A Manual for Creating Atheists Peter Boghossian,2014-07-01 For thousands of years, the faithful have honed proselytizing strategies and talked people into believing the truth of one holy book or another. Indeed, the faithful often view converting others as an obligation of their faith—and are trained from an early age to spread their unique brand of religion. The result is a world broken in large part by unquestioned faith. As an urgently needed counter to this tried-and-true tradition of religious evangelism, **A Manual for Creating Atheists** offers the first-ever guide not for talking people into faith—but for talking them out of it. Peter Boghossian draws on the tools he has developed and used for more than 20 years as a philosopher and educator to teach how to engage the faithful in conversations that will help them value reason and rationality, cast doubt on their religious beliefs, mistrust their faith, abandon superstition and irrationality, and ultimately embrace reason.

My Brilliant Career Miles Franklin,2012-01-01 'This is not a romance - I have too often faced the music of life to the tune of hardship to waste time in snivelling and gushing over fancies and dreams; neither is it a novel, but simply a yarn - a real yarn. First published in 1901, this Australian classic is the candid tale of the aspirations and frustrations of sixteen-year-old Sybylla Melvin, a headstrong country girl constrained by middle-class social arrangements, especially the pressure to marry. Trapped on her parents' outback farm, Sybylla simultaneously loves bush life and hates the physical burdens it imposes. She longs for a more refined lifestyle - to read, to think, to sing - but most of all to do great things. Suddenly her life is transformed when she is whisked away to live on her grandmother's gracious property. There Sybylla falls under the eye of the rich and handsome Harry Beecham. Soon she finds herself choosing between everything a conventional life offers and her own plans for a 'brilliant career'.
