Brooks' Battle Hunter W. McDaniel,2020-05-27 "My apologies but these men are not going to step down. They will do anything to get that money in the palms of their thieving hands. If we don't take precautions then they will feed their greed; you all will lose what you worked hard for. As a person who has spent long days busting my back on a ranch, I know that every penny I get is valuable, and if I found out that someone was planning on stealing it I would do everything in my power to stop it. You all should do the same and I am here to help," Buck said in an attention-ripping way. A gang of selfish, thieving, murderers have been spotted in Wyoming territory. When Buck and his friends encounter some of these outlaws messing with their cattle and Jess, a young ranch hand, is shot in action- they seek revenge. As more information about the gang comes to light it appears that revenge is not all that they are fighting for...

Cattle and Cowboys Kent Brooks,2018-10-15 The American cowboy has long been a popular figure in nonfiction, fiction, movies and stories of the West. This book provides the

observations of roping, riding, branding trailing, herding, round-ups and more as discussed in the 1880s letters from cowboys, cowboys wives, correspondents and those coming west who experienced those events. These letters are an important compilation of the history of those who came west and created the American icon we call the cowboy.

Valley Animals Brooks Firestone, 2010-10-28 The animals of Santa Barbara County's Santa Ynez Valley are plentiful and varied. Some fly, some swim, some slither; others gallop, or trot, or ride in the back of pickup trucks. Some are wild and others domestic; some are workers while others are pets; there are prize winners and there are bandits; many of the animals are beautiful and friendly, whereas others are beautiful and dangerous. The Valley is home to meadowlarks, condors, and ostriches; cattle, sheep, and alpacas; polo ponies and work horses; prize-winning cattle, goats, and swine; dogs and coyotes; cats and mountain lions; elands and even an elephant. Brooks Firestone, who has lived in the Santa Ynez Valley for over thirty-five years, knows the animals well. He has ranched with them, lived with them, laughed at their antics, and marveled at their beauty. Now he has written a book about them: dozens of stories about his encounters with his animal neighbors, as well as retold tales heard from his human neighbors. These stories cover a wide range of emotional territory, from hilarious (a parade of dogs gossiping about their human companions) to heart-wrenching (prized and treasured horses lost in a tragic barn fire) to beautiful and inspired (a flock of migrant geese waking up after spending the

night in a foggy meadow).

A Voice for the Animals Evelyn Brooks, 2011 When animals are injured or abused, who will speak for them? Since the late 1800s, Societies for the Prevention of Cruelty to Animals (SPCAs) have been their voices. Whether an animal is lost, abandoned, or abused, an SPCA is there to help. Learn how the first SPCA was created and how these important organizations work to ensure that pets and other animals are treated with kindness.
