Managing Crises Overseas Scott Alan Ast, 2016-09-19 The book examines crisis management for operations located outside of a corporation's normal confines, particularly in regions which might be overtly threatening or hostile to multinational corporations and their people and assets overseas. Outlining proper operating procedures, planning, implementation, and drills, it demonstrates how proper planning and effective management systems in place prior to a crisis can mean the difference between life and death. The book helps organizations establish best practices in crisis management to ensure safety and security of personnel, assets, and properties overseas, even in potentially volatile environments.

Hostage Taker Stefanie Pintoff, 2015-08-18 An electrifying thriller featuring Eve Rossi, head of a secret division of the FBI—one made up of ex-convicts with extraordinary talents, oversized egos, and contempt for the rules **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY LIBRARY JOURNAL AND SUSPENSE MAGAZINE** In the hushed quiet of early morning Manhattan, in front of the towering bronze doors of Saint Patrick's Cathedral, a young woman holds a sign that reads: **HELP ME**. For one FBI agent,

a madman's terrified hostages, and an entire city, a long and harrowing day is about to unfold. The hostage taker's identity is unknown. But he knows who FBI agent Eve Rossi is—and everything about her past. Along with her presence, he demands five witnesses: ordinary people with some hidden connection. Defying her superiors, Eve begins a deadly dance with an adversary whose intentions are surely sinister, whose endgame is anything but certain, and whose cunning keeps him one step ahead at every turn. As Eve manages a taut hostage situation, she relies on the combined skills of her team—a secret unit inspired by France's most notorious criminal and made up of ex-convicts with extraordinary talents, oversized egos, and contempt for the rules. Eve is up against a rapidly ticking clock. But the dangerous man calling the shots has a timetable of his own—and a searing question for his targets: What are you guilty of? As shocking revelations surface, so does another crisis nobody could anticipate—one not even Eve and her team may be able to stop. Praise for *Hostage Taker* “A high-voltage game of parry and thrust.”—*New York Daily News* “The perfect blend: an urban thriller as modern as tomorrow's *New York Times*, driven by a two-hundred-year-old idea, with a main character to die for. I hope we see plenty more of Eve Rossi and her team.”—Lee Child, #1 *New York Times* bestselling author of *Personal* “The concept is great. . . . The twists are good, and the emotion level climbs higher and higher. . . . Pintoff has serious potential to go into waters already charted by the likes of Lisa Gardner, Tami Hoag, and Allison Brennan.”—Sarah Weinman, *The Crime Lady* “Amazing . . . [*Hostage Taker*] will keep you awake nights. . . . The book boasts a dynamic heroine. . . . You will never look at the beauties of the complicated structure that is *St. Patrick's Cathedral* in New York quite the same again.”—Liz Smith, *New York*

Social Diary “A high-velocity roller coaster of a thriller!”—Jeffery Deaver, New York Times bestselling author of *The Skin Collector* “A brilliant thriller from a gifted writer . . . Pintoff is one of the best crime writers at work today.”—Michael Koryta, New York Times bestselling author of *Those Who Wish Me Dead* “A gripping conclusion . . . tense and thoughtful . . . a sharp new crime series.”—*Nights and Weekends* “Pintoff skillfully ratchets up the tension and throws more than one curveball into this twisty, exciting read.”—*Booklist* (starred review) “Strong writing, a well-paced plot, and intriguing characters make this one of the best thrillers of the year. Fans of Lisa Gardner will find much to like here.”—*Library Journal* (starred review)

The Law Officer's Pocket Manual John G. Miles Jr., David B. Richardson, Anthony E. Scudellari, 2022-01-31 The Law Officer's Pocket Manual is a handy, pocket-sized, spiral-bound manual that highlights basic legal rules for quick reference and offers examples showing how those rules are applied. The manual provides concise guidance based on U.S. Supreme Court rulings on constitutional law issues and other legal developments, covering arrest, search, surveillance, and other routine as well as sensitive areas of law enforcement. It includes more than 100 examples drawn from leading cases to provide guidance on how to act in a wide variety of situations. Some new material in the 2022 Edition: In a unanimous ruling, the U.S. Supreme Court curbed warrantless home entries. The court said that police can't automatically pursue fleeing misdemeanor suspects into a residence without a warrant. Whether exigent circumstances exist depends on the particular facts of each case. In another case, the high court ruled that when a police officer applies force to a suspect's

body with intent to restrain, this is a seizure under the Fourth Amendment. The Supreme Court, in a unanimous ruling, bolstered home protections. It ruled that the community caretaking exception to the Fourth Amendment's warrant requirement doesn't extend to the home. The U.S. Supreme Court, in a unanimous decision, untangled some jurisdictional issues involving Native American, state, and federal enforcement officials. The court bolstered the authority of tribal police over non-American Indians traveling on public roads through reservations. In a pair of cases, the Court reinforced the court-made doctrine of qualified immunity. In both cases the high court said the law was not so clearly established as to allow litigation against the officers to move forward. In a civil rights case, the court sent the case back to the circuit court to determine if the suit can move forward.
