**The Arc of Boxing** Mike Silver,2012-09-21 Are today's boxers better than their predecessors, or is modern boxing a shadow of its former self? Boxing historians discuss the socioeconomic and demographic changes that have affected the quality, prominence and popularity of the sport over the past century. Among the interviewees are world-renowned scholars, some of the sport's premier trainers, and former amateur and professional world champions. Chapters cover such topics as the ongoing deterioration of boxers' skills, their endurance, the decline in the number of fights and the psychological readiness of championship-caliber boxers. The strengths and weaknesses of today's superstars are analyzed and compared to those of such past greats as Joe Louis, Sugar Ray Robinson, Jack Dempsey and Jake LaMotta.

**The Book of Boxing** W. C. Heinz,2003-02 Throughout its history, boxing has thrilled, outraged and elevated fans with its intoxicating combination of primal violence, gutwrenching drama and stirring courage. That potent mix has attracted many of the world's finest writers. The Book of Boxing is a collection of their most powerful efforts.

The Boxers of Youngstown Ohio Craig Snyder,2018-02-28 The Boxers of Youngstown, Ohio: Boxing Capital of the World is a book that lists all the men who have entered into professional boxing since boxing's beginnings in Youngstown, Ohio in 1891. When researching these boxers, I was so humbled to find the tremendous careers that

most of these men had. The book details the careers of these boxers, many of whom have become overlooked legends of their day. Its primary purpose is to shed light on these men who have sacrificed so much to become professional boxers in a town that is undeniably the Boxing Capital of the World-Youngstown, Ohio. **Boxing** Kasia Boddy, 2013-06-01 Boxing is one of the oldest and most exciting of sports: its bruising and bloody confrontations have permeated Western culture since 3000 BC. During that period, there has hardly been a time in which young men, and sometimes women, did not raise their gloved or naked fists to one other. Throughout this history, potters, sculptors, painters, poets, novelists, cartoonists, song-writers, photographers and film-makers have been there to record and make sense of it all. In her encyclopaedic investigation, Kasia Boddy sheds new light on an elemental sports and struggle for dominance whose weapons are nothing more than fists. Boddy examines the shifting social, political and cultural resonances of this most visceral of sports, and shows how from Daniel Mendoza to Mike Tyson, boxers have embodied and enacted our anxieties about race, ethnicity, gender and sexuality. Looking afresh at everything from neoclassical sculpture to hip-hop lyrics, Boxing explores the way in which the history of

boxing has intersected with the history of mass media, from cinema to radio to pay-per-view. The book also offers an intriguing new perspective on the work of such diverse figures as Henry Fielding, Spike Lee, Charlie Chaplin, Philip Roth, James Joyce, Mae West, Bertolt Brecht, and Charles Dickens. An all-encompassing study, *Boxing* ultimately reveals to us just how and why boxing has mattered so much to so many.

*There Will Always Be Boxing* Thomas

Boxing in America David L. Hudson Jr., 2012-06-21

This book presents a sweeping view of boxing in the United States and the influence of the sport on American culture. Boxing has long been a popular fixture of American sport and culture, despite its decidedly seedy side (the fact that numerous boxing champions acquired their skills in prison or reform schools, the corruption and greed of certain boxing promoters, and the involvement of the mob in fixing the outcome of many big fights). Yet boxing remains an iconic and widely popular spectator sport, even in light of its decline as a result of the recent burgeoning interest in mixed martial arts (MMA) contests. What had made this sport so enthralling to our nation for such a long period of time? This book contains much more than simple documentation of the significant dates, people, and bouts in the

history of American boxing. It reveals why boxing became one of America's leading spectator sports at the turn of the century and examines the factors that have swayed the public's perception of it, thereby affecting its popularity. In *Boxing in America*, the author provides a compelling view of not only the pugilist sport, but also of our country, our sources of entertainment, and ourselves.

A History of Women's Boxing Malissa

Smith, 2014-06-05 Records of modern female boxing date back to the early eighteenth century in London, and in the 1904 Olympics an exhibition bout between women was held. Yet it was not until the 2012 Olympics—more than 100 years later—that women's boxing was officially added to the Games. Throughout boxing's history, women have fought in and out of the ring to gain respect in a sport traditionally considered for men alone. The stories of these women are told for the first time in this comprehensive work dedicated to women's boxing. *A History of Women's Boxing* traces the sport back to the 1700s, through the 2012 Olympic Games, and up to the present. Inside-the-ring action is brought to life through photographs, newspaper clippings, and anecdotes, as are the stories of the women who played important roles outside the ring, from spectators and judges to managers and trainers. This book includes extensive profiles of the sport's pioneers, including Barbara Buttrick whose plucky carnival shows launched her professional boxing career in the 1950s; sixteen-year-old Dallas Malloy who single-handedly overturned the strictures against

female amateur boxing in 1993; the famous “boxing daughters” Laila Ali and Jacqui Frazier-Lyde; and teenager Claressa Shields, the first American woman to win a boxing gold medal at the Olympics. Rich in detail and exhaustively researched, this book illuminates the struggles, obstacles, and successes of the women who fought—and continue to fight—for respect in their sport. *A History of Women’s Boxing* is a must-read for boxing fans, sports historians, and for those interested in the history of women in sports.

**The Boxing Kings** Paul Beston, 2017-09-08 For much of the twentieth century, boxing was one of America’s most popular sports, and the heavyweight champions were figures known to all. Their exploits were reported regularly in the newspapers—often outside the sports pages—and their fame and wealth dwarfed those of other athletes. Long after their heyday, these icons continue to be synonymous with the “sweet science.” In *The Boxing Kings: When American Heavyweights Ruled the Ring*, Paul Beston profiles these larger-than-life men who held a central place in American culture. Among the figures covered are John L. Sullivan, who made the heavyweight championship a commercial property; Jack Johnson, who became the first black man to claim the title; Jack Dempsey, a sporting symbol of the Roaring Twenties; Joe Louis, whose contributions to racial tolerance and social progress transcended even his greatness in the ring; Rocky Marciano, who became an embodiment of the American Dream; Muhammad Ali, who took on the U.S. government and revolutionized professional

sports with his showmanship; and Mike Tyson, a hard-punching dynamo who typified the modern celebrity. This gallery of flawed but sympathetic men also includes comics, dandies, bookworms, divas, ex-cons, workingmen, and even a tough-guy-turned-preacher. As the heavyweight title passed from one claimant to another, their stories opened a window into the larger history of the United States. Boxing fans, sports historians, and those interested in U.S. race relations as it intersects with sports will find this book a fascinating exploration into how engrained boxing once was in America's social and cultural fabric.

**Come Out Swinging** Lucia Trimbur, 2013-08-25 A nuanced insider's account of everyday life in the last remaining institution of New York's golden age of boxing Gleason's Gym is the last remaining institution of New York's Golden Age of boxing. Jake LaMotta, Muhammad Ali, Hector Camacho, Mike Tyson—the alumni of Gleason's are a roster of boxing greats. Founded in the Bronx in 1937, Gleason's moved in the mid-1980s to what has since become one of New York's wealthiest residential areas—Brooklyn's DUMBO. Gleason's has also transformed, opening its doors to new members, particularly women and white-collar men. *Come Out Swinging* is Lucia Trimbur's nuanced insider's account of a place that was once the domain of poor and working-class men of color but is now shared by rich and poor, male and female, black and white, and young and old. *Come Out Swinging* chronicles the everyday world of the gym. Its diverse members train, fight, talk, and socialize together. We meet amateurs for whom boxing is a

full-time, unpaid job. We get to know the trainers who act as their father figures and mentors. We are introduced to women who empower themselves physically and mentally. And we encounter the male urban professionals who pay handsomely to learn to box, and to access a form of masculinity missing from their office-bound lives. Ultimately, *Come Out Swinging* reveals how Gleason's meets the needs of a variety of people who, despite their differences, are connected through discipline and sport.

The 12 Greatest Rounds of Boxing Ferdie Pacheco, 2000 Muhammad Ali's personal physician and broadcaster Ferdie Pacheco recounts pivotal moments from boxing history, from The Long Count in the Dempsey-Tunney match of 1927 to turning points of both Ali and Sonny Liston championship battles. Color photos.

**Boxing's Strangest Fights** Graeme Kent, 2015-06-04 That boxing has always attracted colourful, larger-than-life figures is amply borne out by the bizarre collection of true stories gathered together in this fascinating book. Bringing together the rich history and folklore of the fight game, Graeme Kent, who first became interested in boxing after listening to the tales of his sporting grandmother, has amassed over a hundred events in over 250 years of the sport. These intriguing stories include that of the two boxers who scored a double knockout; the bout in which four different decisions were given, and the strange tale of the boxer who had part of his ear bitten off, as well as many other besides. In compiling this collection Graeme Kent has

interviewed many fighters and followers of boxing, and the funny and sometimes tragic tales recounted here provide a rich and offbeat alternative history of this ever-popular sport.

**The Art of Boxing** Georges Carpentier, 1926

**Beau Jack** Robert Mullins, 2019-12-04 Among the great lightweights of the 1940s and 1950s, Boxing Hall of Famer Sidney Beau Jack Walker (1921-2000) was virtually orphaned by his parents and eked out a living as a shoeshine boy. He honed his craft fighting battles royale for wealthy white members of the prestigious Augusta National Golf Club, eventually receiving financing for his career from club founders. He went on to win two lightweight titles and set numerous records. He was the draw for the highest admission paid for a ringside seat--\$100,000--and was named Fighter of the Year in 1944. Like most black pugilists of his day he struggled against discrimination in the sport. Despite this, he sustained an impressive 18-year professional career--117 fights, 83 wins, 40 by KO. Walker retired from the ring penniless and went back to shining shoes, the money set aside for him by his handlers mysteriously depleted.

**Willie Pep vs. Sandy Saddler** Doug

Werner, 2014-07-01 Any discussion of great boxers must include Willie Pep and Sandy Saddler--midcentury featherweight champions whose heroics electrified the fistic world then and reverberate today. This book explores the boxing lives of both pugilists--early years, fighting years, training and conditioning, historical context, life after boxing, and, of course, the lasting controversy over their rivalry and legacy.

Pep recorded 229 wins, only 11 losses and one draw over a pro career that spanned three decades. He won the featherweight crown twice. Sandy Saddler's record of 144-16-2 includes an amazing 103 knockouts. He also won the title twice and retired an undefeated featherweight champion. Their four title bouts are an epic showcase of contrasts. Pep was the exquisite dancer/boxer, a wildly popular Italian American personality who made his opponents miss and scored at will. Saddler was a curious blend of unprepossessing menace—a tall, thin, black American banger who pressed and brutalized with singular leveraged force. Their matchups had it all: contrasting styles, dazzling skills, hard punching, splendid action, ridiculous brawling, heroic victories and crashing defeats. Included in this book are Pep's plane crash and recovery as well as the legal wrangling with Newsweek over his boxing reputation. Saddler's ongoing slight in boxing history and secondary status with Pep is examined under fresh light. The text is highlighted with several images of both fighters that bring to life the fierce glory of professional boxing in the 1940s and 50s.

*Metro Detroit Boxing* Lindy Lindell, 2001 Boxing seemed to spring up in Detroit as early as 1900: heavyweight champ Jim Jeffries and future heavyweight champ Tommy Burns fought that year. With the emergence of Joe Louis in the 1930s and Thomas Mearns in the late 1970s, Motown enjoyed surges of interest in the sport. At the dawn of a new millenium, the presence of three casinos has given the sport another revival of interest in the city. *Metro Detroit Boxing* showcases over 180

photographs that reveal not only the personalities who have enlivened the sport in the Detroit area, but also the places in which boxers, trainers, managers, and promoters fought, trained, lived, worked, and recreated. Photographs include where Joe Louis went to school, trained, and fought. Various boxing celebrities, including Muhammad Ali, are caught for the camera, socializing with eminent politicians and other figures of the day.

Boxing's G.O.A.T. Jon M. Fishman, 2021-08-01 It's time to enter the ring and meet the greatest boxers of all time! Readers will learn about the sport and look at exciting facts and stats presented in an engaging top-10 format.

**Corruption in Professional Boxing** United States. Congress. Senate. Committee on Governmental Affairs. Permanent Subcommittee on Investigations, 1993

**The Fearless Harry Greb** Bill Paxton, 2013-06-07 The legendary Harry Greb stepped into the ring more than 300 times from 1913 to 1926, defeated opponents who outweighed him by more than 30 pounds, held the middleweight and light heavyweight titles and beat every Hall of Fame boxer he ever fought. Dubbed "the Pittsburgh Windmill" because of his manic, freewheeling style in the ring, Greb also crossed racial lines, taking on all comers regardless of color. An injury in the ring led to Greb's gradually going blind in one eye and should have ended his career, but he kept his condition secret and fought on. Tragically, the indomitable fighter would be dead by the age of 32, felled by complications during minor surgery. This biography of one of the

toughest boxers of all time includes interviews, family recollections, modern doctors' analyses of Greb's eye injury and more than 120 rare photographs, as well as a complete fight record and round-by-round descriptions of his most famous fights.

Falling Hard Chris Jones, 2001 In *Falling Hard: A Rookie's Year in Boxing*, Chris Jones recounts his first year at ringside. He gets dressed down by Don King, gambles his way through Vegas, meets the troubled guy who found Evander Holyfield's ear, goes to Muhammad Ali's birthday party, and witnesses Prince Naseem Hamed explode while Mike Tyson implodes. Like the sport itself, *Falling Hard* is equal measures of victory and defeat – an intoxicating combination that leaves Jones down for the count more than once. Determined to stay objective, he instead becomes addicted to boxing's special brand of pain, and what begins as a simple curiosity soon escalates into an unhealthy obsession. Jones writes with the rhythm of the sport he covers: hard and fast, with the drama of fiction but the truth of journalism. Sometimes humorous, always suspenseful, *Falling Hard* is a travelogue for the fight game, boxing distilled to its essence by sportswriting's newest star.

**A Neutral Corner** A. J. Liebling, 2016-09-13 Fifteen previously unpublished boxing pieces written between 1952 and 1963. Demonstrating A.J. Liebling's abiding passion for the sweet science of boxing, *A Neutral Corner* brings together fifteen previously unpublished pieces written between 1952 and 1963. Antic, clear-eyed, and wildly entertaining, these essays showcase a The

New Yorker journalist at the top of his form. Here one relives the high drama of the classic Patterson-Johansson championship bout of 1959, and Liebling's early prescient portrayal of Cassius Clay's style as a boxer and a poet is not to be missed. Liebling always finds the human story that makes these essays appealing to aficionados of boxing and prose alike. Alive with a true fan's reverence for the sport, yet balanced by a true skeptic's disdain for sentiment, *A Neutral Corner* is an American treasure.
