Impaled Barry Gremillion,2003-08 There must be a new definition for surreal. Everyday action twisted into the fantastic. The line between the surreal and the Phantasmagoric is thin. You can get Impaled upon the narrowness of this line. Mr Gremillion uses the stories of seemingly unrelated characters which he deftly sketches to paint a mythology that he owns like a singer owns a song in the perfection of its delivery. I'll call it a novel. You might call it a collection of wildly colorful stories. It doesn't matter. Like Naked Lunch it can be begun or finished on any page. This novel is intensely cinematic. It uses every variation of the quick cut and the slow-mo cross fade and stretches ideas across visions and scenes. The use of dialogue and vignette create a collage of intricate dream visions examining love and sex and mythology and tantric subconscious inner twistations all portrayed in a chilling vision of the future which is upon us now. Gremillion's language is like chunky silk that takes the mind in directions unimagined like light glancing on a bullet. Imagine Verne, Lau Tsu and Voltaire twisted in a phantom reverie.

Bowling for Communism Andrew Demshuk,2020-10-15 Bowling for Communism illuminates how civic life functioned in Leipzig, East Germany's second-largest city, on the eve of the 1989 revolution by exploring acts of urban ingenuity amid catastrophic urban decay. Andrew Demshuk profiles the creative activism of local communist officials who,

with the help of scores of volunteers, constructed a palatial bowling alley without Berlin's knowledge or approval. In a city mired in disrepair, civic pride overcame resentment against a regime loathed for corruption, Stasi spies, and the Berlin Wall. Reconstructing such episodes through interviews and obscure archival materials, Demshuk shows how the public sphere functioned in Leipzig before the fall of communism. Hardly detached or inept, local officials worked around centralized failings to build a more humane city. And hardly disengaged, residents turned to black-market construction to patch up their surroundings. Because such urban ingenuity was premised on weakness in the centralized regime, the dystopian cityscape evolved from being merely a quotidian grievance to the backdrop for revolution. If, by their actions, officials were demonstrating that the regime was irrelevant, and if, in their own experiences, locals only attained basic repairs outside official channels, why should anyone have mourned the system when it was overthrown?

Bowling Across America Mike Walsh, 2008-10-28 Inspired by his father's unexpected passing, Mike Walsh, a 27 year-old Chicago advertising executive, quits his job to embark on a one-of-a-kind quest. The destination: bowling alleys in each of the 50 states. Though dubbed career suicide by colleagues, the endeavor soon touches a nerve among many people—from frustrated middle managers to radio talk show hosts to a woman who merely identifies herself as Bowling Spice in an innuendo-laden email. Conversations and adventures with the people he finds in bowling alleys at all hours of the day and night—retired Maine lobstermen, saucy European nannies, recovering addicts, former bowling champions, college students, World War II vets and lingerie saleswomen, to name a few—combine to form a picture of what America looks like while standing in a pair of rented

shoes. Hilarious, insightful and at times moving, BOWLING ACROSS AMERICA is an epic journey that will enthrall readers everywhere.

United States Army Third Infantry Division Directorate of Morale, Welfare, and Recreation Michael D. Hughes, 2014-11-22 The objective in this work was to analyze the structure and organization in the operations of a military organization that supports one of the greatest Divisions of the United States Army, the 3rd Infantry Division. The history of Morale, Welfare and Recreation Division as it relates to civilians employees, soldiers, family members and the Ft Stewart, Hunter Army Airfield Community. Morale, Welfare, and Recreation history started on the battlefields of World War 1 were Salvation Army sisters and Red Cross volunteers ministered to the needs of soldiers. The focus of this work provided administrative aspects of public administration and its effects on military success. On October 18th, 2007 Chief of Staff of the Army General George W. Casey Jr, and Secretary of the Army Pete Green signed and unveiled the Army Family Covenant pledging to support its soldiers and families, and active guard and reserve organizations with funding programs to deliver a quality of life commensurate with their service and sacrifices to the nation. It is this commitment that propelled and motivates this organization. The Army

Morale, Welfare and Recreation exists because the United States Army states it is committed to the wellbeing of the community of people who serve and stand ready to defend the nation and enhance the lives of soldiers, their families, civilian employees and military retirees. In all organizations there will be transition, changes and improvements within their environments I hope with this work I have opened the minds and hearts of those brave men and women who love the military and the United States of America. With god on our side who can defeat us.

Disciplining Bodies in the Gymnasium Sherry Mckay,Patricia Vertinsky,2004-05-06

Architecture and design have been used to exert control over bodies, across lines of class, gender and race. They regulate access to certain spaces and facilities, impose physical or psychological barriers, and make particular activities possible for specific groups. Built in 1951, the War Memorial Gymnasium at the University of British Columbia is a prize-winning example of modernist architecture. Although conceived to honour the dead of World War II, it was far from being a neutral memorial and gymnasium for everyday athletes. This collection shows what the design, construction and shifting functions and spatial configurations of the building reveal about the values and aspirations of the university in the post-war years. It shows how the building reflected the social and power relations among university administrators, architects and planners, faculty, staff and students, and demonstrates how the culture and structure of the gymnasium responded to changing attitudes to competition, discipline, profession, gender, race and health. As the editors explain, built form has politics, and culture - sporting culture - is just politics by another name.

After Effects and Cinema 4D Lite Chris Jackson,2014-09-04 One of the most exciting new features in After Effects is the integration of Cinema 4D using the CINEWARE plug-in and a free version of Cinema 4D Lite. Both provide a wide assortment of new 3D tools and

options that are difficult or nearly impossible to achieve in After Effects alone. This book clearly demonstrates how the new 3D workflow bridges the two applications together to raise the design bar for motion graphics and broadcast design. Hands-on exercises teach you essential production skills including: Modeling in CINEMA 4D Lite Importing 3D models in After Effects Tracking 3D motion in After Effects Compositing with CINEWARE Using MoGraph features in CINEMA 4D Rendering and optimization techniques Additional online materials include project files and videos showcasing the techniques covered in the book. The Manager's Employee Engagement Toolbox Peter R. Garber, 2013-11-29

Everyone knows engaged employees are happier and improve the workforce. But engaged employees improve their managers' lives, too! Employee engagement has gotten the rap of being something nice to do, not something that can produce results. You need to reverse that perception in your organization by becoming an engaged leader yourself. Align your management style with ways to improve your workforce. Assess how you lead and what that says about engagement levels. Learn what's in it for you after you successfully engage your employees.
