**1990s NFL Flashback** Matt Zeigler,2002-06-01 1990s NFL FLASHBACK focuses on the NFLs greatest performers of the decade. It features the exploits of all-time greats such as Troy Aikman, Emmitt Smith, Joe Montana, Lawrence Taylor, Jerry Rice and Steve Young. Other chapters chronicle the careers of Michael Irvin, Charles Haley, Chris Doleman, Derrick Thomas, Boomer Esiason, Marcus Allen and Morten Andersen. Also included are perspectives on the NFL Draft during the 90s, as well as the expansion of the league and relocation of teams. The AFCs trials and tribulations are covered, plus the All-Madden teams and Players of the Decade. More than 50 fifty action-packed photos assist in bringing the pro game to life.

**Right on the Numbers** Nino Frostino,2004 The basic subject of the book is to justify which athlete was the Greatest to ever wear a particular number. In my research, I listed all of the possible uniform numbers 0 to 99, took the finest athletes from the four major sports (baseball, basketball, football, and hockey), and slotted them under their appropriate uniform number. For each player, I created a mini-biography detailing their finest exploits on the field-whether it was All Star nods, championships won, records held, on-field highlights etc. Basically, I created a case for that athlete to be considered the best to ever wear the number. Among the possible uniform numbers, I've listed nearly 850 athletes for consideration and provided the accompanying biography. At the end of each section, I form a debate as to the Greatest to ever wear the number and then make a selection. After the selection is posted, I then list some quotes made by or about the athlete for the reader to gain even more insight into the player. Even if the reader is not overly concerned about the choice as to the Greatest under each uniform number, the book also serves as a wonderful reference guide. If the reader is interested in finding out more about any of the listed athletes, it's easy to look up the player and find out who he played for and what he did between the white lines. In either case, Right On the Numbers serves multiple uses and is a must have for any true sports fan.
