John Beilein at Michigan Tim Rooney,2020-01-29 When John Beilein arrived at University of Michigan in 2007, the once-proud men's basketball program was adrift after failing to reach the NCAA Tournament for nine straight seasons. Over the next twelve years, he became the program's all-time winningest coach, reached two national championship games, won four Big Ten championships and produced eight NBA first-round draft picks. In an age of ethical lapses throughout college basketball, Beilein succeeded without a hint of impropriety. As much a teacher as a coach, he consistently identified undervalued recruits, taught them his innovative offensive system and carefully developed them into better players--an approach to the game that drove his unprecedented rise from high school junior varsity coach to head coach of the Cleveland Cavaliers. This book examines his tenure at Michigan in detail for the first time.

Women's College Softball on the Rise Mark Allister,2019-03-29 Sidestepping the inflated egos and scandal that have infiltrated many men's sports, college female softball players exhibit power and grace on the field as well as camaraderie, high achievement and vulnerability off the field. This balance not only makes the game compelling to watch, but it also elevates women's softball as an aspirational model for other sports. Focusing on the 2018 season, this book explores gender performance and sexuality in softball, how the influx of money from the sport's growth has reshaped expectations of success, and traditional media coverage of women's sports.

Don't Put Me In, Coach Mark Titus,2013-03-12 An irreverent, hilarious insider's look at big-time NCAA basketball, through the eyes of the nation's most famous benchwarmer and author of the popular blog ClubTrillion.com (3.6m visits!). Mark Titus holds the Ohio State record for career wins, and made it to the 2007 national championship game. You would think Titus would be all over the highlight reels. You'd be wrong. In 2006, Mark Titus arrived on Ohio State's campus as a former high school basketball player who aspired to be an orthopedic surgeon. Somehow, he was added to the elite Buckeye basketball team, given a scholarship, and played alongside seven future NBA players on his way to setting the record for most individual career wins in Ohio State history. Think that's impressive? In four years, he scored a grand total of nine—yes, nine—points. This book will give readers an uncensored and uproarious look inside an elite NCAA basketball program from Titus's unique perspective. In his four years at the end of the bench, Mark founded his wildly popular blog Club Trillion, became a hero to all guys picked last, and even got scouted by the Harlem Globetrotters. Mark Titus is not your average basketball star. This is a wild and completely true story of the most unlikely career in college

basketball. A must-read for all fans of March Madness and college sports!

The Perfect Season M. G. Missanelli, 2010-11 The 1987 NCAA championship football game between the Penn State Nittany Lions and the University of Miami Hurricanes is often considered the most memorable championship game in all of college football history. Both teams were undefeated going into the game, but the Hurricanes were heavily favored, as they had demolished each of their opponents during the regular season. Penn State pulled off of the most surprising upsets on January 2, 1987, by handing the University of Miami team its only loss of the season. The Perfect Season, with help from the Penn State players involved, Missanelli retells the story not just of this championship game but also of Penn States entire season. Beginning with its Orange Bowl loss in 1985, Missanelli recounts the glorious 1986 season through the eyes of those Penn State athletes. The book also focuses on the medias buildup of the national championship, explaining why the University of Miami team was considered the villain in this battle.

Cuban Chickie Boom Bill Ciccotti, 2018-01-21 Cuba, the last forbidden zone. A tropical paradise located only ninety miles from America. The land of lost casinos. But nothing stays lost forever. Political changes and the death of Fidel signaled a lift in restrictions. A slow revitalization but progress none the less. It was a brave new world where the gates were slowly opening once again. And two middle level mobsters wanted it. They wanted it all. The boys had a good plan for reopening those lost Cuban casinos. Under new management of course. Their management. Yes it was a great plan. But without Syndicate approval it was a death sentence. Still, those two who would be king rolled the dice. Payoffs had already been made and life was smooth sailing ahead. Perhaps their plan might have reaped fruit. Too bad Private Eye Chick Harmon of Key West was there on vacation to spoil it all. The mobsters captured Sammy the Bull but Chick got away. One call to Key West brought a band of vagabonds and misfits from ninety miles south to knock down that house of cards. They had one of our pals' prisoner and even though we were strangers in a strange land, out gunned, out muscled and the game was rigged, we still chose the treacherous path and bet against the house. Life is full of wise decisions. Wise is over rated. Go make some bad choices. Friendship is well worth the risk.

Husker History From the Sports Writers of the Omaha World-Herald, 2020-11-25 The University of Nebraska's intercollegiate athletic program began with a baseball game that produced a football-like score. The Old Gold Knights defeated Doane, 23-6, on April 12, 1889. On Nov. 27, 1890, an NU football team took the field for the first time. It rode the train to Omaha and beat the local YMCA, 10-0. Thousands of Husker athletic contests, from Lincoln to Tokyo, have followed. From those comes Husker History: The 25 Most Important Games, documented in these pages by contemporary reporting from the time and bolstered by modern reflection by World-Herald writers for a thorough vetting of the games that will live with Nebraska forever.

One dwells in them. - Chicago Tribune For as long as she can remember, they were Cam and Lilly--happily married, totally in love with each other, parents of a beautiful family, and partners in life. Then, after decades of marriage, it ended as every great love story does...in loss. After Cam's death, Lilly takes a lone road trip to her and Cam's favorite spot on the remote coast of Maine, the place where they fell in love over and over again, where their ghosts still dance. There, she looks hard to her past--to a first love that ended in tragedy; to falling in love with Cam; to a marriage filled with exuberance, sheer life, and safety-- to try to figure out her future. It is a journey begun with tender memories and culminating in a revelation that will make Lilly re-evaluate everything she thought was true about her husband and her marriage.

Memory Lands Christine M. DeLucia, 2018-01-09 Noted historian Christine DeLucia offers a major reconsideration of the violent seventeenth-century conflict in northeastern America known as King Philip's War, providing an alternative to Pilgrim-centric narratives that have conventionally dominated the histories of colonial New England. DeLucia grounds her study of one of the most devastating conflicts between Native Americans and European settlers in early America in five specific places that were directly affected by the crisis, spanning the Northeast as well as the Atlantic world. She examines the war's effects on the everyday lives and collective mentalities of the region's diverse Native and Euro-American communities over the course of several centuries, focusing on persistent struggles over land and water, sovereignty, resistance, cultural memory, and intercultural interactions. An enlightening work that draws from oral traditions, archival traces, material and visual culture, archaeology, literature, and environmental studies, this study reassesses the nature and enduring legacies of a watershed historical event.
