamak community. Facing environmental destruction and broken promises from the Canadian government, they have evicted Manitoba's electric utility from the dam on Cross Lake. In a place where water is an integral part of social and cultural life, the community demands accountability for the harm that the utility has caused. Troubled, Ali returns north, looking to understand his place in this story and eager to listen. Over the course of a week, he participates in community life, speaks with Elders and community members, and learns about the politics of the dam from Chief Cathy Merrick. He drinks tea with activists, eats corned beef hash with the Chief, and learns about the history of the dam, built on land that was never ceded, and Jenpeg, a town that now exists mostly in his memory. In building relationships with his former neighbors, Ali explores questions of land and power?and in remembering a lost connection to this place, finally finds a home he might belong to. Praise for Northern Light An Outside Magazine Favorite Book of 2021 A Book Riot Best Book of 2021 A Shelf Awareness Best Book of 2021 "Ali's gift as a writer is the way he is able to present his story in a way that brings attention to the myriad issues facing Indigenous communities, from oil pipelines in the Dakotas to border walls running through Kumeyaay land." —San Diego Union-Tribune "A world traveler, not always by choice, ponders the meaning and location of home. . . . A graceful, elegant account even when reporting on the hard truths of a little-known corner of the world." —Kirkus Reviews "[Ali's] experiences are relayed in sensitive, crystalline prose, documenting how Cross Lake residents are working to reinvent their town and rebuild their traditional beliefs, language, and relationships with the natural world. . . . Though these topics are complex, they are untangled in an elegant manner." —Foreword Reviews (starred review)

Kwon) adventure story of a fugitive girl, a mysterious gang of robbers, and their dangerous mission to transform the Wild West. In the year of our Lord 1894, I became an outlaw. The day of her wedding, 17 year old Ada's life looks good; she loves her husband, and she loves working as an apprentice to her mother, a respected midwife. But after a year of marriage and no pregnancy, in a town where barren women are routinely hanged as witches, her survival depends on leaving behind everything she knows. She joins up with the notorious Hole in the Wall Gang, a band of outlaws led by a preacher-turned-robber known to all as the Kid. Charismatic, grandiose, and mercurial, the Kid is determined to create a safe haven for outcast women. But to make this dream a reality, the Gang hatches a treacherous plan that may get them all killed. And Ada must decide whether she's willing to risk her life for the possibility of a new kind of future for them all. Featuring an irresistibly no-nonsense, courageous, and determined heroine, *Outlawed* dusts off the myth of the old West and reignites the glimmering promise of the frontier with an entirely new set of feminist stakes. Anna North has crafted a pulse-racing, page-turning saga about the search for hope in the wake of death, and for truth in a climate of small-mindedness and fear.

Making Darkness Light Joe Moshenska,2021-09-30 'Making Darkness Light is an illumination' Adam Phillips 'His sympathetic yet challenging account will undoubtedly win Milton new readers - and for that a chorus of Hallelujahs' Spectator For most of us John Milton has been consigned to the dusty pantheon of English literature, a grim puritan, sightlessly dictating his great work to an amanuensis, removed from the real world in his contemplation of higher things. But dig a little deeper and you find an extraordinary and complicated human being. Revolutionary and apologist for regicide, writer of propaganda for Cromwell's regime, defender of the English people and passionate European, scholar and lover of music and the arts - Milton was all of these things and more. *Making Darkness Light* shows how these complexities and contradictions played out in Milton's fascination with oppositions - Heaven and Hell, light and dark, self and other - most famously in his epic poem *Paradise Lost*. It explores the way such brutal contrasts define us and obscure who we really are, as the author grapples with his own sense of identity and complex relationship with Milton. Retracing Milton's footsteps through seventeenth century London, Tuscany and the Marches, he vividly brings Milton's world to life and takes a fresh look at his key works and ideas around the nature of creativity, time and freedom of expression. He also illustrates the profound influence of Milton's work on writers from William Blake to Virginia Woolf, James Joyce to Jorge Luis Borges. This is a book about Milton, that also speaks to why we read and what happens when we choose over time to let another's life and words enter our own. It will change the way you think about Milton forever.

EBOOK: DEVELOPMENT OF INDEPENDENT READING Peter Guppy,Margaret Hughes,1998-12-16 Listening to children read, both at home and at school, has long been regarded as a vital element in the teaching of reading. However, it is a practice which is rarely examined in any detail. This book shows why it is not enough just to 'Hear Readers' and demonstrates how adult interventions should change as children's reading develops through five distinct but overlapping stages. This book explains the central importance of cues - those providers of the information which a reader uses to solve a problem word - and redefines 'the basics' by identifying the three permanent components of reading - 'Reading The Lines', 'Between The Lines' and 'Beyond the Lines'. The authors outline practical classroom activities to help children develop competence in balancing cues, highlighting the integration of meaning and phonics. This accessible book will be an invaluable resource for all adults involved in teaching reading. It provides a rationale for good practice and offers practical and adaptable materials which can be used to support initial training, Inset, workshops for classroom helpers, and parent-meetings.
