*The Mark of Perillius* Atonus L. Perry,2011-05 SINEXIA is a bastard world that never should have existed. Its birth was an accident. Born of war and anointed with savagery, its lands were conquered by magicians, monsters, and creatures that some would revere as gods or demons. Just as Earth holds Sinexia's Origin, Sinexia holds the fate of the Earth. The Sinexia series chronicles the events that bind Earth and Sinexia. Read them and become engrossed in the tales of honor, love, despair, and action that cycle in a ring of creation and cataclysm. The Mark of Perillius follows the adventures of a young orphan who inherits the powers and abilities of his fabled ancestor. He is taken from the only normalcy he has ever known and tossed into a world of mystery and magic. Once there, he must learn to master his newfound abilities while encountering a host of rich characters, places of wonder, and dire situations. The orphan's name is Emberillius. He begins his journey as a sixteen year old young boy. He must spend nine long years in Sinexia if he is to have any chance at all of saving the Earth from an impending catastrophe. It is during this time that he learns about love, war, hate, responsibility, life, death, good, evil, and sacrifice as he matures into a man. Through the trials of life an orphan is forged into a hero. [www.sinexia.net](http://www.sinexia.net) ATONUS L. PERRY has always been fascinated with tales of fantasy and wonder. Being the son of a librarian, he spent many of his weekends and summers reading books. The only thing he loved more than reading was indulging in creative writing. As he matured he began to take an interest in Japanese animation, comic books, and role playing video games. After immersing himself in the media storylines he loved so much, he discovered that there was not enough action in most of the stories he loved. So, he vowed to one day write a story that was not lacking in action. One day, after an assignment in one of his college English classes called for an outline of an epic adventure, he made good on that vow and began writing stories that deliver page turning action. He writes for the people who feel dissatisfied with the stories they love so much. Atonus L. Perry lives in Shreveport, Louisiana with his son, Isaiah Alexander Perry.

*The Bubble Boy* Stewart Foster,2016-05-19 Winner of the 9+ category of the Sainsbury's Children's Book Award and shortlisted for the Branford Boase Award. What would you do if you could never leave your bubble? A poignant, heartwarming tale from inside the hospital walls that teaches children the importance of treating people with kindness and empathy. Perfect for fans of Wonder and The Boy At The Back of the Class. Amir is mad. He's crazy. But the hospital wouldn't let a crazy person in. They must have interviewed him and checked his qualifications. But maybe he didn't even meet them? Maybe he hasn't even come from India. He might have arrived on an alien spaceship and snuck in here in the middle of the night. Eleven-year-old Joe can't remember a life outside of his hospital room, with its beeping machines and view of London's rooftops. His condition means he's not allowed outside, not even for a moment, and his few visitors risk bringing life-threatening germs inside his 'bubble'. But then someone new enters his world and changes it for ever. THE BUBBLE BOY is the story of how Joe spends his days, copes with his loneliness and frustrations, and looks - with superhero-style bravery, curiosity and hope - to a future without limits. Expect superheroes, super nurses and a few tears from this truly unique story. 'Poignant, hopeful and heartbreaking' Fiona Noble - Children's Editor, The Bookseller 'Deeply moving and utterly gripping . . . Stewart Foster carries off an astonishing feat of storytelling in this exceptional book' Julia Eccleshare, [lovereading.co.uk](http://lovereading.co.uk) 'A gripping and deeply moving book' Jamila Gavin, author of Coram Boy 'One thing we know about good books is their amazing ability to inspire empathy in the reader; to explore ideas and viewpoints that arise from experiences that are out of our own realm. The Bubble Boy does this with warmth, quirkiness and a light-hearted touch' The Guardian

**Trial by Fire** Dale Andradé,1995 The Easter Offensive took place primarily in the northern three military regions (out of a total of four) of South Vietnam. In the northernmost region, called I Corps, the North Vietnamese opened the attack on 30 March 1972 with a massive artillery barrage of an intensity unmatched since World War II. Worse, from an infantryman's perspective, there were heavy tanks, also unprecedented on the battlefields of South Vietnam. Frightened South Vietnamese soldiers cowered in their positions, often refusing to fight. They abandoned many key positions and by the end of April most of Quang Tri Province, including the provincial capital, was in enemy hands and an entire South Vietnamese division had been destroyed. In II Corps and III Corps the battle began less dramatically, but with equally devastating effects. District capitals fell in quick succession in three provinces, and two key cities, Kontum and An Loc, came under siege. After savage fighting lasting more than a month, both cities managed to hold out, though they were largely destroyed. The key to this pyrrhic victory was American air power - lots of it - which bombed the besieging North Vietnamese troops around the clock. Statistics indicate that a vast majority of enemy casualties (there were probably some 30,000 killed and wounded) were inflicted by aerial attacks. Both sides claimed victory after the Easter Offensive, which officially ended in September 1972 with the recapture of Quang Tri City by South Vietnamese Marines. But the verdict is not so clear cut. North Vietnam had gained none of its goals of capturing and holding a provincial capital, nor had it decisively defeated the South Vietnamese Army. On the other hand, North Vietnam did gain considerable territory along the Laotian and Cambodian borders as well as the area just south of the Demilitarized Zone. Few people lived in these regions, but any ground gained played well at the Paris negotiating table. In the end, North Vietnam committed all but one of its divisions to battle, leaving only a skeleton force to guard the homeland against a counterattack. This is unprecedented in military history and illustrates how confident Hanoi was that the Americans would not strike back. Indeed, the only U.S. response was renewed bombing of the North, the culmination of which was Operation Linebacker II, the infamous Christmas bombing. Whatever else it accomplished, the combination of North Vietnamese offensive and American bombing retaliation brought about final agreement on a peace treaty at Paris and allowed final U.S. disentanglement from Vietnam.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Ravished by Beauty Belden C. Lane,2011-04-21 In this novel exploration of Reformed spirituality, Belden C. Lane uncovers a green theology that celebrates a community of jubilant creatures of all languages and

species. Lane reveals an ecologically sensitive Calvin who spoke of himself as "ravished" by the earth's beauty. He speaks of Puritans who fostered a "lusty" spirituality in which Christ figured as a lover who encouraged meditation on the wonders of creation. He presents a Jonathan Edwards who urged a sensuous "enjoyment" of God's beauty as the only real way of knowing God. Lane argues for the "double irony" of Reformed spirituality, showing that Calvinists who often seem prudish and proper are in fact a people of passionate desire. Similarly, Reformed Christians who appear totally focused on divine transcendence turn out at times to be closet nature mystics, exulting in God's glory everywhere. Lane also demonstrates, however, that a spirituality of desire can be derailed, ending in sexual excess and pantheism. Ecologically, holy longing can be redirected from a contemplation of God's splendor in the earth's beauty to a craving for land itself, resulting in disastrous misuse of its resources. Between the major chapters of the book are engaging personal essays drawn from the author's own love of nature as a Reformed Christian, and providing a thoughtful discussion of contemporary issues of species diversity and the honoring of an earth community.
