Sport Media Vectors: Digitization, Expanding Audiences, and the Globalization of Live Sport Laurel Walzak, Joe Recupero, 2021-05-12 In *Sport Media Vectors: Digitization, Expanding Audiences, and the Globalization of Live Sport* leading scholars from five continents explore the socio-cultural and political aspects of sport media vectors. The book covers a complementary range of topics: esports; livestreaming; traditional linear broadcasting; gender, sexual orientation and masculinities in sport media; global comparisons; media and technological implications of sport; and audience study. The book plays an important role in understanding the globalization of live sport from the sport media point of view, which has not been widely investigated. However, due to recent demand by fans to consume and engage with live sport and the concomitant growth of digital platforms supplying fans with access and enhancing their consumption experience, it is gaining importance and attention in the field. Consequently, a common thread is a focus on the intersection between scholarly work and its convergence with and practical relevance for industry practice.

Corpus Approaches to the Language of Sports Marcus Callies, Magnus Levin, 2019-09-19 Recent decades have seen a fundamental change and transformation in the commercialisation and popularisation of sports and sporting events. *Corpus Approaches to the Language of Sports* uses corpus resources to offer new perspectives on the language and discourse of this increasingly popular and culturally significant area of research. Bringing together a range of empirical studies from leading scholars, this book bridges the gap between quantitative corpus approaches and more qualitative, multimodal discourse methods. Covering a wide range of sports, including football, cycling and basketball, the linguistic aspects of sports language are analysed across different genres and contexts. Highlighting the importance of studying the language of sports alongside its accompanying audio-visual modes of communication, chapters draw on new digitised collections of language to fully describe and understand the complexities of communication through various channels. In doing so, *Corpus Approaches to the Language of Sports* not only offers exciting new insights into the language of sports but also extends the scope of corpus linguistics beyond traditional monomodal approaches to put multimodality firmly on the agenda.

The Impact of Digitalization on Sports Broadcasting Martin Hagelgans, 2022-11-24 Sports streaming services offer consumers the ability to watch live sports events on a variety of devices such as a TV, laptop, tablet or smartphone. Compared to movie streaming services (e.g. Netflix), streaming sports events is very different as the time aspect plays a very important role. As soon as the respective live sporting event has taken place and has been broadcast live, the interest in this event drops rapidly. This book deals with the analysis of digital technologies and streaming technology on sports broadcasting. The focus is on the German sports broadcasting industry. The main objective is to identify and analyse the different parameters that have changed due to the disruptive innovation of streaming and other technological innovations.

Antitrust Developments in Europe 2005 Romano Subiotto, Robbert Snelders, 2006-01-01 *Antitrust Developments in Europe 2005* provides a comprehensive and practical commentary on the past year's major developments in EC and national antitrust law. Topics covered include: and□Vertical Restraints and□Horizontal Agreements and□Abuse of Market Power and□Mergers and Acquisitions and□Joint Ventures and□State Aid and□Policy and Procedures This insightful and concise analysis of major antitrust actions contained in this yearbook will be invaluable to antitrust legal practitioners, in-house counsel, businesspeople and others with an interest in the field. This volume represents the combined efforts and expertise of Cleary Gottlieb Steen and Hamilton and□s antitrust practitioners in this rapidly-changing field.

Managing Sport Business David Hassan, 2018-05-11 Contemporary sport is both a sophisticated and complex international business and a mass participatory practice run largely by volunteers and community organisations. Now in a fully revised and expanded second edition, this authoritative and comprehensive introduction to the theory and practice of sports management helps to explain the modern commercial environment that shapes

sport at all levels and gives clear and sensible guidance on best practice in sports management, from elite sport to the local level. The first section examines the global context for contemporary sports management. The second explores the key functional areas of management, from organisation and strategy to finance and marketing, and explains how successful managerial techniques can be applied in a sporting context. The final section surveys a wide range of important issues in contemporary sports management, from corporate social responsibility to the use of information and communication technologies. Together, these sections provide a complete package of theory, applied practical skills and a state-of-the-art review of modern sport business. Complemented by a companion website full of additional resources, this book is essential reading for all students of sport management and sport business.

Bundesliga - Qualifying system, List of foreign Bundesliga players - Angola, Elek Schwartz - Bundesliga with Eintracht Frankfurt, 1970-71 Bundesliga - Bundesliga scandal, Bundesliga (handball) - Relegation and Promotion, 1999 UEFA Champions League Final - Background, Promotion to the Bundesliga, List of foreign Bundesliga players - Romania, 1965-66 Bundesliga - Team changes to 1964-65, List of foreign Bundesliga players - Belarus, 1995-96 Bundesliga - Team overview, 2009-10 Bundesliga - Stadia and locations, List of foreign Bundesliga players - Guinea-Bissau, FIFA 09 - Adidas Live Season, TSG 1899 Hoffenheim - 2008 - Bundesliga, 2008-09 Bundesliga - Relegation playoff, Oberliga Nord (1947-63) - Qualifying to the Bundesliga, Under 19 Fussball-Bundesliga - League pyramid, 1986-87 Bundesliga - Team changes to 1985-86, Under 19 Fussball-Bundesliga - Under 19 Bundesliga South/Southwest, 1990-91 Bundesliga, List of foreign Bundesliga players - Bosnia and Herzegovina, and much more

National Pastime Stefan Szymanski, Andrew Zimbalist, 2005-03-11 This is the story of two great sports. One is America's game, while the other is the world's game. Baseball and soccer are both beloved cultural institutions. What draws fans to one game is often a mystery to fans of the other. Despite superficial differences, however, the business and culture of these sports share more in common than meets the eye. This is the first in-depth, cross-cultural comparison of these two great pastimes and the megabusineses that they have become. In *National Pastime*, Stefan Szymanski and Andrew Zimbalist illustrate how the different traditions of each sport have generated different possibilities for their commercial organization and exploitation. They pay special attention to the rich and complex evolution of baseball from its beginnings in America, and they trace modern soccer from its foundation in England through its subsequent expansion across the world. They illustrate how Victorian administrators laid the foundation for Major League Baseball (MLB) and soccer leagues such as the English Premier League, Italy's Serie A, and the European Champions League. The authors show how the organizers of baseball and soccer have learned from each other in the past and how they can continue to do so. Both sports are rich in tradition. In some cases, however, these traditions—often arbitrary rules established by long-defunct administrators—have obstructed the healthy development of the sport. By studying the experiences of other sports, it might be possible to develop new and better ways to operate. For example, soccer might benefit from greater cooperation among teams as in baseball. On the other hand, MLB could learn from soccer's relegation rules and

more open system of ownership, thus avoiding some of the excesses (competitive imbalance, uneven team resources) associated with monopoly. National Pastime does not advocate the jettisoning of all tradition to adopt wholesale the approach of another sport, of course. In an era of globalization, where business interests are increasingly looking to transplant organizational ideas in order to maximize profits, the authors argue that fan-friendly reforms may be necessary in order to avoid something worse. Ultimately, they propose no simple solutions, instead suggesting specific reforms to the organization of baseball and soccer, drawing on each other's experiences. Lively and accessibly written, this book is essential reading for business analysts, journalists, policymakers, and managers of both sports. Most of all, however, it will appeal to baseball and soccer aficionados, whether they root for the New York Yankees, Manchester United, or Real Madrid.

Images in Mobile Communication Corinne Martin,Thilo von Pape,2011-10-03 This volume provides an original perspective on mobile communication, focusing on the emerging deployment of images in mobile phone usage: photography, video, mobile television, mobile internet, etc. Deeply embedded in our audiovisual culture, images possess the undeniable power to reshape the future of the mobile phone as an "individual mass medium". In this collection, European researchers in media and communication studies, sociology, anthropology and political science present empirical and conceptual work on a wide range of issues, including cultural change, new forms of sociability on individual and societal levels, tactics and strategies of users and producers, and finally, representations and imaginaries of the mobile phone in other established media. This book is written for researchers and students of sociology, communication studies and cultural studies as well as for practitioners of interactive media and online communication.

Football in the New Media Age Raymond Boyle,Richard Haynes,2004-07-31 Football in the New Media Age analyzes the impact of media change on the football industry, drawing on extensive interviews with key people in the media and football industry. It examines the finances of the game; the rising importance of rights and rights management in the industry; and attempts by clubs to develop their own media capacity. At the core of the book is an examination of the battle for control of the game as media, business and fans all seek to redefine the sport in the twenty-first century. Football is rarely out of the headlines, with stories about star players misbehaving, clubs facing financial meltdown, or TV companies battling over broadcast rights dominating much of the mainstream news and current affairs agenda.The impact of the vast amounts of money paid to elite footballers, and the inability of young men to cope with this when combined with their media-fuelled celebrity status, have frequently made headlines. At the core of this process is the battle to control a game that has exploited its position as a key 'content provider' for new media over the last decade, and this book provides the examination and analysis to study this problem.

A Modern Guide to Sports Economics Koning, Ruud H.,Kessenne, Stefan,2021-10-26 This timely Modern Guide offers critical insights into developments in both professional and recreational sports through the lens of the economic forces that determine them. It explores the benefits of the relationship between sports and economics, highlighting ways that economic research can help to understand sports better and the ways that sport provides opportunities to test economic theories.

The Rough Guide to Germany Rough Guides,2015-04-01 The Rough Guide to Germany is the ultimate travel guide to this dynamic country - simultaneously one of the most rewarding and most overlooked travel destinations in Europe. Detailed accounts of every attraction provide all the information you need to explore the country's exceptional museums, iconic architecture, stylish cities and picture-perfect castles, as well as its many rural escapes, from the soaring Bavarian Alps and dense woodlands of the Black Forest to the beautiful beaches and islands of the North Sea or the idyllic Rhineland vineyards where you can sample some of the country's many world-class wines. All the best festivals are covered too, from Cologne's riotous Carnival to the legendary Oktoberfest. The guide's bevy of practical advice ensures that, no matter what your budget, you'll find the perfect

boutique hotel, quirky hostel, authentic cellar restaurant, Michelin-starred gourmet haunt, cutting-edge arts venue or hip bar and club, all marked on the book's many colour maps. The Rough Guide to Germany includes well-researched historical and cultural background to help you understand and appreciate this complex country and, above all, make the most of your holiday. Make the most of your time on Earth™ with The Rough Guide to Germany.

Women, Soccer and Transnational Migration Sine Agergaard, Nina Clara Tiesler, 2014-08-21 Estimated participation figures of almost 30 million worldwide make soccer the most prominent team sport amongst girls and women. However, making a living as a female player is only deemed possible in approximately 20 out of around 150 FIFA-listed women's soccer countries. This has led to a situation where highly skilled sports women have to migrate from their homelands to find employment with a professional team. *Women, Soccer and Transnational Migration* represents a substantial contribution to our knowledge on the development of women's soccer, to research into sports labor migration and sport and globalization more broadly. The book consists of three parts. Firstly, it provides an overview and an analysis of migration in women's soccer from its earliest forms until now. It then presents several case studies, delivered by scholars from around the world, illustrating how female players are increasingly being drawn to the USA, Northern Europe and Scandinavia due to their ability to support professional leagues. Finally, all the themes and patterns of these case studies are drawn together to be able to compare and contrast migration in women's soccer to sport migration and globalization more broadly. This study not only makes recommendations for future researchers, but may also serve as an important source of information for those in charge of policy. As such, it is essential reading for students, lecturers, researchers and practitioners involved in sports migration and women's sport.

German Football Alan Tomlinson, Christopher Young, 2006-05-09 This topical book provides unprecedented analysis of football's place in post-war and post-reunification Germany. The expert team of German and British contributors offers wide-ranging perspectives on the significance of football in German sporting and cultural life, showing how it has emerged as a focus for an expression of German national identity and pride in the post-war era. Some of the themes examined include: footballing expressions of local, regional and national identity ethnic dynamics, migrant populations and Europeanization German football's commercial economy women's football. Key moments in the history of German football are also explored, such as the victories in 1954, 1972 and 1990, the founding of the Bundesliga, and the winning bid for the 2006 World Cup.

The Demand for International Football Telecasts in the United States Georgios Nalbantis, Tim Pawlowski, 2017-02-06 This book provides a comprehensive overview and economic analysis of US consumer demand for televised football (soccer). Accounting for transnational demand, research is focused on the US consumers demand for the English Premier League, Spanish La Liga, Italian Serie A, German Bundesliga, French Ligue 1 and the UEFA Champions League, which represent the most popular and marketable football competitions worldwide, and have recently sealed lucrative media rights contracts in many large markets, including the US. The study also takes account of North American Major League Soccer (MLS) in order to provide a more comprehensive overview of the country's football market and to allow for direct comparisons with the aforementioned European competitions. These findings offer valuable insights for US broadcasters, European league organizers and managers to adjust existing strategies and/or develop new strategies in conquering the US football market.

Tor! Ulrich Hesse-Lichtenberger, 2003

Media Management and Live Experience Alex Connock, 2024-04-03 Global and authoritative, this textbook maps modern, live experience media, the categories that thrive on real-time engagement and human connection – even in the age of synthetic content, AI and the Metaverse. Sports and sports betting, festivals, comedy, concerts, tours and theme parks are covered – plus theatre, trade events, conventions, museums and galleries, and immersive media. Live media events included are Burning Man, Glastonbury, the Indian Premier League, the English Premier League, Olympics, NBA

and Bundesliga – plus sell-out Taylor Swift tours, the World Cup, Super Bowl, Ryder Cup and Formula One. Business models in this media category start with ticketing and advertising – now amplified with ecommerce, affiliate marketing, subscription and gambling transactions. Deep dives ask: Why is Saudi Arabia investing billions into golf and football? Why is standup comedy big in Nigeria? How are Broadway and the West End evolving? What do immersive technologies like Abba Voyage and the MSG Sphere offer for the future? With class questions, a quiz, summaries and slides for each chapter, this is a guide and course structure for anyone at university level or in industry studying the media, music, entertainment, events, exhibitions, sports, social media or gambling industries.

Concepts and Methods for a Librarian of the Web Mario Kubek, 2019-06-20 The World Wide Web can be considered a huge library that in consequence needs a capable librarian responsible for the classification and retrieval of documents as well as the mediation between library resources and users. Based on this idea, the concept of the “Librarian of the Web” is introduced which comprises novel, librarian-inspired methods and technical solutions to decentrally search for text documents in the web using peer-to-peer technology. The concept’s implementation in the form of an interactive peer-to-peer client, called “WebEngine”, is elaborated on in detail. This software extends and interconnects common web servers creating a fully integrated, decentralised and self-organising web search system on top of the existing web structure. Thus, the web is turned into its own powerful search engine without the need for any central authority. This book is intended for researchers and practitioners having a solid background in the fields of Information Retrieval and Web Mining.

Sport: Law and Practice Adam Lewis KC, Jonathan Taylor KC, 2021-03-15 Sport: Law and Practice, Fourth Edition is the leading legal title covering sports law and practice in the UK, and at the Court of Arbitration for Sport. It serves both as a comprehensive statement of applicable law and precedent, and as a very practical guide to circumnavigating a complex sector. The new edition retains and updates all of the key chapters from previous editions, including the extended sections on challenges to the actions of sports governing bodies, and on anti-doping regulation and enforcement (with an introduction to the new 2021 World Anti-Doping Code). There are important updates to the chapters on Regulating Financial Fair Play, Misconduct, Safeguarding in Sport, the Court of Arbitration for Sport, and Media Rights and Sport. The Fourth Edition also adds brand new chapters dealing with: -Effective sports regulation (including the first ever comprehensive discussions of the 'general principles of law' applied by CAS panels in determining challenges to sports regulations, as well as of the principles of interpretation of sports regulations). -Best practice in sports governance (describing developments such as the strengthening of the competence and independence of boards and the emergence of independent integrity units). -Data protection law and sport (including discussion of the provisions of the Data Protection Act 2018 that facilitate the sharing of personal data by sports bodies for integrity-related purposes). -Exploiting commercially valuable sports data (explaining how sports rights-holders can fashion commercial agreements to meet the demand for sports data from the betting industry and others). -ESports (the first comprehensive treatment of the legal and practical principles underlying the regulation and commercial exploitation of the increasingly important ESports sector). Readers will also benefit from practice tips, precedent clauses, detailed explanations of key practical issues, and step-by-step analysis. This is an essential title for all sports law practitioners (solicitors and barristers, common law and civil lawyers), sports governing bodies, event organisers, clubs, participants, sports agencies and commercial partners, arbitrators, universities, and students.
