Sisterchicks Go Brit! Robin Jones Gunn, 2009-02-19 Cheerio, Sisterchicks! SISTERCHICK® n: a friend who shares the deepest wonders of your heart, loves you like a sister, and provides a reality check when you're being a brat. Two midlife mamas hop over to jolly ole England and encounter so much more than the usual tourist stops. Liz does have a bit of a childhood crush on Big Ben, and she has hoped to "meet" him ever since her fifteenth birthday. Kellie dreams of starting an interior design business and figures Liz needs to be a part of that equation—a calculation that hasn't added up for Liz yet. Nothing on the excursion goes the way these two friends had envisioned. They start with a village pancake race and end up being held for questioning on The Underground. Kellie and Liz take a wild tour through the land of C. S. Lewis and J. R. R. Tolkien and then find themselves swept up, up, and away in a hot air balloon over the Cotswolds. London beckons with the Tower of London, Windsor Castle, shopping at Portabella Road in Notting Hill, and of course, reservations at the Ritz for a posh high tea. A few detours along the way and the possibility of being lost in a London fog of wonderment aren't enough to stop these two Sisterchicks! Each step of their regal journey is lined with evidence of God's gracious compassion, and both come to realize that God knows their every wish. He is the One who planted every dream in their hearts. And, oh, what a surprise awaits them when they return home!

British Daddy To Go S.E. Law, His accent makes me go so hot inside. I'm an assistant tailor at a men's clothing store. It's my job to hem shirtsleeves, put on buttons, and cut lapels for custom suits. One day, Sean Jones walks into the store. He's a gorgeous British billionaire with jet black hair, piercing blue eyes, and a hardened body like a warrior. As the tailor, it's my job to ask him if he "hangs" left or right in his pants. But Mr. Jones doesn't want to tell me. He wants to SHOW me! OMG. The alpha male can't be serious. But he is ... especially when it comes to giving me a baby! Maggie gets the client of a lifetime when she meets the dashing, domineering Sean Jones. He has an accent that makes her sparkle inside, as well as an inseam that would make the average woman's mouth open in surprise! But our sassy heroine knows exactly what she's doing and gives the OTT alpha male a run for his money. As always, there's a baby in the end and lots of laughter and surprises. No cheating, no cliffhangers, and always an HEA for my readers.

Go-Betweens for Hitler Karina Urbach, 2015-07-23 This is the untold story of how some of Germany's top aristocrats contributed to Hitler's secret diplomacy during the Third Reich, providing a direct line to their influential contacts and relations across Europe — especially in Britain, where their contacts included the press baron and Daily Mail owner Lord Rothermere and the future King Edward VIII. Using previously unexplored sources from Britain, Germany, the Netherlands, the Czech Republic, and the USA, Karina Urbach unravels the story of top-level go-betweens such as the Duke of Coburg, grandson of Queen Victoria, and the seductive Stephanie von Hohenlohe, who rose from a life of poverty in Vienna to become a princess and an intimate of Adolf Hitler. As Urbach shows, Coburg and other senior aristocrats were tasked with some of Germany's most secret foreign policy missions from the First World War onwards, culminating in their role as Hitler's trusted go-betweens, as he readied Germany for conflict during the 1930s — and later, in the Second World War. Tracing what became of these high-level go-betweens in the years after the Nazi collapse in 1945 — from prominent media careers to sunny retirements in Marbella — the book concludes with an assessment of their overall significance in the foreign policy of the Third Reich.

British Ruling Cases from Courts of Great Britain, Canada, Ireland, Australia and Other Divisions of the British Empire, Extensively Annotated ,1919

This series of reports is in a sense a continuation, but with a decided expansion, of the plan of the English ruling cases, as it takes the cases from the British empire, instead of from England only, but it continues the English ruling cases in the sense that it will include the most important cases from the English courts decided since that series terminated.--Pref.

Go Fuck an Iceberg! A Brit's Take on Guns, Tits and Other Fun Movie Stuff Dave Franklin, A bare-chested Charlton Heston sitting on a horse staring up at the Statue of Liberty. Naked high school girls frolicking in a locker room a moment before transforming into an unholy chanting mob of plug-it-up nastiness. Scorpio dementedly forcing a busload of kidnapped kids to sing nursery rhymes. And an ever so slightly chubby Kansas farm girl telling us there's no place like home... Movies, eh? What would we do without 'em? Probably watch more TV shows for a start. Anyhow, this is a book for politically incorrect cinephiles, its collection of reviews, articles and drunken ramblings showcasing my love of mid to late twentieth century movies.

Modern British Playwriting: The 1970s Chris Megson,2014-03-20 Essential for students of Theatre Studies, this series of six decadal volumes provides a critical survey and reassessment of the theatre produced in each decade from the 1950s to the present. Each volume equips readers with an understanding of the context from which work emerged, a detailed overview of the range of theatrical activity and a close study of the work of four of the major playwrights by a team of leading scholars. Chris Megson's comprehensive survey of the theatre of the 1970s examines the work of four playwrights who came to prominence in the decade and whose work remains undiminished today: Caryl Churchill (by Paola Botham), David Hare (Chris Megson), Howard Brenton (Richard Boon) and David Edgar (Janelle Reinelt). It analyses their work then, its legacy today and provides a fresh assessment of their contribution to British theatre. Interviews with the playwrights, with directors and with actors provides an invaluable collection of documents offering new perspectives on the work. Revisiting the decade from the perspective of the twenty-first century, Chris Megson provides an authoritative and stimulating reassessment of British playwriting in the 1970s.

Britain's Television Queen Bob Crew,2016-12-19 Focusing purely on Queen Elizabeth II's relationship with television, this book shows how she was ahead of the game in helping to change the face of British television from the outset of her reign in 1953 when she let the cameras into Westminster Abbey. The Queen embraced television at a time when Winston Churchill and her government advisors recommended that she should keep them out - on the grounds that the cameras would destroy her royal mystique - right through the 1950s which was Britain's television decade (for reasons that are not generally understood today), when Britain became the first nation in the world to have public service television. In 1969 the Queen opened the doors to the cameras once again for the invention of Britain's first family-reality-TV, fly-on-the-wall programme, showing how she and her husband the Duke of Edinburgh and their children, Charles and Anne, went about their daily lives, thereby giving the seal of royal approval to reality-TV, ahead of the first programmes in the United States and the UK that followed in her wake. Queen Elizabeth II can accurately be described as a television queen, the first monarch to understand and embrace television and, in particular reality-TV, which is why she was light years ahead of other royals and her government ministers. Television was for her a right of passage and, not until she ran into bad and stormy weather with Princess Diana in the 1980s and 1990s, did she have any image problems with television. These problems no longer remain today, evidently, as once again the television arrangements are in full swing for her Diamond Jubilee celebrations this June. Queen Elizabeth II remains the most televised and visualised person in the world.

War Planning 1914 Richard F. Hamilton,Holger H. Herwig,2009-11-30 The major European powers drafted war plans before 1914 and executed them in August 1914; none brought the expected victory by Christmas. Why? This tightly focused collection of essays by international experts in military history reassesses the war plans of 1914 in a broad diplomatic, military, and political setting for the first time in three decades. The book analyzes the war plans of Austria-Hungary, France, Germany, Great Britain, Italy, and Russia on the basis of the latest research and explores their demise in the opening months of World War I. Collectively and comparatively, these essays place contingency war planning before 1914 in the different contexts and challenges each state faced as well as into a broad European paradigm. This is the first such undertaking since Paul Kennedy's groundbreaking *War Plans of the Great Powers* (1979), and the end result is breathtaking in both scope and depth of analysis.

development policies The methods and techniques needed for the implementation of strategic planning for regional development How strategic planning for regional development is currently put into practice in three UK regions with different priorities. Strategic Planning for Regional Development in the UK is essential reading for students and academics working within strategic and regional planning and provides policy makers and practitioners with a comprehensive and thought provoking introduction to this critically important emerging field.
