Hannah Reed

**Buzz** Stephen Braun, 1996 Alcohol and caffeine are deeply woven into the fabric of life for most of the world's population. Laced with anecdotes and lore, this book explains the effect of caffeine and alcohol, debunking old myths and misconceptions.

**Buzz** Jeffrey Spivak, 2011 The Great Depression was defined by poverty and despair, but visionary American filmmaker Busby Berkeley (1895-1976) managed to divert the public's attention away from the economic crash with some of the most iconic movies of all time. Known for his kaleidoscopic dance numbers featuring multitudes of performers in extravagant costumes, his musicals provided a brief respite for an audience whose reality was hard and bitter. *Buzz: The Life and Art of Busby Berkeley* is a revealing study of the director, drawing from interviews with his colleagues, newspaper and legal records, and Berkeley's own unpublished memoirs to uncover the life of a Hollywood legend renowned for his talent and creativity. Jeffrey Spivak examines how Berkeley's career evolved from creating musical numbers for other directors in films such as *42nd Street* (1933) and *Gold Diggers of 1933* (1933) to directing his own pictures, such as *Strike up the Band* (1940) and *The Gang's All Here* (1943). Though Berkeley claimed he was no choreographer, his movies revitalized the public's waning interest in musical pictures. While other popular filmmakers advertised their works specifically as nonmusical, Berkeley embraced his niche, eventually becoming the premier dance director of his time. However, the happy face Berkeley presented publicly did not necessarily reflect his life. Offstage and away from the set, the director met with scandal, and his fondness for liquor and women was well known. In September 1935, he was involved in a car accident that left three people dead and

four others severely injured. Accused of driving under the influence, he was put on trial for second-degree murder. The accident significantly changed the nature of his stardom.

**Buzz** Thor Hanson, 2018-07-10 As seen on PBS's American Spring LIVE, the award-winning author of *The Triumph of Seeds and Feathers* presents a natural and cultural history of bees: the buzzing wee beasties that make the world go round. Bees are like oxygen: ubiquitous, essential, and, for the most part, unseen. While we might overlook them, they lie at the heart of relationships that bind the human and natural worlds. In *Buzz*, the beloved Thor Hanson takes us on a journey that begins 125 million years ago, when a wasp first dared to feed pollen to its young. From honeybees and bumbles to lesser-known diggers, miners, leafcutters, and masons, bees have long been central to our harvests, our mythologies, and our very existence. They've given us sweetness and light, the beauty of flowers, and as much as a third of the foodstuffs we eat. And, alarmingly, they are at risk of disappearing. As informative and enchanting as the waggle dance of a honeybee, *Buzz* shows us why all bees are wonders to celebrate and protect. Read this book and you'll never overlook them again.

**Buzz** Katherine Ellison, 2010-10-05 An absorbing, sharply observed memoir. -- Kirkus Reviews A hilarious and heartrending account of one mother's journey to understand and reconnect with her high-spirited preteen son—a true story sure to beguile parents grappling with a child's bewildering behavior. Popular literature is filled with the stories of self-sacrificing mothers bravely tending to their challenging children. Katherine Ellison offers a different kind of tale. Shortly after Ellison, an award-winning investigative reporter, and her twelve-year-old son, Buzz,

were both diagnosed with attention deficit/hyperactivity disorder, she found herself making such a hash of parenting that the two of them faced three alternatives: he'd go to boarding school; she'd go AWOL; or they'd make it their full-time job to work out their problems together. They decided to search for a solution while Ellison investigated what genuine relief, if any, might be found in the confusing array of goods sold by the modern mental health industry. The number of diagnoses for childhood attention and behavior issues is exploding, leaving parents and educators on a confusing chase to find the best kind of help for each child. *Buzz*, a page-turner of a memoir, brings much relief. It is immensely engaging, laugh-out-loud funny, and honest-and packed with helpful insights.

*Buzz* Eileen Spinelli, 2010-07-06 *Buzz* loves absolutely everything there is about being a bee. She loves her yellow and black jacket. She loves the way the flowers smell in the springtime. But the thing she loves most of all is being able to fly. Through the trees and down around the pond, past the farm and around the rosebushes - she flies everywhere. But when she hears that bees aren't supposed to be able to fly, she finds herself unable to get off the ground. What is little *Buzz* to do? How will she find her wings again?

**Buzz** Lisa Jean Moore, Mary Kosut, 2013-09-27 Winner, 2014 Distinguished Scholarship Award presented by the Animals & Society section of the American Sociological Association Bees are essential for human survival—one-third of all food on American dining tables depends on the labor of bees. Beyond pollination, the very idea of the bee is ubiquitous in our culture: we can feel buzzed; we can create buzz; we have worker bees, drones, and Queen bees; we establish collectives and even have communities that share a hive-mind. In *Buzz*, authors Lisa Jean Moore and Mary Kosut convincingly argue that the power of bees goes

beyond the food cycle, bees are our mascots, our models, and, unlike any other insect, are both feared and revered. In this fascinating account, Moore and Kosut travel into the land of urban beekeeping in New York City, where raising bees has become all the rage. We follow them as they climb up on rooftops, attend beekeeping workshops and honey festivals, and even put on full-body beekeeping suits and open up the hives. In the process, we meet a passionate, dedicated, and eclectic group of urban beekeepers who tend to their brood with an emotional and ecological connection that many find restorative and empowering. Kosut and Moore also interview professional beekeepers and many others who tend to their bees for their all-important production of a food staple: honey. The artisanal food shops that are so popular in Brooklyn are a perfect place to sell not just honey, but all manner of goods: soaps, candles, beeswax, beauty products, and even bee pollen. *Buzz* also examines media representations of bees, such as children's books, films, and consumer culture, bringing to light the reciprocal way in which the bee and our idea of the bee inform one another. Partly an ethnographic investigation and partly a meditation on the very nature of human/insect relations, Moore and Kosut argue that how we define, visualize, and interact with bees clearly reflects our changing social and ecological landscape, pointing to how we conceive of and create culture, and how, in essence, we create ourselves.

*Buzz* Ananth Panagariya, 2013-12-11 Webster is a bundle of nerves headed into his first day of high school, but whatever academic and social horrors he feared are nothing compared to what's in store for him as he stumbles into an unsanctioned street level spelling bee! And this ain't no staged production, either – letters fly like jump kicks and the losers leave bruised and beaten more often than not!

Soon he's propelled into the fast-paced world of competitive spelling by the mysterious Outlaw King and his cohort the Black Queen. Does Webster have what it takes to get the spelling world buzzing? Find out in this word-based battle royale from web-sensations Ananth Panagariya (Johnny Wander) and Tessa Stone (Hanna is Not a Boy's Name)!

**Buzz!** Kenneth Carter,2019-10-31 Are you a thrill-seeker or a chill-seeker? A clinical psychologist lifts the lid on what makes adrenaline junkies tick.

**Buzz Off** Hannah Reed,2010-09-07 After her mentor in the honey business is found suspiciously stung to death in his apiary, beekeeper Story Fischer must sort through a swarm of suspects, including her ex-husband.

*Buzz Riff* Sam Hill,2020-08-20 'Fast, funny and popping with surprises' Robert Crais Top Keirnan has got problems. The research firm he's been running out of his 30s-era schoolhouse in Athens, Georgia, is beginning to founder, thanks to his former office manager (and ex-lover), who has stolen half his clients and set up shop on her own. And Top is no longer banking big bucks as an operative for Shaw's Mercantile Marine since they've decided his addiction to the adrenaline buzz is more of a risk than an asset. Things are looking tough for Top, when he gets a call. American Civil War General 'Stonewall' Jackson was shot by his own men while on night patrol. His aide-de-camp reached into the General's saddlebags to find something to press against the wound and pulled out a new flag, the Stars and Bars. Stonewall died, but the Bloody Red Rag, as the flag became known, went on to become the most valuable relic of the war. Now it's been stolen and Top is asked to find it. Normally Top wouldn't touch a job like this: the money's too small, and he's not excited about his arrogant, bigoted client, Professor Jay Pope-Scott. Problem is, Top badly needs those twenty thousand dollars. So he's soon taking on

fanatical collectors, ultra-right-wing religious paramilitaries, a biker gang, Fourth Federal Bank and his former lover to save the school and recover the flag. In this sequel to Sam Hill's knockout debut novel, BUZZ MONKEY, the action comes non-stop. The scrapes are daunting, the escapes hair-raising and the outcome stunningly unpredictable.

Buzz a Buzz Or the Bees Anonymous,2023-06-14

**Buzz, Buzz, Buzz** Byron Barton,1975 A disastrous chain of events in the farmyard begins when the bee stings the bull.

**Buzz -N- Zipp** Benjamin Wolfe,2022-08-01 Born on the Fourth of July 1999, while waiting for the main fireworks display in Prescott, Arizona to begin, zany and lovable Buzz and Zipp, well, sort of popped up, started flying around in my mind, then stopped and looked right at me. It was if they were saying, Hi there! Well, what are you gonna do with us now. So as they started buzzing around in my conscious mind and vision, I was thinking about them and all that would follow. I think I laughed a few times about their curious and funny personalities. What a deal! A dad and a son. Mentor and protégé. A buddy and sidekick. For these two, it had just started. The first episode is an introduction to these two learning and well-meaning East Coast house flies. They move to sort of escape the cold winters but still consider themselves East Coasters. But foremost, they are patriots. They love God, family, each other, and their great country. They also enjoy others from various places and seek to travel to new areas that they have maybe only read or heard about. The second book, The Pilot, is coming afterward, with new adventures to follow in the future. There are so many things to check out, from the atom to the universe and everything in between. Don't forget history and the happenings back when all the while going to the library to read some stories. Go back in

time by way of the theater of the mind! With a little entertainment and education and bits of knowledge all the way through, these two are on track and are going places together! They are always glad to have their new human friends come along for the ride. Time flies and you're havin' fun.
