Blood, Sweat & Chrome Kyle Buchanan,2022-02-22 One of Entertainment Weekly's Best Books of 2022! New York Times journalist Kyle Buchanan details the bonkers construction of director George Miller's long-awaited and often seemingly-doomed fourth Mad Max movie via testimony from the filmmaker, Charlize Theron, Tom Hardy, and a host of others. The result is an epic and – when it comes to the Theron-Hardy on-set relationship – acrimonious tale no less jaw-dropping than the movie itself. — Entertainment Weekly A full-speed-ahead oral history of the nearly two-decade making of the cultural phenomenon Mad Max: Fury Road—with more than 130 new interviews with key members of the cast and crew, including Charlize Theron, Tom Hardy, and director George Miller, from the pop culture reporter for The New York Times, Kyle Buchanan. It won six Oscars and has been hailed as the greatest action film ever, but it is a miracle Mad Max: Fury Road ever made it to the screen... or that anybody survived the production. The story of this modern classic spanned nearly two decades of wild obstacles as visionary director George Miller tried to mount one of the most difficult shoots in Hollywood history. Production stalled several times, stars Tom Hardy and Charlize Theron clashed repeatedly in the brutal Namib Desert, and Miller's crew engineered death-defying action scenes that were among the most dangerous ever committed to film. Even accomplished Hollywood figures are flummoxed by the accomplishment: As the director Steven Soderbergh has said, "I don't understand how they're not still shooting that film, and I don't understand how hundreds of people aren't dead." Kyle Buchanan takes readers through every step of that moviemaking experience in vivid detail, from Fury Road's unexpected origins through its outlandish casting process to the big-studio battles that nearly mutilated a masterpiece. But he takes the deepest dive in reporting the astonishing facts behind a shoot so unconventional that the film's fantasy world began to bleed into the real lives of its cast and crew. As they fought and endured in a wasteland of their own, the only way forward was to have faith in their director's mad vision. But how could Miller persevere when almost everything seemed to be stacked against him? With hundreds of exclusive interviews and details about the making of Fury Road, readers will be left with one undeniable conclusion: There has never been a movie so drenched in sweat, so forged by fire, and so epic in scope.

When witches carry off her dad, Mup and her mam leave the mundane world to rescue him. But everything is odd in the strange, glittering Witches Borough, even Mam. Even Mup herself. Accused: My Story of Injustice (I, Witness) Adama Bah,2021-10-05 Launching a propulsive middle grade nonfiction series, a young woman shares her harrowing experience of being wrongly accused of terrorism. Adama Bah grew up in East Harlem after immigrating from Conakry, Guinea, and was deeply connected to her community and the people who lived there. But as a thirteen-year-old after the events of September 11, 2001, she began experiencing discrimination and dehumanization as prejudice toward Muslim people grew. Then, on March 24, 2005, FBI agents arrested Adama and her father. Falsely accused of being a potential suicide bomber, Adama spent weeks in a detention center being questioned under suspicion of terrorism. With sharp and engaging writing, Adama recounts the events surrounding her arrest and its impact on her life—the harassment, humiliation, and persecution she faced for crimes she didn't commit. *Accused* brings forward a crucial and unparalleled first-person perspective of American culture post-9/11 and the country's discrimination against Muslim Americans, and heralds the start of a new series of compelling narrative nonfiction by young people, for young people.

When Buffalo Sat Atop the Sports World Sal Maiorana,2020-03-04 From generation to generation there are some things that never change in Buffalo, New York. Every winter is cold and miserable; there is no place on earth that has better chicken wings despite many pretenders to the throne; and the professional sports teams that are in many ways the lifeblood of Western New York break the hearts and crush the souls of a passionate fan base that, nonetheless, though all the disappointment remains loyal and supportive. Born in 1960, the NFL's Buffalo Bills have never won a Super Bowl. Born in 1970, the NHL's Buffalo Sabres have never won a Stanley Cup. And in their brief eight-year existence, the Buffalo Braves never won an NBA championship. But there was a time, fleeting as it was in the mid-1970's, when all three of Buffalo's teams were winning consistently, were in the championship conversation, and were led by nationally-recognized superstars and future Hall of Famers in their respective sport - O.J. Simpson of the Bills, Gilbert Perreault of the Sabres, and Bob McAdoo of the Braves. Buffalo was a city in decline in the mid-1970's with unemployment rising and the population falling in terrifying numbers. Neighborhoods were in disrepair, businesses were closing down, and the economy was on life support, but the one thing that helped the city cope were its sports teams. The Bills, Sabres and Braves provided an outlet as Rich Stadium and Memorial Auditorium were places where people could go to forget about it all and spend a few hours being entertained by exciting teams and players who made Buffalo proud in the face of all the struggles. This is a remembrance of what it was like for Buffalo fans between the fall of 1973 and the spring of 1976, which was truly the golden age of Buffalo sports.

Empire of the Summer Moon S. C. Gwynne,2010-05-25 *Finalist for the Pulitzer Prize and the National Book Critics Circle Award* *A New York Times Notable Book* *Winner of the Texas Book Award and the Oklahoma Book Award* This New York Times bestseller and stunning historical account of the forty-year battle between Comanche Indians and white settlers for control of the American West “is nothing short of a revelation...will leave dust and blood on your jeans” (The New York Times Book Review). *Empire of the Summer Moon* spans two astonishing stories. The first traces the rise and fall of the Comanches, the most powerful Indian tribe in American history. The second entails one of the most remarkable narratives ever to come out of the Old West: the epic saga of the pioneer woman Cynthia Ann Parker and her mixed-blood son Quanah, who became the last and greatest chief of the Comanches. Although readers may be more familiar with the tribal names Apache and Sioux, it was in fact the legendary fighting ability of the Comanches that determined when the American West opened up. Comanche boys became adept bareback riders by age six; full Comanche braves were considered the best horsemen who ever rode. They were so masterful at war and so skillful with their arrows and lances that they stopped the northern drive of colonial Spain from Mexico and halted the French expansion westward from Louisiana. White settlers arriving in Texas from the eastern United States were surprised to find the frontier being rolled backward by Comanches incensed by the invasion of their tribal lands. The war with the Comanches lasted four decades, in effect holding up the development of the new American nation. Gwynne's exhilarating account delivers a sweeping narrative that encompasses Spanish colonialism, the Civil War, the destruction of the buffalo herds, and the arrival of the railroads, and the amazing story of Cynthia Ann Parker and her son Quanah—a historical feast for anyone interested in how the United States came into being. Hailed by critics, S. C. Gwynne's account of these events is meticulously researched, intellectually provocative, and, above all, thrillingly told. *Empire of the Summer Moon* announces him as a major new writer of American history.

The Watch that Ends the Night Hugh MacLennan,2009-05-18 George and Catherine Stewart share not only the burden of Catherine's heart disease, which could cause her death at any time, but the memory of Jerome Martell, her first husband and George's closest friend. Martel, a brilliant doctor passionately concerned with social justice, is presumed to have died in a Nazi prison camp. His sudden return to Montreal precipitates the central crisis of the novel. Hugh MacLennan takes the reader into the lives of his three characters and back into the world of Montreal in the thirties, when politics could send an idealist across the world to Spain, France, Auschwitz, Russia, and China before his return home.

The Down Goes Brown History of the NHL Sean McIndoe,2019-11-05 Sean McIndoe of *Down Goes Brown*, one of hockey's favourite and funniest writers, takes aim at the game's most memorable moments--especially if they're memorable for the wrong reasons--in this warts-and-all history of the NHL. The NHL is, indisputably, weird. One moment, you're in awe of the speed, skill and intensity that define the sport, shaking your head as a player makes an impossible play, or shatters a longstanding record, or sobs into his first Stanley Cup. The next, everyone's wearing earmuffs, Mr. Rogers has shown up, and guys in yellow raincoats are officiating playoff games while everyone tries to figure out where the league president went. That's just life in the NHL, a league that often can't seem to get out of its own way. No matter how long you've been a hockey fan, you know that sinking feeling that maybe, just maybe, some of the people in charge here don't actually know what they're doing. And at some point, you've probably wondered: Has it always been this way? The short answer is yes. As for the longer answer, well, that's this book. In this fun, irreverent and fact-filled history, Sean McIndoe relates the flip side to the National Hockey League's storied past. His obsessively detailed memory combines with his keen sense for the absurdities that make you shake your head at the league and yet fanatically love the game, allowing you to laugh even when your team is the butt of the joke (and as a life-long Leafs fan, McIndoe takes the brunt of some of his own best zingers). *The Down Goes Brown History of the NHL* is the weird and wonderful league's story told as only Sean McIndoe can.

Catch 22 Rick Vaive,Scott Morrison,2021-10-26 NATIONAL BESTSELLER Rick Vaive sets the record straight as he tells his story of turmoil in Toronto's Ballard years (and with Don Cherry's Mississauga Ice Dogs), growing up in an environment filled with alcohol and alcoholism, and his own struggles and battles. In the storied history of the Toronto Maple Leafs, no player scored fifty goals in a season until Rick Vaive in 1981-82--and he did it three years in a row. So why isn't his number 22 hanging from the rafters of the Leafs' rink and his name as revered in Leafs lore as more recent stars like Gilmour, Sundin and Clark? You could blame it on a team that lost far more than it won. You could blame Harold Ballard and his erratic ownership. You could blame the fans, the media... but Rick Vaive doesn't blame anybody. Sometimes, life just doesn't go your way. Growing up in a household plagued by alcoholism, the gifted young hockey player took shelter in the company of his grandmother and a blind and severely disabled uncle. Rick learned quickly that there are more valuable things in life than hockey. Even after his promising coaching career stopped dead when it ran

into Don Cherry in Mississauga--one of the worst seasons in Ontario junior hockey history--he still doesn't point fingers. Life is too sweet for regrets, but learning that lesson can be one hell of a ride.

Measuring Up Dan Robson,2021-05-11 SHORTLISTED for the 2022 Rakuten Kobo Emerging Writer Prize “Dan Robson’s book is a heart-wrenching portrait of grief. Anyone who has lost a parent will recognize it, know it intimately as you roll through the stages and finally come to the realization that a parent’s ultimate gift to a child is showing them how to live.”—Tanya Talaga, bestselling author of *Seven Fallen Feathers* A tender memoir of fathers and sons, love and loss, and learning to fill boots a size too big. Dan Robson’s father is a builder, a fixer. A man whose high-school education is enough not only to provide for his family, but to build a successful business. Rick Robson holds things up. When he dies, nothing in his son’s world feels steady anymore. In a very real sense, the home his father had built is suddenly fragile. Without its natural caretaker, the house will fall to pieces—and his family shows all the same signs of crumbling. Dan is hit especially hard. He knows he is not the man his father was. Dan never learned the blue-collar skills he admired, because his father wanted him to pursue his dream of becoming a writer. Now that his father is gone, the acknowledgment of his sacrifices and the sheer longing to be close to him again in some way draw Dan to the tools that lie unused in the garage. So begins Dan’s year of learning the skills his father’s hands had long mastered, and trying to fill the steel-toe boots left behind. *Measuring Up* is the story of that journey. Robson picks up where his father left off, working on the house and the truck, as much for the family as for himself. In much the same way that Michael Pollan comes to know his house inside-out in *A Place of My Own*, Robson learns the mysteries and proud satisfaction of plumbing, carpentry, wiring, and drywalling, and comes to understand how our homes are built. He also comes to see how his home was built by his father, uncovering more than one heartbreaking reminder of the kind of man his father was, and what he meant to his family. Tender and unflinching, *Measuring Up* is a story of love, mourning, and what it means to use your calloused hands to make the world around you a better place to live.

Hurricane: My Story of Resilience (I, Witness) Salvador Gómez-Colón,2021-10-05 Launching a propulsive middle grade nonfiction series, a young man shares how he combated Puerto Rico’s public health emergency after Hurricane Maria. Suffering heavy damage in the wake of Hurricane Maria in 2017, Puerto Rican communities lacked access to clean water and electricity. Salvador Gómez-Colón couldn’t ignore the basic needs of his homeland, and knew that nongovernmental organizations and larger foreign philanthropies could only do so much. With unstoppable energy and a deep knowledge of local culture, Salvador founded Light and Hope for Puerto Rico and raised more than \$100,000 to purchase and distribute solar-powered lamps and hand-powered washing machines to households in need. With a voice that is both accessible and engaging, Salvador recalls living through the catastrophic storm and grappling with the destruction it left behind.
