Weird Sports and Wacky Games around the World Victoria R. Williams,2015-04-28 With hundreds of books dedicated to conventional sports and activities, this encyclopedia on the weirdest and wackiest games offers a fresh and entertaining read for any audience. *Weird Sports and Wacky Games around the World: From Buzkashi to Zorbing* focuses on what many would consider abnormal activities from across the globe. Spanning subjects that include individual games, team sports, games for men and women, and contests involving animal competitors, there is something for every reader. Whether researching a particular country or region's traditions or wanting an interesting read for pleasure, this book offers an array of uses and benefits. Though the book focuses on games and sporting activities, the examination of these topics gives readers insight into unfamiliar places and peoples through their recreation—an essential part of the human experience that occurs in all cultures. Such activities are not only embedded in everyday life but also indelibly interconnected with social customs, war, politics, commerce, education, and national identity, making the whimsical topic of the book an appealing gateway to insightful, highly relevant information.

Viral Marketing Within Social Networking Sites: The Creation of an Effective Viral Marketing Campaign Sven Wilde,2013-06 Primarily, a review on theoretical foundations and the history of Viral Marketing is shown. Based on this, different definitions were analysed to set up a practical definition for this study. Thereafter, possible targets of Viral Marketing are illustrated, followed by necessary elements of Viral Marketing campaigns and finally by an approach to measure the effectiveness. By means of an online questionnaire, a survey was conducted to collect empirical data. These data provide information about Viral Marketing within social networking sites and detect useful information for the practical use of Viral Marketing. The results of the analysis show the accelerating influence of social networking sites and other factors regarding the effectiveness of Viral Marketing. In addition, specific characteristics which make Viral Marketing messages appealing as well as the preferred types of Viral Marketing messages are illustrated. They help to understand how to create and design an effective Viral Marketing Campaign.

A History of Competitive Gaming Lu Zhouxiang, 2022-05-13 Competitive gaming, or esports – referring to competitive tournaments of video games among both casual gamers and professional players – began in the early 1970s with small competitions like the one held at Stanford University in October 1972, where some 20 researchers and students attended. By 2022 the estimated revenue of the global esports industry is in excess of \$947 million, with over 200 million viewers worldwide. Regardless of views held about competitive gaming, esports have become a modern economic and cultural phenomenon. This book studies the full history of competitive gaming from the 1970s to the 2010s against the background of the arrival of the electronic and computer age. It investigates how competitive gaming has grown into a new form of entertainment, a sport-like competition, a lucrative business and a unique cultural sensation. It also explores the role of competitive gaming in the development of the video game industry, making a distinctive contribution to our knowledge and understanding of the history of video games. *A History of Competitive Gaming* will appeal to all those interested in the business and culture of gaming, as well as those studying modern technological culture.

The Ethics of Surveillance Kevin Macnish, 2017-07-28 *The Ethics of Surveillance: An Introduction* systematically and comprehensively examines the ethical issues surrounding the concept of surveillance. Addressing important questions such as: Is it ever acceptable to spy on one's allies? To what degree should the state be able to intrude into its citizens' private lives in the name of security? Can corporate espionage ever be justified? What are the ethical issues surrounding big data? How far should a journalist go in pursuing information? Is it reasonable to expect a degree of privacy in public? Is it ever justifiable for a parent to read a child's diary? Featuring case studies throughout, this textbook provides a philosophical introduction to an incredibly topical issue studied by students within the fields of applied ethics, ethics of technology, privacy, security studies, politics, journalism and human geography.
