*An Internet for the People* Jessa Lingel,2022-06-14 How craigslist champions openness, democracy, and other vanishing principles of the early web Begun by Craig Newmark as an e-mail to some friends about cool events happening around San Francisco, craigslist is now the leading classifieds service on the planet. It is also a throwback to the early internet. The website has barely seen an upgrade since it launched in 1996. There are no banner ads. The company doesn't profit off your data. An Internet for the People explores how people use craigslist to buy and sell, find work, and find love—and reveals why craigslist is becoming a lonely outpost in an increasingly corporatized web. Drawing on interviews with craigslist insiders and ordinary users, Jessa Lingel looks at the site's history and values, showing how it has mostly stayed the same while the web around it has become more commercial and far less open. She examines craigslist's legal history, describing the company's courtroom battles over issues of freedom of expression and data privacy, and explains the importance of locality in the social relationships fostered by the site. More than an online garage sale, job board, or dating site, craigslist holds vital lessons for the rest of the web. It is a website that values user privacy over profits, ease of use over slick design, and an ethos of the early web that might just hold the key to a more open, transparent, and democratic internet.

*I Love Jesus, But I Want to Die* Sarah J. Robinson,2021-05-11 A compassionate, shame-free guide for your darkest days “A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized.”—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to “choose joy” and “pray more.” So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect.

*Before We Were Strangers* Renée Carlino,2015-08-18 From the USA TODAY bestselling author of *Sweet Thing* and *Nowhere But Here* comes a love story about a Craigslist “missed connection” post that gives two people a second chance at love fifteen years after they were separated in New York City. To the Green-eyed Lovebird: We met fifteen years ago, almost to the day, when I moved my stuff into the NYU dorm room next to yours at Senior House. You called us fast friends. I like to think it was more. We lived on nothing but the excitement of finding ourselves through music (you were obsessed with Jeff Buckley), photography (I couldn't stop taking pictures of you), hanging out in Washington Square Park, and all the weird things we did to make money. I learned more about myself that year than any other. Yet, somehow, it all fell apart. We lost touch the summer after graduation when I went to South America to work for National Geographic. When I came back, you were gone. A part of me still wonders if I pushed you too hard after the wedding... I didn't see you again until a month ago. It was a Wednesday. You were rocking back on your heels, balancing on that thick yellow line that runs along the subway platform, waiting for the F train. I didn't know it was you until it was too late, and then you were gone. Again. You said my name; I saw it on your lips. I tried to will the train to stop, just so I could say hello. After seeing you, all of the youthful feelings and memories came flooding back to me, and now I've spent the better part of a month wondering what your life is like. I might be totally out of my mind, but would you like to get a drink with me and catch up on the last decade and a half? M

**Citizenville** Gavin Newsom,2014-01-28 “A fascinating case for a more engaged government, transformed to meet the challenges and possibilities of the twenty-first century.” —President William J. Clinton A rallying cry for revolutionizing democracy in the digital age, *Citizenville* reveals how ordinary Americans can reshape their government for the better. Gavin Newsom, the lieutenant governor of California, argues that today's government is stuck in the last century while—in both the private sector and our personal lives—absolutely everything else has changed. Drawing on wide-ranging interviews with thinkers and politicians, Newsom shows how Americans can transform their government, taking matters into their own hands to dissolve political gridlock even as they produce tangible changes in the real world. *Citizenville* is a timely road map for restoring American prosperity and for reinventing citizenship in today's networked age.

*Seven Days of Rage* Paul LaRosa, Maria Cramer, 2009-09-15 This true-crime original hardcover, published with the hit CBS news program 48 Hours, reveals the shocking story behind the Craigslist Killer.

*Great American Outpost* Maya Rao, 2018-04-24 A surreal, lyrical work of narrative nonfiction that portrays how the largest domestic oil discovery in half a century transformed a forgotten corner of the American West into a crucible of breakneck capitalism. As North Dakota became the nation's second-largest oil producer, Maya Rao set out in steel-toe boots to join a wave of drifters, dreamers, entrepreneurs, and criminals. With an eye for the dark, absurd, and humorous, Rao fearlessly immersed herself in their world to chronicle this modern-day gold rush, from its heady beginnings to OPEC's price war against the US oil industry. She rode shotgun with a surfer-turned-truck driver braving toxic fumes and dangerous roads, dined with businessmen disgraced during the financial crisis, and reported on everyone in between—including an ex-con YouTube celebrity, a trophy wife mired in scandal, and a hard-drinking British Ponzi schemer—in a social scene so rife with intrigue that one investor called the oilfield Peyton Place on steroids. As the boom receded, a culture of greed and recklessness left troubling consequences for investors and longtime residents. Empty trailers and idle oil equipment littered the fields like abandoned farmsteads, leaving the pioneers who built this unlikely civilization to reckon with their legacy. Part Barbara Ehrenreich, part Upton Sinclair, *Great American Outpost* is a sobering exploration of twenty-first-century America that reads like a frontier novel.

**Class** Paul Fussell, 1992 This book describes the living-room artifacts, clothing styles, and intellectual proclivities of American classes from top to bottom.

**The Mesh** Lisa Gansky, 2010-09-23 A simple, powerful idea that's reinventing the way smart, adaptive companies do business. Most businesses follow the same basic formula: create a product or service, sell it, and collect money. What Lisa Gansky calls Mesh businesses throw this model out the window. Instead, these companies use social media, wireless networks, and data crunched from every available source to provide people with goods and services at the exact moment they need them, without the burden and expense of owning them outright. The Mesh gives companies a better understanding of what customers really want. Already, hundreds of successful Mesh companies are redefining how we interact with the people, goods, and services in our lives. These businesses are easier to start and spreading like wildfire, from bike sharing and home exchanges to peer-to-peer lending, energy cooperatives, and open source design. Consider:

- ZipCar profits from streamlined car sharing
- Kickstarter connects artists with funding from enthusiastic supporters
- Music Gym makes finding a recording studio as easy as joining a gym

The Mesh reveals the next wave of information-enabled commerce, showing readers how to plug in and profit.

**Acid Test** Tom Shroder, 2015-08-11 “A book that should start a long-overdue national conversation.” —Dave Barry With the F.D.A. agreeing to new trials to test MDMA (better known as Ecstasy) as a treatment for PTSD—which, if approved, could be available as a drug by 2021—Acid Test is leading the charge in an evolving conversation about psychedelic drugs. Despite their current illegality, many Americans are already familiar with their effects. Yet while LSD and MDMA have proven extraordinarily effective in treating anxiety disorders such as PTSD, they still remain off-limits to the millions who might benefit from them. Through the stories of three very different men, award-winning journalist Tom Shroder covers the drugs’ roller-coaster history from their initial reception in the 1950s to the negative stereotypes that persist today. At a moment when popular opinion is rethinking the potential benefits of some illegal drugs, and with new research coming out every day, Acid Test is a fascinating and informative must-read.

What Money Can't Buy Michael J. Sandel, 2012-04-24 Should we pay children to read books or to get good grades? Should we allow corporations to pay for the right to pollute the atmosphere? Is it ethical to pay

people to test risky new drugs or to donate their organs? What about hiring mercenaries to fight our wars? Auctioning admission to elite universities? Selling citizenship to immigrants willing to pay? In What Money Can't Buy, Michael J. Sandel takes on one of the biggest ethical questions of our time: Is there something wrong with a world in which everything is for sale? If so, how can we prevent market values from reaching into spheres of life where they don't belong? What are the moral limits of markets? In recent decades, market values have crowded out nonmarket norms in almost every aspect of life—medicine, education, government, law, art, sports, even family life and personal relations. Without quite realizing it, Sandel argues, we have drifted from having a market economy to being a market society. Is this where we want to be?In his New York Times bestseller Justice, Sandel showed himself to be a master at illuminating, with clarity and verve, the hard moral questions we confront in our everyday lives. Now, in What Money Can't Buy, he provokes an essential discussion that we, in our market-driven age, need to have: What is the proper role of markets in a democratic society—and how can we protect the moral and civic goods that markets don't honor and that money can't buy?

Intern Nation Ross Perlin,2012-04-04 Millions of young people—and increasingly some not-so-young people—now work as interns. They famously shuttle coffee in a thousand magazine offices, legislative backrooms, and Hollywood studios, but they also deliver aid in Afghanistan, map the human genome, and pick up garbage. Intern Nation is the first exposé of the exploitative world of internships. In this witty, astonishing, and serious investigative work, Ross Perlin profiles fellow interns, talks to academics and professionals about what unleashed this phenomenon, and explains why the intern boom is perverting workplace practices around the world. The hardcover publication of this book precipitated a torrent of media coverage in the US and UK, and Perlin has added an entirely new afterword describing the growing focus on this woefully underreported story. Insightful and humorous, Intern Nation will transform the way we think about the culture of work.
