Isidor Keller

A History of Soviet Airborne Forces David M. Glantz, 2019-11-12 For almost 70 years Soviet and Russian military theorists have been fascinated with the concept of airborne operations. Now Russian theorists tackle the problems posed to such operations by high-precision weaponry. This work, using newly released and formerly classified Soviet and East German archives, provides a detailed record of the performance of Soviet airborne forces during peace and war.

M-Learning - die neue Welle? Haymo Mitschian, 2010 Two phenomena are characteristic for the current developments in the information and communication technology (ICT): the devices to access and use digital content improve in terms of usability and performance, and the digital content itself expands fastly. On this developments and the changes in usage patterns start the reflections in the present volume on mobile learning centering on the question how foreign-language learning can benefit from these new usage-patterns and technologies.

The ICT Handbook for Primary Teachers David Hall, 2015-06-12 The ICT Handbook for Primary Teachers will help all those involved in primary education, whether in training, teaching or leadership roles, to develop the ICT knowledge, understanding and skills required to enhance children's learning in the classroom. This new edition reflects the changes to the curriculum from 2014. It includes a new section on the Computing curriculum and an overview of the reorganisation of those online agencies that serve to support ICT. Covering theory and practise this essential handbook explores and outlines the usefulness of a wide range of up to date ICT resources in a range of primary contexts, and advice is offered on assessing whether ICT is preferable to other approaches for 'enhancing learning'. With reference to supplementary online resources, providing activities, multimedia resources and further reading, the book covers: the requirements of the new Computing curriculum, the place for ICT in enhancing teaching and learning across the curriculum, using ICT in core curriculum subjects and in cross-curricular contexts, different models of e-learning (interactive whiteboards, tablet PCs, mobile devices, the Internet etc), how ICT can be used to help pupils with special educational needs and using ICT for planning, delivery, assessment and recording. This book is an indispensable guide to ICT for students on PGCE, BEd and undergraduate teaching courses, along with practising teachers, SENCOs, ICT coordinators and school leaders.

The German Army on the Eastern Front Jeff Rutherford, Adrian E Wettstein, 2018-05-30 Histories of the German army on the Eastern Front generally focus on battlefield exploits on the war as it was fought in the front line. They tend to neglect other aspects of the army's experience, particularly its participation in the racial war demanded by the leadership of the Reich. This ground-breaking book aims to correct this incomplete, often misleading picture. Using a selection of revealing extracts from a wide range of wartime documents, it looks at the totality of the Wehrmacht's war in the East. The documents have previously been unpublished or have never been translated into English, and they offer a fascinating inside view of the army's actions and attitudes. Combat is covered, and complicity in Hitler's war of annihilation against the Soviet Union. There are sections on the conduct of the war in the rear areas logistics, medical, judicial and the army's tactics, motivation and leadership. The entire text is informed by the latest

research into the reality of the conflict as it was perceived and understood by those who took part.

Second year in German Isidor Keller, 1898

Knight's Cross Panzers Hans Schäufler, 2010 First time in English. Unit history of a tank regiment on the Eastern Front. Relies on firsthand accounts, after-action reports, letters, diaries, and newspapers.

Saami Linguistics Ida Toivonen, Diane Nelson, 2007-10-04 The papers in this volume describe and analyze an array of intriguing linguistic phenomena as they occur in the Saami languages, ranging from etymological nativization of loanwords to the formation of deadjectival and denominal verbs. Saami displays a number of characteristics that are unusual from a cross-linguistic perspective, including partial agreement on verbs, a three-way quantity distinction in consonants and spectacular consonant gradation. The eight papers presented here approach these and other issues from diverse theoretical perspectives in morphology, phonology, and syntax. The volume

includes an extensive research bibliography which will be helpful for anyone interested in Saami linguistics.

Homeschool Your Child for Free LauraMaery Gold,Joan M. Zielinski,2009-08-04 For Families Who Want to Splurge on Education but Scrimp on Spending Are you considering homeschooling your child, but don't know where to go for the best educational resources? Thanks, ladies.—Kimberly Eckles, HIS Support Group Leader, Home Instructors I'm impressed! There are more sites and links than I knew existed. A great resource for homeschoolers.—Maureen McCaffrey, publisher Homeschooling Today

German Grammar: Reviewed and Retold Ulf Schütze,2021 German Grammar: Reviewed and Retold is a user-friendly grammar/workbook designed to give German learners a great basis to build an in-depth knowledge of spoken and written German. Bridging the gap between grammar, storytelling, and culture, learners of the German language discover Germany's cultural history as well as life in Germany today, while absorbing grammatical structures through reading and practice. This grammar is based on recent Second Language Acquisition (SLA) research and word frequency, to embed vocabulary and grammar into a language-specific cultural context. A key component of this approach is consistency and relevance, enabling students to apply grammatical structures to their language learning, as well as talking about the past, present, and future. Aimed at ACTFL levels Novice (all) to Intermediate (middle)/CEFR A1 to B1, this is the perfect grammar for post-beginners, combining storytelling with grammar acquisition.

Learn German Dima Zales,Mozaiika Educational,2017-06-15 From a New York Times and USA Today bestselling author comes a new kind of textbook... After the success of the first edition of Learn by Reading, we decided to bring you the second volume. This book uses the second volume in the Mind Dimensions series as the underlying text. If you haven't read volume 1, we recommend you start there. Though you could still get the educational benefits by starting from this volume, you will be missing critical information required for enjoyment of the story—and in our opinion, enjoyment is critical to the learning process.

The Good German David Wiltse,2004 Despite his prejudices, Karl Vogel offers refuge to a fugitive Jew during World War II to please his wife. Karl strongly dislikes Wilhelm Braun, but even after his wife dies he refuses to betray his devotion to her and her faith in his decency by evicting him. Karl's friend Siemi, a man who has anti Semitic sympathies but does not agree

with the German government's campaign to demonize Jews, has even become fond of Braun. Even so, Siemi becomes convinced he must betray Braun to the Gestapo in order to save Karl and himself. Karl is forced to decide whether his sense of decency is stronger than his sense of self preservation. Should he protect his unwanted guest or allow him to be turned over to a regime he finds repugnant?

Australia ABCs Sarah Heiman, 2003 Travel through western Europe's largest country, and learn about German people, language, and culture.

Introduction to German by Reading Urban Fantasy Dima Zales, Mozaika Educational, 2017-06-15 From a New York Times and USA Today bestselling author comes a new kind of textbook... Do you want to master English? Do you like science fiction? What about urban fantasy? Are you tired of reading boring textbooks in order to learn English? If you answered yes to one or more of these questions, this is a book you should consider. We introduce a one-of-a-kind learning tool that will enhance your reading comprehension, improve your German vocabulary and grammar, and let you enjoy reading a urban fantasy novelette from a New York Times and USA Today bestselling author in the process. This novelette is part of the Mind Dimensions series, also available as editions of Learn by Reading. This short story does not require you to have read the other books in the series.

German in Review Kimberly Sparks, Van Horn Vail, 2000

Parallel Text: German Short Stories David Constantine, 1992-07-30 The eight stories in this volume offer a varied and representative collection of twentieth century German authors from a range of political and cultural backgrounds. Styles include the non-fictional manner of Kluge's montage technique and the contrasting classical storytelling of Penzoldt. With reading notes and parallel texts in German and English, this anthology is valuable to the German student of English as well as the English student of German. Reflecting trends in German literature, the stories have been selected for their quality as well as their readability, and will enhance the appreciation of both languages.

The Top Books of the Year Byki German The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels enthralling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have enthralled audiences this year. **The Must-Read :** Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. **Uncover the Best :** Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. **Discover the Magic :** Delia Owens' "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting.

These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
