Nation-Empire Sayaka Chatani, 2018-12-15 By the end of World War II, hundreds of thousands of young men in the Japanese colonies, in particular Taiwan and Korea, had expressed their loyalty to the empire by volunteering to join the army. Why and how did so many colonial youth become passionate supporters of Japanese imperial nationalism? And what happened to these youth after the war? *Nation-Empire* investigates these questions by examining the long-term mobilization of youth in the rural peripheries of Japan, Taiwan, and Korea. Personal stories and village histories vividly show youth's ambitions, emotions, and identities generated in the shifting conditions in each locality. At the same time, Sayaka Chatani unveils an intense ideological mobilization built from diverse contexts—the global rise of youth and agrarian ideals, Japan's strong drive for assimilation and nationalization, and the complex emotions of younger generations in various remote villages. *Nation-Empire* engages with multiple historical debates. Chatani considers metropole-colony linkages, revealing the core characteristics of the Japanese Empire; discusses youth mobilization, analyzing the Japanese *seinendan* (village youth associations) as equivalent to the Boy Scouts or the Hitler Youth; and examines society and individual subjectivities under totalitarian rule. Her book highlights the shifting state-society transactions of the twentieth-century world through the lens of the Japanese Empire, inviting readers to contend with a new approach to, and a bold vision of, empire study.

The Lighthouse Effect Steve Pemberton, 2021-09-28 In this stirring follow-up to his memoir, Steve Pemberton gives practical encouragement for how you can be a human lighthouse for others and through these inspiring stories will renew your hope for humanity. Our polarized, divisive culture seems to be without heroes and role models. We are adrift in a dark sea of disillusionment and distrust and we need human lighthouses to give us hope and direct us back to the goodness in each other and in our own hearts. Steve Pemberton found a lighthouse in an ordinary man named John Sykes, his former high school counselor. John gave Steve a safe harbor after Steve escaped an abusive foster home and together they navigated a new path that led to personal and professional success. Through stories of people like John and several others, you will identify how the hardships you have overcome equip you to be a human lighthouse, inspiring those around you. The humble gestures of kindness that change the course of our lives can shift the course for America too. With a unique vision for building up individuals and communities and restoring trust, *The Lighthouse Effect* opens your eyes to those who are quietly heroic. You will reflect on the lighthouses in your own life and be reminded that the greatest heroes are alongside us--and within us.

Say Nothing Patrick Radden Keefe, 2019-02-26 NEW YORK TIMES BESTSELLER • Soon to be an FX limited series streaming on HULU • From the author of *Empire of Pain*—a stunning, intricate narrative about a notorious killing in Northern Ireland and its devastating repercussions. Masked intruders dragged Jean McConville, a 38-year-old widow and mother of 10, from her Belfast home in

1972. In this meticulously reported book—as finely paced as a novel—Keefe uses McConville's murder as a prism to tell the history of the Troubles in Northern Ireland. Interviewing people on both sides of the conflict, he transforms the tragic damage and waste of the era into a searing, utterly gripping saga. —New York Times Book Review Jean McConville's abduction was one of the most notorious episodes of the vicious conflict known as The Troubles. Everyone in the neighborhood knew the I.R.A. was responsible. But in a climate of fear and paranoia, no one would speak of it. In 2003, five years after an accord brought an uneasy peace to Northern Ireland, a set of human bones was discovered on a beach. McConville's children knew it was their mother when they were told a blue safety pin was attached to the dress—with so many kids, she had always kept it handy for diapers or ripped clothes. Patrick Radden Keefe's mesmerizing book on the bitter conflict in Northern Ireland and its aftermath uses the McConville case as a starting point for the tale of a society wracked by a violent guerrilla war, a war whose consequences have never been reckoned with. The brutal violence seared not only people like the McConville children, but also I.R.A. members embittered by a peace that fell far short of the goal of a united Ireland, and left them wondering whether the killings they committed were not justified acts of war, but simple murders. From radical and impetuous I.R.A. terrorists such as Dolours Price, who, when she was barely out of her teens, was already planting bombs in London and targeting informers for execution, to the ferocious I.R.A. mastermind known as The Dark, to the spy games and dirty schemes of the British Army, to Gerry Adams, who negotiated the peace but betrayed his hardcore comrades by denying his I.R.A. past—Say Nothing conjures a world of passion, betrayal, vengeance, and anguish.

The Yellow Wallpaper Illustrated Charlotte Perkins Gilman, 2021-05-29 The Yellow Wallpaper is a short story by American writer Charlotte Perkins Gilman, first published in January 1892 in The New England Magazine.

Blood is Red Scott Sigler, 2011-05-04 A collection of eight horror stories created by New York Times best-selling novelist Scott Sigler, author of INFECTED, CONTAGIOUS and ANCESTOR. This eBook-only title features seven tales from Scott's six years of free audiobook podcasts, including the Parsec Award-winning "Red Man," plus the brand-new novella Hunter Hunter & Sons." Scott still gives away his audio stories -- for free -- every week. Stories in BLOOD IS RED: Number One with a Bullet In the high-stakes world of the National Football League, a wasted draft choice can cost careers and damage a franchise for years to come. The investigators of NFL security dig into the past of potential draft picks. When they investigate sure-fire number-one pick Eugene Patterson, however, they find far more than they want to know. Red Man To be marked as a sex offender, a pedophile, a child rapist, is to carry stigma that all but banishes you from society. And if that mark is literal -- a permanent, inoperable face tattoo -- anonymity vanishes, and all who see you know of your crime. For a man who is wrongly convicted of horrible deeds, this mark becomes his life. Red Man won the 2008 Parsec Award for Best Short Story. Wolf In the time before man, one social animal ruled the Americas. The wolf. Wolf packs roamed the continent, hunting and killing and breeding. They were the dominant species: a full wolf pack could back down any predator, even the great grizzly bears. But before any wolf ever saw the death that would walk on two legs, there came another danger ... The Great Snipe Hunt Nature abhors a vacuum. One such vacuum exists in the "urban ecologies" of our cities. From bacteria to insects, from rodents to hawks, from feral cats to the mass numbers of pigeons, plants and animals weave together a web of life that goes mostly unnoticed by humans. What is missing from this mosaic? The role of the dominant predator. Four college students set out to find this mythical creature, the "Snipe," and learn that a vacuum isn't the only thing nature abhors. Iowa Typhoon Come on, come visit Fenders Pointe, IA. We'd love to have you stop by, see the trees, smell the flowers, and relax with our Midwestern hospitality. Only, you should try to schedule

around the rainy season. If you're here when the typhoons hit, we'll be happy to welcome you as a permanent resident. Sacred Cow There is a fine line between absent-minded genius and idiot savant. Gordo Gordon keeps a foot planted firmly on either side. Father Al knows this better than anyone. Like a guardian angel, Father Al watches over Gordo and tolerates the young man's endless -- and useless -- inventions. When Gordo creates a theory to track "prayer energy," however, Father Al will find a religious secret that puts his faith to the test. Hunter Hunter & Sons Welcome to the family business. Hunter Hunter and his kin live in Slayerville, KY, making their living chasing crack-smoking ogres, peeping-tom phantoms, bail-jumping zombie pimps and the occasional rabid unicorn. They are bounty hunters that track down the netherworld's most wanted. When a methed-out vampire (and family friend) goes on a road-trip rampage, Hunter and his kin pack up the truck and follow the trail of corpses all the way to San Francisco. This reality-TV style story feels like a combination of "Dog the Bounty Hunter" meets "Ghostbusters" meets "The Beverly Hillbillies." Hunter's "war journal" is a mix of tawdry laughs and gut-churning horror. Mt. Fitzroy (first chapter) In 2005, Sigler released EARTHCORE as the world's first podcast-only novel. His fans have been waiting since then for MT. FITZROY, the second book in the trilogy. BLOOD IS RED features the first chapter of this oft-promised and long-delayed sequel. Join Patrick O'Doyle and Bertha Lybrand as they head back down below to deliver a heapin' helpin' of revenge.

Over the years, I have compiled my experiences and observations into concrete thoughts that became the foundation for this book. Here, I attempt to point out some of the roadblocks, challenges, and opportunities that await student athletes and families who pursue D-1 scholarships on the road of travel basketball This book is written for you, the parent who wants to support and advocate for your child, to prepare and equip you for success. This book is also written for you, the student athlete, as you learn to OWN the journey, and take responsibility for all YOU can do to claim the prize you seek: a scholarship and a place on a D-1 roster. I have endeavored to speak to both audiences in this book-the parent and the player. The path of D-1 sports is not an easy one, but it IS a memorable one. The Girl Who Fell S.M. Parker, 2017-02-28 When new boy in school, Alec, sweeps Zephyr off her feet, their passionate romance takes a dangerous and possessive turn when Alec begins manipulating Zephyr--

The Racial Muslim Sahar F. Aziz, 2021-11-30 Why does a country with religious liberty enmeshed in its legal and social structures produce such overt prejudice and discrimination against Muslims? Sahar Aziz's groundbreaking book demonstrates how race and religion intersect to create what she calls the Racial Muslim. Comparing discrimination against immigrant Muslims with the prejudicial treatment of Jews, Catholics, Mormons, and African American Muslims during the twentieth century, Aziz explores the gap between America's aspiration for and fulfillment of religious freedom. With America's demographics rapidly changing from a majority white Protestant nation to a multiracial, multireligious society, this book is an indispensable read for understanding how our past continues to shape our present--to the detriment of our nation's future.

The Yellow Wall-Paper Charlotte Perkins Gilman, 2024-03-21 She has just given birth to their child. He labels her postpartum depression as »hysteria.« He rents the attic in an old country house. Here, she is to rest alone - forbidden to leave her room. Instead of improving, she starts

hallucinating, imagining herself crawling with other women behind the room's yellow wallpaper. And secretly, she records her experiences. The Yellow Wall-Paper [1892] is the short but intense, Gothic horror story, written as a diary, about a woman in an attic - imprisoned in her gender; by the story. Charlotte Perkins Gilman's feminist novella was long overlooked in American literary history. Nowadays, it is counted among the classics. CHARLOTTE PERKINS GILMAN (1860-1935), born in Hartford, Connecticut, was an American feminist theorist, sociologist, novelist, short story writer, poet, and playwright. Her writings are precursors to many later feminist theories. With her radical life attitude, Perkins Gilman has been an inspiration for many generations of feminists in the USA. Her most famous work is the short story The Yellow Wall-Paper [1892], written when she suffered from postpartum psychosis.

A Song for a New Day Sarah Pinsker, 2019-09-10 WINNER OF THE NEBULA AWARD After a global pandemic makes public gatherings illegal and concerts impossible, except for those willing to break the law for the love of music--and for one chance at human connection. In the Before, when the government didn't prohibit large public gatherings, Luce Cannon was on top of the world. One of her songs had just taken off and she was on her way to becoming a star. Now, in the After, terror attacks and deadly viruses have led the government to ban concerts, and Luce's connection to the world--her music, her purpose--is closed off forever. She does what she has to do: she performs in illegal concerts to a small but passionate community, always evading the law. Rosemary Laws barely remembers the Before times. She spends her days in Hoodspace, helping customers order all of their goods online for drone delivery--no physical contact with humans needed. By lucky chance, she finds a new job and a new calling: discover amazing musicians and bring their concerts to everyone via virtual reality. The only catch is that she'll have to do something she's never done before and go out in public. Find the illegal concerts and bring musicians into the limelight they deserve. But when she sees how the world could actually be, that won't be enough.

The Transformation Myth Gerald C. Kane, Rich Nanda, Anh Nguyen Phillips, Jonathan R. Copulsky, 2021-09-28 In this business bestseller, how companies can adapt in an era of continuous disruption: a guide to responding to such acute crises as COVID-19. Gold Medalist in Business Disruption/Reinvention. When COVID-19 hit, businesses had to respond almost instantaneously--shifting employees to remote work, repairing broken supply chains, keeping pace with dramatically fluctuating customer demand. They were forced to adapt to a confluence of multiple disruptions inextricably linked to a longer-term, ongoing digital disruption. This book shows that companies that use disruption as an opportunity for innovation emerge from it stronger. Companies that merely attempt to weather the storm until things go back to normal (or the next normal), on the other hand, miss an opportunity to thrive. The authors, all experts on business and technology strategy, show that transformation is not a one-and-done event, but a continuous process of adapting to a volatile and uncertain environment. Drawing on five years of research into digital disruption--including a series of interviews with business leaders conducted during the COVID-19 crisis--they offer a framework for understanding disruption and tools for navigating it. They outline the leadership traits, business principles, technological infrastructure, and organizational building blocks essential for adapting to disruption, with examples from real-world organizations. Technology, they remind readers, is not an end in itself, but enables the capabilities essential for surviving an uncertain future: nimbleness, scalability, stability, and optionality.

Migration Narratives Stanton Wortham, Briana Nichols, Katherine Clonan-Roy, Catherine Rhodes, 2020-10-01 Migration Narratives presents an ethnographic study of an American town that recently became home to thousands of Mexican migrants, with the Mexican population rising from 125 in 1990 to slightly

under 10,000 in 2016. Through interviews with residents, the book focuses on key educational, religious, and civic institutions that shape and are shaped by the realities of Mexican immigrants. Focusing on African American, Mexican, Irish and Italian communities, the authors describe how interethnic relations played a central role in newcomers' pathways and draw links between the town's earlier cycles of migration. The town represents similar communities across the USA and around the world that have received large numbers of immigrants in a short time. The purpose of the book is to document the complexities that migrants and hosts experience and to suggest ways in which policy-makers, researchers, educators and communities can respond intelligently to politically-motivated stories that oversimplify migration across the contemporary world. This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com. It is funded by Boston College.

Strengthening Forensic Science in the United States National Research Council, Division on Engineering and Physical Sciences, Committee on Applied and Theoretical Statistics, Policy and Global Affairs, Committee on Science, Technology, and Law, Committee on Identifying the Needs of the Forensic Sciences Community, 2009-07-29 Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

The Red Bandanna (Young Readers Adaptation) Tom Rinaldi, 2018-08-14 Winner of the Christopher Award An ILA-CBC Children's Choices Book A NCSS-CBC Notable Social Studies Book Welles Crowther did not see himself as hero. He was just an ordinary kid who played sports, volunteered at his local fire department, and eventually headed off to college and then Wall Street to start a career. Throughout it all, he always kept a red bandanna in his pocket, a gift from his father. On September 11, 2001, Welles was working on the 104th floor of the South Tower of the World Trade Center when the Twin Towers were attacked. That day, Welles made a fearless choice and in doing so, saved many lives. The survivors didn't know his name, but one of them remembered a single detail clearly: the man was wearing a red bandanna. Welles Crowther was a hero. Award-winning ESPN reporter Tom Rinaldi brings Welles's inspirational story of selflessness and compassion to life in this accessible young readers' adaptation of his New York Times bestselling book. This powerful story of making a difference through our actions is perfect for helping the post-9/11 generation understand the meaning of this historic day through the eyes of one young man. "Rinaldi's young reader edition of his award-winning adult story puts a face on that day (9/11), a hero's face, and brings to young people someone who stood brave in the toughest of times and who, in the end, was lost doing his best to help others survive."—VOYA
