Star Wars R2-D2 is LOST! Caitlin Kennedy,2020-02-11 The droids are in for an Endor-able adventure! While C-3PO is pleased to once again be treated like a god by the Ewoks, and BB-8 is curious about his new furry companions, R2-D2 finds himself in a camping experience gone wrong when he comes across a small

Star Wars Visions: Ronin Emma Mieko Candon, 2021-10-12 A mysterious former Sith wanders the galaxy in this stunning Star Wars tale. An original novel inspired by the world of *The Duel* from the *Star Wars Visions* animated anthology. The Jedi are the most loyal servants of the Empire. Two decades ago, Jedi clans clashed in service to feuding lords. Sickened by this endless cycle, a sect of Jedi rebelled, seeking to control their own destiny and claim power in service of no master. They called themselves Sith. The Sith rebellion failed, succumbing to infighting and betrayal, and the once rival lords unified to create an Empire . . . but even an Empire at peace is not free from violence. Far on the edge of the Outer Rim, one former Sith wanders, accompanied only by a faithful droid and the ghost of a less civilized age. He carries a lightsaber, but claims lineage to no Jedi clan, and pledges allegiance to no lord. Little is known about him, including his name, for he never speaks of his past, nor his regrets. His history is as guarded as the red blade of destruction he carries sheathed at his

side. As the galaxy's perpetual cycle of violence continues to interrupt his self-imposed exile, and he is forced to duel an enigmatic bandit claiming the title of Sith, it becomes clear that no amount of wandering will ever let him outpace the specters of his former life.

Star Wars: C-3PO Does NOT Like Sand! Caitlin

What's a droid to do but have some fun in the sun? It's a good thing everyone's favorite protocol droid is on hand to keep the mission on track. But one thing is for certain, C-3PO does not like sand!

With every passing moment, the infection learns more and grows stronger - but is its goal limited to dominating mechanical intelligence? Or does the Scourge have something far

worse in mind? And what role will the droid priest Ajax Sigma play in all of this? Find out when horror comes to a galaxy far, far away! Unlikely allies must join forces to fight an invading evil in a STAR WARS epic like you've never seen before!

Doctor Aphra (Star Wars) Sarah Kuhn, 2021-04-06 Dr. Aphra teams up with Darth Vader himself in the original script to the audiobook production—an expanded adaptation of the critically acclaimed Marvel comics series. Dr. Chelli Lona Aphra, rogue archaeologist, is in trouble again. A pioneer in the field of criminal xenoarchaeology, Aphra recognizes no law, has no fear, and possesses no impulse control. To her, the true worth of the galactic relics she discovers is found not in a museum but in an arsenal. This viewpoint has led to a lot of misunderstandings. After her latest plan goes horribly wrong, Aphra’s roguish ways are on the verge of catching up to her. That’s when suddenly Darth Vader, terror of the galaxy, swoops in with his lightsaber and . . . saves her life? Don’t get her wrong—it’s not like she’s ungrateful. Sure, her new boss is a lord of the Sith. And okay, she may have just become a pawn in a deadly game being played by him and his boss, who happens to be the Galactic Emperor. And yes, the life expectancy of anyone who disappoints Vader can be measured in seconds. But she’s back doing what she does best. She’s got a

ship to fly, a heist to pull, and two unorthodox but effective metal buddies: Triple-Zero, a protocol droid specializing in etiquette, customs, translation, and torture; and BT-1, an astromech loaded with enough firepower to take down a battlecruiser. Together, they might just find a way to get the job done and avoid the deadly performance review that waits at its conclusion. Just kidding. She's doomed.
