Brocade by Night , 1985-10 'Kokin Wakashū' (Collection of Early and Modern Japanese Poetry) is one of the world's earliest and most important poetic anthologies. It consists of over 1,000 poems, almost all of which were probably written between the last half of the eighth century and 905, the approximate date of the work's compilation. This is the first full-scale study in English of Kokinshū (as it is usually called), the anthology that fixed the basic style of Japanese poetry, and in so doing defined the aesthetics of an entire literary tradition. Kokinshū cannot be appreciated without some knowledge of Chinese poetry and its influence on Japanese writers, Heian aesthetics ideals, the aims of the anthology's poets and compilers, the expectations of the intended audience, and the nature of Heian society. *Brocade by Night* attempts to provide the necessary perspective by discussing the Chinese poetry known to the Japanese, the characteristics of early Japanese composition in both Chinese and Japanese, and the social and literary atmosphere out of which Kokinshū arose. The author also discusses the content and form of typical Kokinshū poems, the structure of the anthology, and the question of individuality in a genre of convention. The role of Kokinshū principal compiler, Ki no Tsurayuki, is described, and the author examines two of Tsurayuki's other works, *Tosa nikki* and *Shinsen waka*. A companion volume, 'Kokin Wakashū', *The First Imperial Anthology of Japanese Poetry*, consists of new translations of Kokinshū and *Tosa nikki* and the first translation in any language of *Shinsen waka*

Gold Brocade and Renaissance Painting Rembrandt Duits, 2006-12-31 Rembrandt Duits completed his PhD at the University of Utrecht , and works at the Photographic Collection of the Warburg Institute, where he also teaches Renaissance material culture. His thesis, *Gold Brocade and Renaissance Painting*, won the Karel van Mander Prijs for the best publication on art between 1500 and 1800. *Gold Brocade and Renaissance Painting* discusses the representation of Italian Renaissance patterned silks in paintings from Italy and the Southern Netherlands , from the 14th to the 16th century. It is the first study to approach this subject from the perspective of material culture, attempting to answer such questions as why the subject of luxury textiles gained so great a popularity in Renaissance painting, how artists catered for an audience that desired to have gold brocades depicted but did not always possess the financial means to own the actual fabrics, and what the skills artists developed in this field

contributed to the rising social status of the medium of painting. The material culture of the grand courts at which real gold brocade played an essential role in the display of wealth and status is compared to that of the socially ambitious but less affluent middle class for whom paintings were often the only affordable substitute for courtly splendour. Thus, the book also addresses the problem of the distinction between fact and fiction, imagination and reality in the account of contemporary social history presented in paintings.

Beau Brocade Emma Orczy, 2018-04-11 After their recent defeat, the hamlets and villages of Derbyshire are no longer ringing with the wild shouts of Bonny Prince Charlie's Highland Brigade; instead troops loyal to King George are looking for those accused of high treason and are offering a reward of twenty guineas for the death of any traitor or rebel. Philip Gascoyne is in hiding, in fear for his life after being wrongly accused by Sir Humphrey Challoner of being a traitor to the King. He has been given shelter and a cover by honest John Stich, the local blacksmith. John hires the notorious Beau Brocade, a masked highway man who roams the moors holding up coaches so he can steal from the rich and give to the poor, to connect Philip with his family and arrange his return to London.

Captain Brocade and His Prize Tammy Jean Henderson, 2009-09-29 Melissa Clark was walking in a downpour on a city street in New York in 1987 when lightning strike nearby. After the flash, life as she knew it changed for her. For the city street now was a country lane and a handsome man in a blue spangled coat on horseback suddenly appear before her. She found the supposedly wet paved road, a dry dirt road and instead of a city curb, shrubs appeared on both sides of the street. Captain Thomas Brocade was traveling with a handful of his crew one clear evening in Bristol, England, in 1687 when a body suddenly appeared before him. Instinctively the body rolled into the brush before his horse could step on it. Once he realized it was a lady, he leaped from his horse to come to her aid, offering his hand to her. But the lady was no lady, she slapped his hand away and rose on her own. He could see the angry fire in her eyes and was enthralled with the young lady before him. She was full of spirit, unlike any woman he had ever encountered before. Her manner of speech, her dress, and attribute was intriguing. But her talk

concerned him also. Was she mad, or was she in fact a time traveler from the future? Either way, he must have her, no matter what she wanted. So the captain took her by force to his ship and set sail for the West Indies. Melissa discovered he and his crew were pirates, and his destination was Port Royal, the wickedest city in the world. And the captain's interest in her was to make her his life-long companion, his woman, the captain's tart, or give her to his crew for their pleasures if she refused him. Here's where the battle of the sexes fight to death. And the modern world and the age-old beliefs debate for supremacy where two quite different personalities clash. Will the beautiful Melissa win the war and return to her time and home? Or will the handsome Thomas win this war, her heart, and keep her with him for their lifetime? Among the adventures was a visit to South Caroline and a pirate island. Along the way, they encountered a massive storm, battles with enemy ships, and a pair of dolphins at play.

A Two-Colored Brocade Annemarie Schimmel,2014-02-01 Annemarie Schimmel, one of the world's foremost authorities on Persian literature, provides a comprehensive introduction to the complicated and highly sophisticated system of rhetoric and imagery used by the poets of Iran, Ottoman Turkey, and Muslim India. She shows that these images have been used and refined over the centuries and reflect the changing conditions in the Muslim world. According to Schimmel, Persian poetry does not aim to be spontaneous in spirit or highly personal in form. Instead it is rooted in conventions and rules of prosody, rhymes, and verbal instrumentation. Ideally, every verse should be like a precious stone--perfectly formed and multifaceted--and convey the dynamic relationship between everyday reality and the transcendental. Persian poetry, Schimmel explains, is more similar to medieval European verse than Western poetry as it has been written since the Romantic period. The characteristic verse form is the ghazal--a set of rhyming couplets--which serves as a vehicle for shrouding in conventional tropes the poet's real intentions. Because Persian poetry is neither narrative nor dramatic in its overall form, its strength lies in an architectonic design; each precisely expressed image is carefully fitted into a pattern of linked figures of speech. Schimmel shows that at its heart Persian poetry transforms the world into a web of symbols embedded in Islamic culture.

Beau Brocade Emmuska Orczy,2015-07-13 The gaffers stood round and shook their heads. When the Corporal had finished reading the Royal Proclamation, one or two of them sighed in a desultory fashion, others murmured casually, Lordy! Lordy! to think on it! Dearie me! The young ones neither sighed nor murmured. Beau Brocade Baroness Emmuska Orczy Orczy,2014-03 The gaffers stood round and shook their heads. When the Corporal had finished reading the Royal Proclamation, one or two of them sighed in a desultory fashion, others murmured casually, Lordy! Lordy! to think on it! Dearie me! The young ones neither sighed nor murmured. They looked at one another furtively, then glanced away again, as if afraid to read each other's thoughts, and in a shamefaced manner wiped their moist hands against their rough cord breeches. There were no women present fortunately: there had been heavy rains on the Moor these last three days, and what roads there were had become well-nigh impassable. Only a few men-some half-dozen perhaps-out of the lonely homesteads from down Brassington way, had tramped in the wake of the little squad of soldiers, in order to hear this Act of Parliament read at the cross-roads, and to see the document duly pinned to the old gallows-tree. Fortunately the rain had ceased momentarily, only a cool, brisk nor'-wester came blustering across the Heath, making the older men shiver beneath their thin, well-worn smocks. North and south, east and west, Brassing Moor stretched its mournful lengths to the distant framework of the Peak far away, with mile upon mile of grey-green gorse and golden bracken and long shoots of purple-stemmed bramble, and here and there patches of vivid mauve, where the heather was just bursting into bloom; or anon a clump of dark firs, with ruddy trunks and gaunt arms stretched menacingly over the sparse young life below.
