**Breathalyzer** K. Silem Mohammad, 2008 Poetry. Goofy, weird, beyond funny, wise, wicked, K. Silem Mohammad is the exorcist giving us all a ride home. Beyond the pale, right with it, he's my poet laureate for our frightening state of the union--Linh Dinh. They say Auden was the first poet to be truly at home in the modern world. Mohammad is the first to be utterly unimaginable in any other. His poems communicate a total, infectious joy at being alive today, in our F'ed-up pluriverse of words and deeds. F in this case being flarf, a four-letter word for our time - Benjamin Friedlander. Be sure to check out Mohammad's previous titles A THOUSAND DEVILS and DEAR HEAD NATION, both currently available from SPD.

**Transportation Statistics and Microsimulation** Clifford Spiegelman, Eun Sug Park, Laurence R. Rilett, 2010-10-18 By discussing statistical concepts in the context of transportation planning and operations, Transportation Statistics and Microsimulation provides the necessary background for making informed transportation-related decisions. It explains the why behind standard methods and uses real-world transportation examples and problems to illustrate key concepts. The Tools and Methods to Solve Transportation Problems Classroom-tested at Texas A&M University, the text covers the statistical techniques most frequently employed by transportation and pavement professionals. To familiarize readers with the underlying theory and equations, it contains problems that can be solved using statistical software. The authors encourage the use of SAS's JMP package, which enables users to interactively explore and visualize data. Students can buy their own copy of JMP at a reduced price via a postcard in the book. Practical Examples Show How the Methods Are Used in Action Drawing on the authors' extensive application of statistical techniques in transportation research and teaching, this textbook explicitly defines the underlying assumptions of the techniques and shows how they are used in practice. It presents terms from both a statistical and a transportation perspective, making conversations between transportation professionals and statisticians smoother and more productive.

New York Evidence Handbook Michael M. Martin, Daniel J. Capra, Faust F. Rossi, 2003-01-01 If you litigate or preside in any court in the state of New York, you know just how confounding the state's evidence law can be. New York Evidence Handbook is the new, comprehensive guide to all of the rules and principles of evidence applicable in New York courts. This new 1,000+ page handbook presents a practical, contemporary approach to evidence -- written with the real-world challenges of the New York trial lawyer and judge in mind. It gathers into one, easy-to-use handbook all of the rules, the leading decisions and the significant statutes you need to consider when assessing the admissibility of evidence. The book walks you through all the rules and their operation (as they relate to judicial notice, presumptions, relevance, the best evidence rule, etc.), discussing all of the leading authorities and citing numerous trial examples. Throughout New York Evidence Handbook, special attention is paid to helping you quickly solve commonly encountered, but difficult, evidence questions.

*The "Mobile You" Breathalyzer* Daniel W. Baack, Eric G. Harris, Donald Baack, 2016 The X275 Mobile You Breathalyzer is a portable, handheld breathalyzer device made by Youtoi Industries of Japan. Following successful marketing of the product in Japan, the company is expanding its focus to Germany. This case study presents a comparison of the Japanese and German markets and asks readers to consider how Youtoi should conduct its market research and whether it will be as successful in Germany as in Japan.

*Alcohol* Roman Espejo, 2012-12-17 Whether adults realize it or not, the world we portray shows children and teens that alcohol is an important part of enjoying life. It is only natural during the years a teen is exerting rights

and seeking independence, that they'd want to try what we inundate them with in messaging as a good time. This fact of life is what leads us to the controversial, contentious, and never-ending debate on teen rights and alcohol. This collection of essays analyzes many issues related to alcohol, including the national minimum drinking age, the liability of adult hosts of social gatherings where minors are served alcohol, the prospect of a graduated alcohol licensing system that would loosen restrictions for people aged 18 to 20, and the growing trend of mandatory alcohol testing at high school dances.

**Criminal Procedure** Matthew Lippman,2022-05-13 This contemporary, comprehensive, case-driven book from award-winning teacher Matthew Lippman covers the constitutional foundation of criminal procedure and includes today's most recent legal developments and decisions.

**Age, Alcohol, and Simulated Altitude** William Edward Collins,1988 Trained men in two groups, 30-39 (n=12) and 60-69 (n=13), each performed at the Multiple Task Performance Battery (MTPB) in four separate full-day sessions with and without alcohol (2.2 mL of 100-proof vodka per kg of body weight) at ground level and at a simulated altitude of 12,500 ft (3810 m). Subjects breathed appropriate gas mixtures through oxygen masks at both ground level and altitude. Mean breathalyzer readings peaked near 88 mg % and did not differ between age groups or altitude conditions. Younger subjects performed better than older subjects; performance of both age groups was significantly impaired by alcohol, but these adverse effects were greater for the older subjects. No significant effects on performance were obtained due to altitude or to the interaction of altitude with alcohol. These results and those from several other studies suggest that prevalent views regarding the nature of the combined effects of alcohol and altitude on blood levels and on performance need to be redefined. Keywords: Intoxication, Performance(Human).

**Minnesota's Double-barrelled Implied Consent Law** Forst Lowery,1984 To ensure that a driver's license is revoked promptly when a test shows an alcohol concentration of 0.10 or more, regardless of court outcome or plea bargaining on the criminal charge, Minnesota adopted an administrative revocation law 1976, adding to the conventional implied consent revocation for refusing to take the test. This law was unique to Minnesota until 1981 when two other jurisdictions passed similar laws. In 1982 three more, and in 1983 thirteen more states established similar prompt revocation on test result systems. The author describes the Minnesota law as amended in 1982 and discusses legal and constitutional issues. Effect on apprehension rates, swiftness of sanction, deterrence and perceived risk are analyzed. The author concludes that a two-track DWI control system employing both prompt administrative driver license sanctions on one track and conventional court action on a related but not directly connected parallel criminal track enhances deterrence through more certain, swift penalty, perceived by drivers as severe.

Don't Let It Happen Eric L. Adams,2009-08 Don't Let It Happen is a life saving resource, designed to assist parents in detecting when their children are involved in an activity that can be harmful to themselves and/or other family members. Far too often, we take note when a young adult engages in harmful behavior, but we may not realize the broader impact their actions can have. As I will point out throughout this book, a young adult's actions can mean the difference between life and death for an entire family. This book is primarily for law-abiding citizens trying to raise their children and support their families. I hope it acts as a life raft in a sea of confusion. Read it and take the first steps toward personal safety for you and your children. After completing a distinguished 22-year career in the NYPD, Captain Eric Adams retired and was elected to the New York State Senate by the residents of the 20th Senatorial District in Brooklyn, NY. As a Captain in the NYPD, Eric Adams became well-known to New Yorkers as a thoughtful and tireless advocate. Currently, Senator Eric Adams serves as Chairman of the Veterans, Homeland Security, and Military Affairs Committee and Chairman of the Racing, Gaming, and Wagering Committee. He is a member of the Finance, Judiciary, Banks, Consumer Protection, and Energy and Telecommunications Committees. Eric Adams is also a co founder of 100 Blacks in Law Enforcement Who Care. A civil rights organization made up of law enforcement officials who dedicated their own time and resources to address issues such as: child abuse, gang awareness, police misconduct, racial profiling, youth violence and domestic violence. He received his Masters Degree in Public Administration from Marist College, and is a graduate of New York City Technical College and John Jay College of Criminal Justice
