and teach you how to create the most sophisticated BlackBerry programs possible. With Advanced BlackBerry Development, you'll learn you how to take advantage of BlackBerry media capabilities, including the camera and video playback. Not only will you be learning how to use these application programming interfaces, but you'll also be building a program that takes full advantage of them: a wireless media-sharing app. Each chapter's lessons will be applied by enhancing the app from a prototype to a fully polished program. Along the way, yo'll learn how to differentiate your product from other downloads by fully integrating with the operating system. Your app will run in the browser and within device menus, just like software that comes with the phone. Once you are comfortable with writing apps, this book will show you how to take them to the next level. You'll learn how to move from running on one phone to running on all phones, and from one country to all countries. You'll additionally learn how to support your users with updates. No other resource compares for mastering the techniques needed for expert development on this mobile platform.

The Pope's Children David McWilliams,2011-01-11 Named for the ironic coincidence of the Irish baby boom of the 1970s, which peaked nine months to the day after Pope John Paul II's historic visit to Dublin, The Pope's Children is both a celebration and bitingly funny portrait of the first generation of the Celtic Tiger—the beneficiaries of the economic miracle that propelled Ireland from

centuries of deprivation into a nation that now enjoys one of the highest living standards in the world.

David McWilliams' The Pope's Children David McWilliams,2005-11-15 Meet The Pope's Children, the beneficiaries of Wonderbra Economics. This is the special generation, the Irish baby boom of the 1970s that peaked nine months to the day after the Pope's visit. There are 620,000 of them, squeezed into the middle and lifted up by the Expectocracy. Ireland is blurring. Out of this haze has come the Full-on Nation, the most hedonisitic generation ever. David McWilliams' brilliant research and analysis of Ireland is a celebration of success. In an easy-to-read style, he takes us to Deckland, that suburban state of mind where you will find the Kells Angels, Breakfast Roll Man, Low GI Jane and RoboPaddy. Come face to face with the You're a Star generation, Billy Bunker, fair-trade Frank, Carrot Juice Contrarians and Bouncy Castle Brendan. We also meet the HiCos, Hibernian Cosmopolitans, the new elite whose distance from Deckland is measured by appreciations and cultivations that Deckland's rampant credit just can't buy. Entertaining and informative, The Pope's Children told of the vast surge of ambition, money, optimisim and hope in Ireland during the boom.
