Learn how to fight better and end your arguments with your partner feeling closer, more loved, and better understood. We take our cars in for oil changes. We mow our lawns and pull weeds. With the help of their marriage coach Dr. Christopher Edmonston, they break down their biggest (and in some cases, funniest) fights. With their trademark sense of humor and complete vulnerability, Penn and Kim share their 10 most common Fight Fails and how to combat them. Throughout the book, they offer scripts for how to start, continue, and successfully close hard conversations. Couples will emerge equipped to engage and understand, not do battle—and maybe laugh a little more along the way. In Everybody Fights, couples will learn how to: Use magic words for healthy conflict resolution Address unspoken and unrealistic expectations Banish the three Ds of unhealthy communication—distraction, denial, and delay Carry individual baggage while helping your partner deal with theirs Penn and Kim want you to know you're not alone. **Voices of Social Education** Bernardo E. Pohl, Cameron White, Christine Beaudry,2021-02-01 There is only one place where social education can occur and flourish: through the voices that create a pedagogy of change. And it is these voices where the most exciting and provocative moments can occur for those of us who are passionate about education, teaching, social justice, equity, and love. As such, social education is a journey—an endeavor that makes us savor the experience of the journey more than the destination. And social education is a journey that is enhanced through educator and student voices because it occurs in the most important spaces of our personal and professional lives. It occurs in the hallways of the schools we teach, in the staff meetings we attend, in the mountain villages we venture to visit, in the places we work, and in the spaces we occupy. Moreover, social education is a unique kind of journey because it is a human experience that seldom occurs alone. It happens with our colleagues and our loved ones. It happens with our students, administrators, and other professionals who are fighting for the same things that we so fervently believe. In the end, social education occurs and flourishes in the trenches because it is the active pursuit of getting our

hands dirty in our endless pursuit for a better and more just world. Social education is also a narrative, which takes on a different meaning for each one of us. This is because sooner or later each person that embarks into the journey of social education develops its own personal definition of what social education entails through his or her own personal landscape and knowledge. This personal landscape has been evolving since we were very young with some of the best examples of human courage and tenacity in the fight for social justice. Voices of Social Education: A Pedagogy of Change is a collection of personal stories. In this volume, academics, teachers, students, activists, and artists share their personal stories of triumph, tribulations, and courage in their daily fight for social justice and equality. The term social education is not defined as a set number of guidelines or a specific definition; we give the term an organic fluency to stress that social education is a point of encounter--a common space-- where we can share with each other our experiences, values, and culture to form a more genuine and just social experience.

Little Fires Everywhere Celeste Ng, 2017-09-12 The #1 New York Times bestseller! “Witty, wise, and tender. It's a marvel.” —Paula Hawkins, author of The Girl on the Train and A Slow Fire Burning “To say I love this book is an understatement. It's a deep psychological mystery about the power of motherhood, the intensity of teenage love, and the danger of perfection. It moved me to tears.” —Reese Witherspoon From the bestselling author of Everything I Never Told You and Our Missing Hearts comes a riveting novel that traces the intertwined fates of the picture-perfect Richardson family and the enigmatic mother and daughter who upend their lives. In Shaker Heights, a placid, progressive suburb of Cleveland, everything is planned—from the layout of the winding roads, to the colors of the houses, to the successful lives its residents will go on to lead. And no one embodies this spirit more than Elena Richardson, whose guiding principle is playing by the rules. Enter Mia Warren—an enigmatic artist and single mother—who arrives in this idyllic bubble with her teenaged daughter Pearl, and rents a house from the Richardsons. Soon Mia and Pearl become more than tenants: all four Richardson children are drawn to the mother-daughter pair. But Mia carries with her a mysterious past and a disregard

for the status quo that threatens to upend this carefully ordered community. When old family friends of the Richardsons attempt to adopt a Chinese-American baby, a custody battle erupts that dramatically divides the town—and puts Mia and Elena on opposing sides. Suspicious of Mia and her motives, Elena is determined to uncover the secrets in Mia’s past. But her obsession will come at unexpected and devastating costs. **The Lives of Tao** Wesley Chu,2013-04-30 Goodreads Choice Finalist for Science Fiction A pizza-loving slacker becomes the host of an ancient alien—and a pawn in an ongoing alien war—in this “science fiction romp” full of wit and humor (Huffington Post) When out-of-shape IT technician Roen woke up and started hearing voices in his head, he naturally assumed he was losing it. He wasn’t. He now has a passenger in his brain—an ancient alien life-form called Tao, whose race crash-landed on Earth before the first fish crawled out of the oceans. Now split into two opposing factions—the peace-loving, but under-represented Prophus, and the savage, powerful Genjix—the aliens have been in a state of civil war for centuries. Both sides are searching for a way off-planet, and the Genjix will sacrifice the entire human race, if that’s what it takes. Meanwhile, Roen is having to train to be the ultimate secret agent. Like that’s going to end up well.
