Vodka Boris Starling, 2011-02-04 A multi-stranded, groundbreaking Russian thriller from the bestselling British author of *Messiah* and *Storm*. In December of 1991 Moscow is a city in chaos, torn apart by gang violence and hyperinflation, its population in terror of a killer preying on children. Into this anarchy comes Alice Liddell, an American banker charged with starting the privatization process crucial to Russia's hopes of reform. But reform means hardship, and surviving the Russian winter is already too hard; Alice has only a short period to succeed before the people lose patience with the progressive government. Her target is the Red October distillery, Russia's most famous vodka producer, but Alice soon discovers that time is the least of her problems. Red October is the centrepiece of a savage mafiya war between its charismatic boss Lev and his Chechen nemesis Karkadann. Are the brutal child killings terrorizing Moscow connected to their violent conduct? How should Alice handle the discovery that Red October is riddled with corruption? And can Alice and Lev, adversaries across the negotiating table, reconcile their contradictory professional aims with their very unprofessional feelings for each other? As the characters get sucked into a vortex of violence, passion and betrayal, their struggles are no longer simply for their own aims; they are for the soul of Russia itself. Concentrated over 100 days of a Russian winter, *Vodka* is an epic thriller of taut suspense, shocking brutality and heart-pounding pace; it is a saga of rivalry and bloodshed, a searing study of addiction and adultery.

Trotsky in Tijuana Dan La Botz, 2020-08-20 In this counter-historical novel, Leon Trotsky, the Russian revolutionary, survived the assassination attempt of August 1940. To prevent another such attempt, his protector, Mexican President Lázaro Cárdenas, had him moved to the small, isolated border town of Tijuana. There Trotsky, continues to write political analyses and books and attempts to lead his worldwide revolutionary organization, the Fourth International, though he is frustrated by his isolation from the center of developments in Europe. Watching over Trotsky, among others, are his bodyguard Ralph Bucek, a young leftist and baseball fan from Chicago, and the French-educated Mexican Army officer Colonel de la Fuente. Through them Trotsky learns about his new home, Tijuana, a surprisingly cosmopolitan town. Living with his wife Natalia and his grandson Sieva, served by secretaries and protected by bodyguards, Trotsky's domestic circle is small and his life narrow. He is growing old and losing his sight. Then along

come the Broadway theatrical agent Morrie Gold and his friend the stand-up comedienne Rachel Silberstein. Trotsky's wife, Natalia, worried about his psychological well-being insists that he see the famous Freudian (and one-time Reichian) psychoanalyst Dr. David Bergman. While we observe Trotsky in exile, we also see Stalin in power, in his "Little Corner" in the Kremlin, in his dachas, with members of the Central Committee and with his daughter Svetlana. We see him planning the failed assassination of Trotsky in August 1940. In his reveries, we learn of his difficult life as a young man, his great love, his first child, his experiences in prison. We see Stalin carrying out the purges, executing the industrialization of Russia, dealing with Adolf Hitler, heading the Soviet Union in war. We watch as Stalin's anti-Semitism drives the prosecution of Rudolf Slánsky for the supposed Tito-Trotsky plot in Czechoslovakia of as he goes after the Jewish doctors in the Soviet Union. As time goes on Trotsky is surprised that that his predictions for the post-war period don't seem to be working out. One day, Étienne, the Eastern European who worked for Trotsky's International in Paris and who some believe may have murdered Trotsky's son, appears in Tijuana, offering to serve as his Russian secretary. And Trotsky's erstwhile ally Victor Serge visits and asks Trotsky to join him in an attempt to build a new socialist movement in post-war Europe. Meanwhile, Trotsky's brilliant former secretary, the mathematician Jan van Heijenoort, has sworn to murder Stalin, but the odds are not good. With the coming of the Cold War, Senator Joseph McCarthy calls on Trotsky to testify before his committee. Was it a coincidence that Stalin and Trotsky died on the same day on the same day, March 5, 1953? Through all of this we see just what sort of a man Trotsky was.

The Ultimate History of Video Games, Volume 2 Steven L. Kent,2021-08-24 The definitive behind-the-scenes history of video games' explosion into the twenty-first century and the war for industry power "A zippy read through a truly deep research job. You won't want to put this one down."—Eddie Adlum, publisher, RePlay Magazine As video games evolve, only the fittest companies survive. Making a blockbuster once cost millions of dollars; now it can cost hundreds of millions, but with a \$160 billion market worldwide, the biggest players are willing to bet the bank. Steven L. Kent has been playing video games since Pong and writing about the industry since the Nintendo Entertainment System. In volume 1 of The Ultimate History of Video Games, he chronicled the industry's first thirty years. In volume 2, he narrates gaming's entrance into the twenty-first century, as Nintendo, Sega, Sony, and Microsoft battle to capture the global market. The home console boom of the '90s turned hobby companies like Nintendo and Sega into Hollywood-studio-sized business titans. But by the end of the decade, they would face new, more powerful competitors. In boardrooms on both sides of the Pacific, engineers and executives began, with enormous budgets and total secrecy, to plan the next evolution of home consoles. The PlayStation 2,

Nintendo GameCube, and Sega Dreamcast all made radically different bets on what gamers would want. And then, to the shock of the world, Bill Gates announced the development of the one console to beat them all—even if Microsoft had to burn a few billion dollars to do it. In this book, you will learn about • the cutthroat environment at Microsoft as rival teams created console systems • the day the head of Sega of America told the creator of Sonic the Hedgehog to “f**k off” • how “lateral thinking with withered technology” put Nintendo back on top • and much more! Gripping and comprehensive, *The Ultimate History of Video Games: Volume 2* explores the origins of modern consoles and of the franchises—from Grand Theft Auto and Halo to Call of Duty and Guitar Hero—that would define gaming in the new millennium.

git sync murder Michael Warren Lucas, *Murder on the Sysadmin Express* After accidentally solving two murders, Dale Whitehead hungers to stay in his apartment, hack virtual memory stacks, and forget the whole thing. Instead, his boss sends him to a technology/sci-fi convention in Detroit. He plans to endure his stint at the vendor table, stumble through his presentation, and escape anonymously. A dead body ruins everything. Dale finds himself battling liquid nitrogen ice cream, balky network addressing schemes, the Chaos Machine, and his own reputation, while the corpses pile up. Wait to see if it happens again: Great for troubleshooting IPv6 multicast over wireless. Not so much for murder.

Have Her Over for Dinner Matt Moore, 2010-03 Let's face it, today we are inundated with articles about cooking, food, and wine in almost every part of our lives. From *The Wall Street Journal* to *Playboy*

Magazine, you'd be hard pressed not to find a commentary related to the subject of food. At a time when I'm trying to figure out my best financial opportunities or determine which girl of the SEC is the best looking, why am I being told how to cook something? The simple answer is women. Don't get me wrong, a quick glance at any men's magazine will always yield the same redundant taglines; Lose your Gut, 1001 Financial Solutions, or Score your Dream Job on the cover. However, by now the majority of writers have exhausted the subjects of health, wealth, and power as a means to attract women, and they realize that cooking is just another avenue that they can use to appeal to the wants and needs of their readers. Don't trust me? Take a stroll through the magazine aisle at your local grocery store, and you might find that even Field and Stream has gone haute-cuisine on your latest hunt. Confused by the last sentence? Good, this book is for you.

Running Dogs and Rose's Children Eric George de Jong, *Running Dogs and Rose's Children* tell the story of how Eric and wife Jenny are plunged into parenthood after adopting three siblings aged eleven, five and one after their mother died of cancer. The new family set about starting over, building a family life together from scratch, in their rambling farmhouse outside Harare, Zimbabwe. Their story was on course for a happily ever after ending, until their lives and the lives of those around them were destroyed by Robert Mugabe's war of terror, unleashed on white farmers and opposition party members, launching an era of economic, social and political turmoil which eventually saw the family fleeing the country for fear of being killed. Eric's fierce love of his country and his principles saw him immersing himself in the dangerous opposition politics of the day where elections were rigged, and fellow party members were tortured and murdered. Somehow Eric de Jong's irrepressible sense of humour bubbles throughout this absorbing, honest and deeply personal account of a growing family, of love, entrepreneurial success and failure, mental illness, political exile, and the distressing and often absurd collapse of a beautiful African country and stoicism of its people.

Kerner Bill Barnhart, 1999 As Cook County judge, Kerner reformed Illinois adoption procedure; as a two-term Democratic governor, he promoted economic development, education, mental health services, and equal access to jobs and housing; as a federal appeals court judge, he bucked the law-and-order tide of the late 1960s and protected the rights of the accused. His entire public career reflected his experiences as a decorated combat officer in World War II.--BOOK JACKET.
