

Butterfly Puddle Live Wallpape

Kenn Kaufman, Kimberly Kaufman

Hello, Puddle! Anita Sanchez, 2022-03-22 A nonfiction picture book exploring a deceptively simple but unexpectedly crucial resource for wildlife: puddles! This lyrical, gorgeously illustrated nonfiction picture book is perfect for young science learners and nature lovers. Hello, puddle! Who's here? A normal everyday puddle may not seem very special. But for a mother turtle, it might be the perfect place to lay her eggs. For a squirrel, it might be the only spot to cool off and get a drink when the sun is shining down in July. And for any child, it can be a window into the elegant, complex natural world right outside their window. With lush, playful illustrations and fun facts about the animals featured, Hello, Puddle! is a joyful celebration of the remarkable in the ordinary, and the importance of even the most humble places in fostering life.

The Road to After Rebekah Lowell, 2022-05-10 This poignant debut novel in verse is a portrait of healing, as a young girl rediscovers life and the soothing power of nature after being freed from her abusive father. For most of her life, Lacey has been a prisoner without even realizing it. Her dad rarely let her, her little sister, or her mama out of his sight. But their situation changes suddenly and dramatically the day her grandparents arrive to help them leave. It's the beginning of a different kind of life for Lacey, and at first she has a hard time letting go of her dad's rules. Gradually though, his hold on her lessens, and her days become filled with choices she's never had before. Now Lacey can take pleasure in sketching the world as she sees it in her nature journal. And as she spends more time outside making things grow and creating good memories with family and friends, she feels her world opening up and blossoming into something new and exciting.

Kaufman Field Guide to Nature of New England Kenn Kaufman, Kimberly Kaufman, 2012 Presents an illustrated field guide to the plants, wildlife, night sky, and natural environments of

New England.

Mr. Lincoln's Chair Anita Sanchez, 2009 The Civil War struck America's Shaker communities with all the violence of a hurricane. Through the dramatic story of two worlds in collision, author Anita Sanchez gives illuminating insights into the nature of each. As she unfolds the story of the Shakers' quest to spur President Abraham Lincoln to grant them conscientious objector status, the reader realizes how critically important to our nation is the legacy of a people who are too often dismissed as merely being the makers of nice chairs. Vivid and beautifully written, this book is a wonderful introduction to the history, faith, culture and heritage of the Shakers, who have been interacting with and quietly influencing the mainstream culture of the United States for over 230 years while most Americans were unaware it was even happening. - Darryl Thompson Shaker historian and historical interpreter Book jacket.

The Humane Gardener Nancy Lawson, 2017-04-18 In this eloquent plea for compassion and respect for all species, journalist and gardener Nancy Lawson describes why and how to welcome wildlife to our backyards. Through engaging anecdotes and inspired advice, profiles of home gardeners throughout the country, and interviews with scientists and horticulturalists, Lawson applies the broader lessons of ecology to our own outdoor spaces. Detailed chapters address planting for wildlife by choosing native species; providing habitats that shelter baby animals, as well as birds, bees, and butterflies; creating safe zones in the garden; cohabiting with creatures often regarded as pests; letting nature be your garden designer; and encouraging natural processes and evolution in the garden. The Humane Gardener fills a unique niche in describing simple principles for both attracting wildlife and peacefully resolving conflicts with all the creatures that share our world.

Daughter of Smoke & Bone Laini Taylor, 2011-09-27 The first book in the New York Times bestselling epic fantasy trilogy by

award-winning author Laini Taylor *Around the world, black handprints are appearing on doorways, scorched there by winged strangers who have crept through a slit in the sky. In a dark and dusty shop, a devil's supply of human teeth grown dangerously low. And in the tangled lanes of Prague, a young art student is about to be caught up in a brutal otherworldly war. Meet Karou. She fills her sketchbooks with monsters that may or may not be real; she's prone to disappearing on mysterious errands; she speaks many languages--not all of them human; and her bright blue hair actually grows out of her head that color. Who is she? That is the question that haunts her, and she's about to find out. When one of the strangers--beautiful, haunted Akiva--fixes his fire-colored eyes on her in an alley in Marrakesh, the result is blood and starlight, secrets unveiled, and a star-crossed love whose roots drink deep of a violent past. But will Karou live to regret learning the truth about herself?*

Itch! Anita Sanchez, 2018-03-13 Everybody gets itchy, and every kid will love this title that scratches the itch to know more and about the history, anatomy, botany, biology behind it. Perfect for fans of Grossology books looking for something more substantive and dynamic. You can feel it coming on—that terrible, tortuous ITCH. As irritating as an itch is, it is also your body's way of sending you a message you can't miss, like you've brushed up against poison ivy or lice have taken up residence in your hair. None of which you'd know without that telltale itch! And there are so many things that make us itch—from fungus to fleas, mosquitoes to nettles, poison ivy to tarantulas! Combining history, anatomy, laugh-out-loud illustrations, and even tips to avoid—and soothe—the itch, Anita Sanchez and Gilbert Ford take readers on an intriguing (and sometimes disgusting) look into what makes you scratch.

A Stolen Life Jaycee Dugard, 2011-07-12 A raw and powerful memoir of Jaycee Lee Dugard's own story of being kidnapped as an 11-year-old and held captive for over 18 years On 10 June

1991, eleven-year-old Jaycee Dugard was abducted from a school bus stop within sight of her home in Tahoe, California. It was the last her family and friends saw of her for over eighteen years. On 26 August 2009, Dugard, her daughters, and Phillip Craig Garrido appeared in the office of her kidnapper's parole officer in California. Their unusual behaviour sparked an investigation that led to the positive identification of Jaycee Lee Dugard, living in a tent behind Garrido's home. During her time in captivity, at the age of fourteen and seventeen, she gave birth to two daughters, both fathered by Garrido. Dugard's memoir is written by the 30-year-old herself and covers the period from the time of her abduction in 1991 up until the present. In her stark, utterly honest and unflinching narrative, Jaycee opens up about what she experienced, including how she feels now, a year after being found. Garrido and his wife Nancy have since pleaded guilty to their crimes.

On the Wing David Elliott, 2021-01-26 David Elliott's witty verse takes flight with gorgeous illustrations in an enchanting look at fifteen avian species for birders of all ages. Take to the sky to explore a glorious array of all things avian, from the tiny, restless hummingbird to the inscrutable horned owl to the majestic bald eagle. David Elliott and Becca Stadtlander bestow a sense of wonder onto such common birdfeeder visitors as the sparrow, the crow, and the cardinal and capture the exotic beauty of far-flung fowl like the Andean condor, the Australian pelican, and the Caribbean flamingo. Concise, clever verse from an award-winning author pairs with striking artwork from a debut illustrator to make this a true pleasure for anyone who loves birds.

Jabari Tries Gaia Cornwall, 2022-02-01 Jabari is inventing a machine that will fly all the way across the yard! But making it go from CRASH to WHOOSH will take grit, patience, and maybe even a little help from his sister. Jabari is making a flying machine in his backyard! "It'll be easy. I don't need any help," he declares. But it doesn't work! Jabari is frustrated. Good thing Dad is there for a

pep talk and his little sister, Nika, is there to assist, fairy wings and all. With the endearing father-child dynamic of Jabari Jumps and engaging mixed-media illustrations, Gaia Cornwall's tale shows that through perseverance and flexibility, an inventive thought can become a brilliant reality.

A Day So Gray Marie Lamba, 2019 A winter's day is transformed from bleak to beautiful by warm friendship and a new perspective in a gentle story that encourages the appreciation and celebration of cozy pleasures and quiet joys.

The Girl Who Fell Beneath Fairyland and Led the Revels Catherynne M. Valente, 2012-10-02 Returning to Fairyland after a long period away following her first adventure there, September discovers that her stolen shadow has become the Hollow Queen, the new ruler of Fairyland Below, who is stealing the magic and shadows from Fairyland folk and refusing to give them back.

Eternally Yours Cate Tiernan, 2012-11-06 Every ending is a new beginning. In the first two *Immortal Beloved* novels, 450-year-old ex-party girl Nastasya Crowe spends five months at River's Edge, a rehab for immortals with troubled pasts. In between uncovering her family's epic magickal history and flirting with Reyn, a heartbreakingly hot Viking wonder boy, Nastasya finally learns that being good is a choice within her power. Just as she's starting to truly change, she discovers that someone is killing immortals around the world and that River's Edge and her new friends may be the next targets. Armed with her own brand of kick-butt magick, Nastasya joins forces with her immortal friends and teachers as they battle an evil that has plagued the world for much too long. By claiming her heritage, Nastasya fights back against darkness...but can she also fight against true love? Probably not if Reyn has anything to say about it. With vivid historical flashbacks, stark emotional reckoning, and laugh-out-loud dialogue, the *Immortal Beloved* trilogy is a fascinating and unique take on what it would mean to live forever.

Secrets of the Oak Woodlands Kate Marianchild,2013-08-15 A Californian may vacation in Yosemite, Big Sur, or Death Valley, but many of us come home to an oak woodland. Yet, while common, oak woodlands are anything but ordinary. In a book rich in illustration and suffused with wonder, author Kate Marianchild combines extensive research and years of personal experience to explore some of the marvelous plants and animals that the oak woodlands nurture. Acorn woodpeckers unite in marriages of up to ten mates and raise their young cooperatively. Ground squirrels roll in rattlesnake skins to hide their scent from hungry snakes. Manzanita's rust-colored, paper-thin bark peels away in time for the summer solstice, exposing sinuous contours that are cool to the touch even on the hottest day. Conveying up-to-the-minute scientific findings with a storyteller's skill, Marianchild introduces us to a host of remarkable creatures in a world close by, a world that rustles, hums, and sings with the sounds of wild things.
