Ruby Redfort Catch Your Death Lauren Child, 2015-02-10 There's more to most things than meets the eye—or nose—as code-cracking, wisecracking girl detective Ruby Redfort discovers in her third adventure. Wild animals roaming around Twinford? Ruby Redfort has heard the rumors, but she doesn't quite believe them. She's got enough on her mind doing wilderness survival training with the secret agency Spectrum, and her bad eyesight isn't helping. But as high society buzzes with news of a very exclusive perfume formula coming to town, and some priceless jewelry goes missing, Ruby begins to sense a sinister plot in the works. Can our favorite action hero sniff out the clues in time to keep Twinford safe from evil scents? Well, let's say this is one of those times when you gotta forget the rules and follow your nose to survive.

Handbook of Offshore Helicopter Transport Safety Michael J. Taber, 2015-10-07 Handbook of Offshore Helicopter Transport Safety: Essentials of Underwater Egress and Survival provides a comprehensive look at the issues and concerns facing offshore helicopter transport. The book offers guidance for offshore helicopter operators, survival instructors, and the global offshore workforce, including discussions of safety management systems, safety briefings, survival equipment, underwater egress training, water impact/ditching statistics, and search and rescue. Each area of interest details pertinent information spanning approximately 30 years of offshore operations. Early sections discuss helicopter transport safety, safety regulations, and standards, while subsequent chapters cover Helicopter Underwater Escape Training (HUET) programs and their development and training, followed by final chapters on the effects of HUET, Emergency Breathing Systems (EBS), and Helicopter Transportation Suit (HTS). Presents Helicopter Underwater Escape Training (HUET), requirements for physical fidelity, contextual interference, and retention of skills Details the current understanding of breath-holding and cardiac response in cold environments Discusses stress, executive functioning, and performance in extreme situations Covers current standards of emergency breathing systems and next to skin clothing following egress from a ditched helicopter in cold water Includes the most up-to-date water impact/ditching statistics with a focus on human tolerances and survivability

Local Positioning Systems Krzysztof W. Kolodziej, Johan Hjelm, 2017-12-19 Local Positioning Systems: LBS Applications and Services explores the possible approaches and technologies to location problems including people and asset tracking, mobile resource management, public safety, and handset location-based services. The book examines several indoor positioning systems, providing detailed case studies of existing applications and their requirements, and shows how to set

them up. Other chapters are dedicated to position computation algorithms using different signal metrics and determination methods, 2D/3D indoor map data and location models, indoor navigation, system components and how they work, privacy, deployment issues, and standards. In detail, the book explains the steps for deploying a location-enabled network, including doing a site-survey, creating a positioning model and floor maps, and access point placement and configuration. Also presented is a classification for network-based and ad-hoc positioning systems, and a framework for developing indoor LBS services. This comprehensive guide will be invaluable to students and lecturers in the area of wireless computing. It will also be an enabling resource to developers and researchers seeking to expand their knowledge in this field.
