**The Doctrine of Salvation in the Sermons of Richard Hooker** Corneliu C. Simut,2012-02-14 This specialist work in historical theology deals with the doctrine of salvation in the early theology of Richard Hooker (1554-1600) from the perspective of the concept of faith and with Hooker's connections to the early English Reformers (W. Tyndale, J. Frith, R. Barnes, T. Cranmer, J. Bradford and J. Foxe) in crucial teachings such as justification, sanctification, glorification, election, reprobation, the sovereignty of God, and salvation of Catholics. The study proves that Hooker's theology is firstly Protestant (to counter the views which picture it as Catholic) and secondly Calvinist.

**The Amazing and Somewhat Sarcastic Tad** Tim Toterhi,2016-02-24 This is a largely ridiculous coming of age adventure book set in the 1980's. It's sure to make you chuckle and aggravate any idly standing authority figures. I apologize in advance for any counseling you may require after reading this work. Six Florida-based buddies struggle to maintain their youthful idealism as they travel to New York to stop a local mob boss from blackmailing their friend. During their quest they are guided by a talking tree; a partially invisible spirit-like substance; a hyper-galactic, Bee-ben-bobble playing number stealer; the evil corporate Zukes, and a semi-superhero called Barley Man. After navigating a series of moral dilemmas they stand ready to fight for life, love, and a big bucket of cash. A special note for "old" people: Sometimes parents forget to take their children seriously. Whether it be their emotional stability, their ideas on spirituality, or even something as simple as their tastes in music; somehow, some way, many kids get the feeling that you're just shrugging them off. Sad really. Perhaps we should enhance the dialogue. After all, kids have so much to say, and so much to ask. So chill out already. Sure the book contains some off-color humor and a few wacky philosophies, but hey look on the bright side, your kid is literate. Way to go parent people! Besides, how badly can it warp their brains? I think the Internet has that covered. Loosen the reigns. Let them dream a little. Who knows, you might decide to join them.

**Essays on Vedic and Indo-European Culture** Boris Oguibénine,1998 This book is about the cultural and religious patterns as these may be reconstructed on a twofold basis: Vedic poets views as known from the Rgveda and some old Indo-European literary sources examined in a comparative perspective. In its main bulk offers a novel approach to the Vedic theory of sacrifice from the point of view of the Vedic priest as an individual social type whose doing was conditioned by the conflict between the groups practising sacrifice as well as the tension between the patron of the sacrifice and the officiant. It also envisages the integration of the warrior into the sacrificial ritual and suggests a solution to the problem of the daksina (commonly called sacrificial priest's salary) interpreted as a materialisation of the relation between the priest, the gods invoked and the patrons of sacrifice, the daksina's function being to denote the value of the poetic word in the prayer. The book tackles also some particular issues in Vedic and Indo-European religions: the typology of the warrior, the `cooking` of the poetic word linked to the double-entendre in Vedic poetry designed as a means to solve the problem of the relative importance of the speech within sacrificial ritual and of the food offerings to the gods; the early origins of the yogic practice in Vedic times related to some Indo-European practices as disclosed in Avestan, Hittite and Latin texts.

**Whitegirl** Kate Manning,2011-07-06 I was not always a white girl. I used to be just Charlotte. A person named Charlotte Halsey. But when I met Milo, when I fell in love with him, I became White, like a lit light bulb is white. In the mirror there is my skin the color of sand, hair the color of butter, eyes blue as seawater. Just so bleachy white I am practically clear. Milo is black, what they call "Black," only not to me. To me he has mostly

been just Milo. They say lovers can find each other just by using the sense of smell; that we are all really animals in that way, no different from dogs or deer. I know it's true. I could find Milo blind in a room of men, the smell of him like pine trees in a snowy wind. I could pick him out just by the slow rising of his breath while he slept. So no, until this happened, up to the time of the assault, he was not black, not to me. He was Milo. He was my husband. – from *Whitegirl* As Kate Manning's riveting debut novel begins, a thirty-five-year-old white woman lies secluded in her home overlooking the Pacific, unable to speak, recovering from a violent assault that has nearly taken her life. Her husband, a famous black actor, is in jail for the crime. Is he guilty? She's not sure. She remembers nothing of the assault. Longing for answers, she sifts through the history of their life together, trying to determine how two people once so in love might find themselves so ruined. Charlotte Halsey and Milo Robicheaux met briefly in college in the 1970s, where she was a beautiful, troubled girl hungry for freedom, and he was the star athlete with Olympic dreams. Years later, when she is a successful model and he a famous sports hero turned actor, their paths cross again in New York City and they fall in love. But their marriage is soon fraught with tension. As Milo's celebrity skyrockets, motherhood ends Charlotte's career, leaving her increasingly alienated from the man she believed she knew so well. Jealousy and mistrust grow between them even as they strive to build a life together against increasing odds. A poignant anatomy of a marriage undone by the pressure of fame and the struggle for identity, *Whitegirl* is the arresting debut of a significant new voice in contemporary fiction.

**Richard Hooker, Reformer and Platonist** W.J. Torrance Kirby, 2016-04-08 This book explores key aspects of Richard Hooker's philosophical and theological discourse in the context of currents of thought prevalent in the 'Magisterial Reformation' of the sixteenth century. Hooker's treatment of natural law, his dependence upon the philosophical discourse and traditional cosmology of Christian Neoplatonism, and his appeal to the authority of patristic sources, are all closely examined. Challenging the received 'exceptionalist' model of much of the twentieth-century interpretation of Hooker, in particular the concept of his supposed defence of the English Reformation as striking a 'via media' between Rome and mainstream Protestant reform, W.J. Torrance Kirby argues that Hooker adheres to principles of 'magisterial' reform while building upon the assumptions of a distinctively Protestant version of Platonism.
