The Mammoth Book Of Weird Records Jim Theobald,2015-09-17 Everyone's heard of Usain Bolt, but how many people know about Dineka Maguire? Like Bolt, the Irish woman is a world record holder but in the rather lesser known sport of bog snorkelling. She is just one of the hundreds of unsung heroes featured in this book chronicling the people who go to bizarre lengths to break world records in the weirdest categories; people who devote hours of intense training to spitting dung, eating cockroaches, sniffing feet or tossing tuna in the hope of one day being recognised as the best in the world. This astonishing compendium of the weirdest, wackiest and most disgusting world records will amuse and astound in equal measure. Entries include: Longest ear hair Fastest marathon while wearing a deep-sea diving suit Fastest bog snorkeller Farthest distance skateboarding by a goat Most bees on body Most milk crates balanced on head Fastest 5-km run while dressed as a penguin and juggling Heaviest airplane pulled with teeth Fastest shopping trolley Longest backwards motorcycle ride Most stairs climbed by bicycle Fastest 30 metres on a scooter by a dog First water-skiing squirrel

Learning in Motion Patricia Angermeier,Joan Krzyzanowski,Kristina Keller Moir,2009 As many as one in 20 children struggles with sensory issues. Velocity Adeal Alam,2022-04-14 ''Year 2050, the beginning of the cyber world. I don't remember my past or whoever I was supposed to be. Only acknowledgement I have is that CELL Operatives are pursuing to capture me.'' ''It's not who I am, what they seek, it's what I obtain runs through my veins; the ability to stop the duration of time. The ability to fight physically through any obstacle or hardship.'' ''I won't be able to survive this hunt without a cooperative. A thief Marco Gallo, the individual who rescued me. His objective is to smuggle me out of Knight city without being detained.'' ''I will find my past. I will find my answers. My name is Jade Walker, this is my story, this is... Velocity.''

Color Lab for Mixed-Media Artists Deborah Forman,2015-11-01 Create the very best mixed media with 52 inspiring exercises! Strengthening your understanding and use of color will make your mixed-media art shine as you complete 52 labs that span painting, collage, drawing, assemblage and more. In Color Lab for Mixed Media Artists, color is explored through multiple lenses-nature, history, psychology, expression-as you work through 52 exciting and approachable projects that explore the infinite potential of the chromatic experience. Artist and color-theory expert Deborah Forman provides you with techniques and instruction. These materials and labs focus primarily on paint and collage, along with experimental projects for book making, sculpture and installation. Work your way through the color spectrum, using the steady beat of color as the guiding framework. Don't be intimidated by color--understand how it works, what shade, tint, and pure color will work for your project, and how to select, mix, or pair colors. When you're done, you'll have 52 personal, meaningful, outstanding, and colorful projects and the inspiration to create many more! Deb Forman's book is a welcome addition to my studio book shelf. The exercises provide the novice with valuable information on techniques and materials combined with the confidence to explore their own intuitive creative path. For the experienced artist the exercises offer an opportunity to engage with familiar painting mediums in fresh new ways. I would recommend this book both to novice artists just starting out and established artists seeking to reinvigorate their studio practice. - Neal Walsh, Painter and Gallery Director at AS220 Deborah Forman is a fantastic teacher. She is able to bring her myriad talents to bear in the classroom by transmitting the joy and pleasure she takes in her own artistic practice to her students, who are at many different points in their own creative journeys. She is incredibly generous with her ideas, and honors the integrity of all of her students by encouraging experimentation, tenacity, and compassion as they develop their own skills as artists. - Dr. Karen Carr, Humanities Professor, RISD Deborah Forman's Color Theory course was inspiring, exciting and informative. She encouraged her students to push their experimentation with color to the limits which resulted in beautiful palettes that I never dreamed I could create. Overall, this class was a wonderful experience and gave me great insight as to which direction I want to take with my own artwork. - former student

.Net 4.0 Generics Beginner's Guide Sudipta Mukherjee,2012-01-26 This is a concise, practical guide that will help you learn Generics in .NET, with lots of real world and fun-to-build examples and clear explanations. It is packed with screenshots to aid your understanding of the process. This book is aimed at beginners in Generics. It assumes some working knowledge of C#, but it isn't mandatory. The following would get the most use out of the book: Newbie C# developers struggling with Generics. Experienced C++ and Java Programmers who are migrating to C# and looking for an alternative to other generic frameworks like STL and JCF would find this book handy. Managers who want to know what Generics is and how to put it to good use. Architects will find the benchmarking extremely useful, because it's the first of its kind across a framework of several collections.

Creative Engagement Rachael Wonderlin,2020-08-11 Anyone who cares for someone living with dementia will gain valuable knowledge from this compassionate book.

The Caregiver's Guide to Memory Care and Dementia Communities Rachael Wonderlin,2022-09-06 This practical guide provides general caregiving tips and helps you

decide when and how to transition your loved one to a dementia care community. Caring for someone with dementia is challenging, especially when it comes time to think about other living arrangements. What do you need to know about dementia, including its different stages? What do you do if the person you're caring for seems to have trouble recognizing you? When is it time to move a person living with dementia into a senior living community? And how can you maintain your relationship with your loved one when you are living apart? Gerontologist and dementia care consultant Rachael Wonderlin has written a compassionate book to help friends and family members of those living with dementia answer these tough questions—and more. In practical, down-to-earth language, *The Caregiver's Guide to Memory Care and Dementia Communities* walks the reader through key points about dementia care, including • common terminology used by health care workers • strategies for taking care of your loved one • advice for when and how to transition to a dementia care community • understanding how dementia care communities are structured and what to keep in mind when evaluating them • how to help your loved one receive the best possible care while they're living apart • recommendations for handling obstacles involving communication and behavioral issues • information on technology, hospice care, programming and activities, and at-home safety A dedicated section called Putting It into Practice in each chapter helps you apply the principles to your own experience, while worksheets present you with questions to consider as part of the caregiving and assessment process.

Beyond the Spanking Stick Anthony J. Major, 2010-09-07 Never before did a group of young American kids exceed the exploits of Tom Sawyer and Huckleberry Finn in such a magnificent manner. The six Major brothers and their group of hellions grew up in the sleepy town of Kellogg, Idaho, uncovering the strangest of characters, confounding the police and local authorities, creating and operating the strangest of machines, and causing the most bizarre spectacles that are still being talked about decades later. Now, after the years of tale telling, the truth is now put into print for the very first time.

Stink-o-pedia Megan McDonald, Peter Reynolds, 2009 An amusing collection of fictional facts about an array of stinky, slimy, and strange things includes the world's loudest burp and a detailed description of the occupation of professional smeller, from the author of *Ant and Honey Bee*. Original.

Essence of Watercolour Hazel Soan, 2017-08-03 A paperback reissue Hazel Soan's classic practical art book. Hazel Soan is a well-known and popular artist and an enthusiastic and inspirational teacher. In *The Essence of Watercolour* Hazel shows how wonderfully versatile and beguiling the medium of watercolour is and how to get the most out of it. Hazel stresses how important it is to understand the characteristics of the medium in order to exploit it to the full. She encourages the reader to explore the properties of watercolour and to be unafraid of strength of colour and brushstroke. Hazel shows through demonstration and projects that tone is king in watercolour and illustrates how to paint light with the use of shade. Armed with this understanding she demonstrates that watercolour is not such an unforgiving medium after all: accidents and mistakes can be disguised, overridden and corrected. *The Essence of Watercolour* is a culmination of many years of Hazel's teaching and demonstrating, in which she offers inspirational insights into the secrets of watercolour painting and encourages artists to take their art to the next level.

The Secret of Simplicity Dan Kassera, 2010-10-20 Simplicity is a secret place, located in another dimension, which is parallel to our own world. Its just one of many places that exist in the spirit world. Its known only to the select few who have been tricked and abducted from this world and taken there. Thats in the belief that they had just won a free shopping trip to the Mall in Minnesota. Unknown to them, it is far more than that. The Mall is really not in Minnesota, but somewhere else in that other dimension. Both very good and bad people are taken there. Some of the really bad ones are imprisoned in that strange mall. They are finally brought to justice in some very creative and appropriate ways. Most are transported from there to a strangely quaint little river town called Simplicity. Those people have all been taken there for very specific reasons. Some find a little piece of heaven there. A few others find themselves trapped in what, for them, is their own personal hell. There is no escape and no plea bargaining. Train visitors are recruited there to serve a vital cause, once they return home. That is the cause of freedom and liberty back in America. That can only be achieved through well-organized civil disobedience and, perhaps, armed rebellion. A very creative new way has been found to actually make that work. Its a way that big government control freaks are not prepared to deal with. Simplicity is actually the planning and control center for that operation. Its permanent residents are all freedom lovers eager to serve in that cause. All have lived out their previous lives in America. They had earned their reward here in Simplicity where they live on. However, they are all deceased back in America. They can never go back. They can, though, have a tremendous impact and influence on those who are abducted from America to their spirit world. Thats where the abducted train visitors are actually shown that there really is a spirit world. They can actually meet their dead friends, relatives, and acquaintances. They learn that life really does go on. They also learn that America is forever doomed unless the new plan can be made to work. Thats when they get recruited. They are all promised that their next life will be lived in Simplicity as a reward for their efforts back home. What greater proof and incentive could there ever be? Those residents of Simplicity have all passed their final exams and have been promoted to a higher level of existence. If you cant believe them, who can you believe? Now educated and informed, the train visitors return back home, with newfound courage and a tremendous desire to do the right thing. That is because seeing is believing. Those chosen ones had been granted a rare privilege. They actually enter into the spirit world while they are still living in this world. There, they get a real shock: their proof of immortality! They actually meet the dead who had summoned them. That must be done in a very careful way, so as not to cause heart attacks or fainting spells. Before they are sent back, they are all given two special gifts, completely unattainable in their world. If they ever doubt the experience, those two items will convince them otherwise. One is a large medallion made of a strange material unknown on earth. It says, simply, I was there. The second mystery item is an unbreakable pocket mirror in a leather case. Removed from the case, the mirror emits an eerie glow. Printed below the mirror are the words, I cannot do everything, but I can do something. That which I can do, I ought to do. I will not fail. Most importantly, the train visitors are recruited into the most secret of all organizations. Its purpose is to restore freedom to America by any means necessary. That is the real secret of Simplicity. Among them is a young man named Joe Quin. He has been tricked into going there, like all the others, but for a different purpose. Joe is a person of spec

Judy Moody, Book Quiz Whiz Megan McDonald,2019-09-10 Books, books, books! Judy’s got books on the brain as she prepares for a totally RARE trivia competition. Has reading always been this exciting? Judy Moody is in it to win it. Win the Book Quiz Blowout, that is. Judy and her brother, Stink, are two-fifths of the Virginia Dare Bookworms, and they’ve been reading up a storm to prepare for Saturday’s face-off against second- and third-grade readers from the next town. Judy’s trying out all kinds of tactics, from hanging upside down like Pippi Longstocking to teaching herself to speed read The Princess in Black, and Stink has fashioned a cape of book trivia sticky notes to help him remember all the penguins in Mr. Popper’s Penguins. But when Judy, Stink, and their fellow teammates discover the other group has a fourth-grader (no lie!), they get a bit nervous. Are the Bookworms up to the challenge?
