The FIDIC Red Book Contract Christopher Seppälä, 2023-04-25 Conditions of Contract for Construction – known universally as the Red Book – published by the International Federation of Consulting Engineers (known by its French acronym FIDIC) is the most widely used standard form of international construction contract. This book is a detailed commentary on the 2022 reprint of the 2017 FIDIC Red Book. For each of the Red Book's 168 Sub-Clauses the commentary: identifies changes from the 1999 edition; analyses the meaning and significance of the Sub-Clause and lists related Sub-Clauses; describes related international arbitration awards, national court decisions and legal principles; and, where appropriate, proposes amendments to improve the Sub-Clause. As the FIDIC Yellow and Silver Books are very similar to the Red Book, much of the commentary is equally applicable to those forms of contract. The author is a FIDIC 'insider' having served for more than thirty years as Legal/Special Adviser to, or Member of, the FIDIC Contracts Committee which is responsible for preparing FIDIC's contracts. This book is an indispensable resource for all parties called on to work with a FIDIC contract. With guidance for every stage of a construction project, whether in drafting, negotiating, performing, interpreting, or administering a FIDIC contract, the book's easy-to-use structure includes such issues and topics as the following: introduction to FIDIC and its contracts and to publications of FIDIC and others relevant to the Red Book including the 2022 FIDIC Contracts Guide; critical examination of each Sub-Clause and advice for amending the same in order to better adapt it to the interests of each party (the Employer or the Contractor); special attention to each Sub-Clause relating to the Contractor's and the Employer's claims and claims procedure and to how to assert claims effectively, as well as to time bars and other pitfalls and how they may be overcome; detailed examination of Sub-Clauses relating to the referral of issues or disputes to the Dispute Avoidance/Adjudication Board and, if necessary, to international arbitration, and optimal strategies for doing so; discussion of the changes required to the 2017 Red Book by The World Bank's Conditions of Particular Application ('COPA'); reference, where appropriate, to the UNIDROIT Principles of International Commercial Contracts and trade usages; comprehensive discussion of practical issues that arise under common law, civil law and international legal principles, especially when a contract is with a state or public body; comparison of common law and civil law methods of contract interpretation and a suggested practical approach to interpretation given a FIDIC

contract's international arbitration clause; and overcoming problems that can arise when a contract is governed by the law of a less-developed country. Legal and technical terms are clearly defined, and numerous figures and tables are included to illustrate steps in contract procedures. Detailed attention is paid to terminological distinctions among the various legal traditions, including a comparison of British-English and American-English construction contract terms. Unquestionably the most detailed and thorough commentary ever published on the FIDIC Red Book, this highly practical work enables preparers of FIDIC contracts to amend and adapt the Red Book's provisions to a particular project. Dispute adjudicators, arbitrators, and judges will welcome the book's authoritative guidance on interpreting the provisions of a FIDIC contract, and engineers and other construction professionals involved in contract administration will appreciate the book's many practical features.

Collected Works of Erasmus Desiderius Erasmus, 2016-05-01 This sixth of seven volumes devoted to the Adages in the Collected

Works of Erasmus completes the translation and annotation of the more than 4000 proverbs gathered and commented on by Erasmus in his *Adagiorum Chiliades* (Thousands of Adages, usually known more simply as the *Adagia*). This volume's aim, like that of the others, is to provide a fully annotated, accurate, and readable English version of Erasmus' commentaries on these Greek and Latin proverbs, and to show how Erasmus continued to expand this work, originally published in 1508, until his death in 1536. An indication of Erasmus' unflagging interest in classical proverbs is that almost 500 of the 951 adages translated in this volume did not make their first appearance until the edition of 1533. Following in the tradition of meticulous scholarship for which the *Collected Works of Erasmus* is widely known, the notes to this volume identify the classical sources and illustrate how the content of his commentaries on the adages often reflects Erasmus' scholarly and editing interests in the classical authors at a particular time. The work was highly acclaimed and circulated widely in Erasmus' time, serving as a conduit for transmitting classical proverbs into the vernacular languages, in which many of the proverbs still survive to this day. Volume 36 of the *Collected Works of Erasmus* series.
