DIY Dog Grooming, From Puppy Cuts to Best in Show Jorge Bendersky,2014-03 You can often tell how healthy a dog is by the appearance of its coat. Grooming your dog regularly offers clues to her health: It nips potential health problems, like allergies, poor nutrition, parasites, or diseases, in the bud--or at least gives you some early warning about them. Grooming also makes your dog (and you) comfortable socializing whilst also stopping the spread of dirt, fleas, and germs. You can conveniently groom your dog in the comfort of your home. But perhaps the biggest benefit to grooming your dog yourself is strengthening your bond with them. DIY Dog Grooming, From Puppy Cuts to Best in Show by Jorge Bendersky, and foreword by Cesar Milan, will show you how to take the best care of your dog, regardless of breed, temperament, or age. Practical step-by-step photos will take you through everything you need to know to bathe and trim your dogs, plus care for their nails, ears, teeth, and more. Learn how to train them to relax and enjoy grooming. While you can make excuses not to take your dog to the groomer, you have no reason to make excuses for not doing it yourself any longer. -Cesar Millan Inside you'll find: - Simple, step-by-step instructions for everything from bathing to brushing. - Practical solutions to common problems like fleas and ticks, dirt and mud. - Creative suggestions for grooming a picture-perfect dog.

Dog Grooming Guide Margaret Stefan,2014-12-17 There is always a demand for dog grooming in almost every country in the world. It is possible to be self employed and work from home if you have the facilities, to be a mobile service or to have premises in which to work. You can be paid for doing something you enjoy but like any business, there are guidelines to which you must adhere. It does take time to learn about the different types and breeds of dog and what sort of clipping is required. There is a wide range of equipment available and a wide range of stripping and clipping styles to learn. It may be that the best way forward is to attend a course and there are many available but they are often very expensive. Sometimes day courses on particular breeds are a better option and nowadays there are a huge number of videos on the internet if it is one particular type of clipping

that you need to research. What You'll Get Inside: Page 3 Safety Page 4 Hygiene Page 5 Equipment - Baths Page 5 Grooming Tables Page 6 Dryers Page 7 Clippers Page 7 Scissors Page 8 Combs Page 9 Brushes Page 9 Stripping knives Page 9 Shampoos and Conditioners Page 10 Ears, Eyes, Nails, Anal Glands and Teeth Page 11 Bathing Page 11 Drying Page 12 Grooming Page 13 Brushing, Clipping and Rolling Page 14 Thinning and Stripping Page 15 Types of Coat- Corded, Curly and Medium Length Page 16 Long Coated and Short Haired Breeds Page 16 Short Haired (Continued) and Stripped Breeds Page 17 Clipped and Trimmed Breeds Page 17 Thick Coated Breeds Page 20 Courses, Videos Page 21 Books and Prices Page 22 Franchises Take a Sneak Peak Inside: Drying With heavy coated breeds a power blaster is the best way to take out the excess moisture but never blow into the skin. Blow in the direction that the coat grows and brush in the same direction. This system would never be used on a poodle or breeds that need specialist treatment. It would make the coat crinkle and be hard to trim into shape. Instead you would separate each piece of hair as a hairdresser would do and blow into shape over a brush. Breeds that need a flat appearance like English Setters or Golden Retrievers should be brushed into shape as they dry. Short or smooth coated breeds are suitable fro cage dryers or even toweled and kept in a warm room. Buy Now & Become Dog Grooming Expert Today!

Dog Grooming Simplified Jodi Murphy,2014-08-15 Jodi has been well respected as an educator in the grooming industry for many years. She is one of the top pet stylists in the world winning multiple titles included World Grand Champion and Best American Groomer. She is here to share her knowledge in this extraordinary book.With over 190 breeds recognized by the American Kennel Club along with individual breed-specific grooming instructions, it can become very overwhelming for new groomers to retain the information. Straight to the Point is the solution to learning about pattern lines, which simplifies the learning process. Whether the patterns are set tight or left more natural, the patterns are set in the same fashion. Once a groomer understands basic patterns he or she will be able to groom any breed with ease.The dogs pictured in this book are top winning show dogs presenting the correct profile according to their breed standards. Jodi chose to illustrate this way for several reasons. First, a show dog presents an excellent representation of the breed and how it should be groomed per the breed standard. Second, the reader will be able to see the realistic depth and dimensions of the coat. Last, it will give the reader a vision of the pattern in a realistic view and will be a great reference source when grooming each breed.Once the groomer understands correct pattern placement, it can easily be applied to pet trims. A pet dog does not have to be groomed using show techniques, i.e., hand stripping, to present the proper breed profile. With proper pattern placement and techniques described in this text, the groomer will be able to present a well-balanced, well-blended pet trim to the pet owner.

Poop Happens Remain Pawsitive DuAnn Chambers,2015-03-20 Pet grooming injuries, big or small, are inevitable to experience during a pet groomer's career. Dealing with the difficult side of dog grooming - emergencies, injuries, communication and damage control - can all be accomplished using ethics and professionalism. In fact, interacting with dog parents after a grooming injury is the number one fear reported by freshly graduated pet groomers. Successful groomers must address both aspects of an injury: physical injury for the pet, and emotional injury for the pet's parent, in order to promote emotional satisfaction for the pet parent, which in turn, promotes the professionalism of the business reputation. Groomers that do not address the emotional needs of dog parents experience low success rates, and high financial liability in their businesses. Poop Happens? Remain Pawsitive. has been created using twenty years of anecdotal research at Pooch Parlor Pet Groomer Academy, LLC located in Ponderay, Idaho. Grooming and training experience includes owning and managing multiple shops, multiple groomers, and having experiences dealing with multiple pet injuries as a basis. This book teaches groomers what to expect after a grooming injury occurs: how to reduce emotional and financial liability for the groomer and/or business, how to help owners heal, how to identify high risk owners AND high risk dogs, how to price or offer grooming services following an injury, how to identify injury categories a well as how to professionally manage pet injuries found or caused. Additionally, this book addresses the MOST difficult topic for ANY groomer or grooming business - why catastrophic injuries occur, how to avoid catastrophic injuries, and how to manage catastrophic injuries both professionally and personally. Phone scripts are included to help groomers correctly inform owners of pet grooming injuries, from minor to catastrophic injuries, as well as downloadable forms for professionals to use in order to reduce groomer liability regarding any injury involved in the grooming process.Poop Happens? Remain Pawsitive. can help ANY groomer experience a career that brings joy to the groomer while allowing them to successfully navigate potential career stopping areas of the pet grooming industry.
