The Secret to Profitable Business Ideas Dext Williams, 2014-08-13 What Everyone Ought to Know About The Secret to Profitable Business Ideas Who Else Wants to Know How

to Maximize Their Sales Without Financial or Emotional Risk? 8 out of 10 businesses fail within their first 18 months, but what makes the remaining 2 out of 10 so tremendously successful? Now it's time that you discovered their secret, and put it to use for your own business endeavours. The Secret to Profitable Business Ideas is not just a book, it's your effective business building shortcut. An impressive resource based on over 7 years of researching the elite strategies and tactics used profitably by over 10,000 successful companies, in 400 different industries. Straight to the point, without any fluff, this will be your secret weapon to easily gaining an unfair advantage over your competition. Best selling author, Dext Williams, created this resource after observing the struggles and frustrations of many business owners as they helplessly tried to stay out of bankruptcy during rough economic times. Realizing that many of these businesses were succumbing to what he calls the five fatal traps of business, Dext decided to reveal what his research had proven to be... The Secret to Profitable Business Ideas. If you're looking to start your own business, increase sales and transform an existing business, or invest in a business concept, then this book is a must have resource for you. Nothing else comes close to boosting your business idea's likelihood of success faster than you ever dreamed possible. Here are just some of the concepts Dext reveals in this book: The one word you must never use in your business and marketing plan (it starts with the letter E) The #1 result any new business idea you have must generate (Hint: it's NOT profit) The two most important questions you will ever answer in your business (master these and watch the jaw-dropping effect on your bottom-line) 5 systems that many businesses owners drop the ball on which leaves them vulnerable (implement these shockingly ingenious tactics to crush your competitors) A costly mistake entrepreneurs make when identifying a market segment to target (with devastating consequences if ignored) and many, Many MORE! Dext's reveals

strategies that have generated the following results: a) An automotive business implemented one strategy that not only saved the business from possible bankruptcy, but also increased average sales from \$120 up to \$1,000 per customer. That's a 733% boost in revenue. b) A retail store, making one small test to try a new approach, watched their sales increase up to 15% and the business triple in just three years as a result. c) A plumbing firm implemented one strategy and caused the number of new inquiries to increase by 400%, with a 65% conversion rate to paying customers, in just seven months. d) Using one simple strategy, a chiropractor took their business from \$6,000 per month to \$70,000 per month within 90 days. That translates into a 1066.667% increase in sales within just three months. What kind of impact would results like these have in your life?

5 Crucial Ingredients of the Perfect Business Idea ,

25 Business Ideas For Smart Entrepreneurs Arun

Jayaram,2021-02-10 They say business ideas are dime a dozen but I don't fully agree with this!! If you want pursue a idea similar to that of a multi national conglomerate you are sure to go bust.. Unless have resources for it.. All that aside ideas are very important. Otherwise you will be competing in red ocean(basically from the book blue ocean strategy the idea is to focus on niche or business where there is not much competition) . But that doesn't stop there. Many people waste time by coming up idea after idea without taking action,(they are called wanterpreneurs) which is of no use .. After idea test for its validity and money making potential and pursue it execution is name of the game!! . Test test test and improvise on your initial

idea or hypothesis!!

Mental Sparks Nathan Ayotte, 2020-10-29 One of the early books I read, *The Success Principles*, by Jack Canfield instructed if you “think it, Inc. it.” Although Canfield was making a play on words to Incorporate your ideas, this was my immediate clue to begin writing down these ideas on what I originally called an Invention Idea List. Through the process of time, I have collected 36 invention ideas, and 39 business ideas, for a total of 75 ideas. Now, I am making my list public. Each invention and business idea is provided a written description, a background from which the idea came to fruition, and a status of its potential for you. Whether you are an upcoming or experienced inventor looking for fresh invention ideas, this book will be a resource for you. Additionally, if you are looking for dozens of new, business ideas to spark means of creating income, this book is also for you. No doubt, the price of this book is expensive. The reason is the intellectual property value that I am exposing publicly. Many of these ideas I prefer not to make public because of their high investment return potential, but to align with my personal principle, Honesty is always the best policy, all of my remaining 75 ideas are being publicized. As a result, I encourage you to utilize the content of this book to broaden your awareness of potential millionaire invention ideas, and income producing business ideas.
