Four Minutes to Save a Life Anna Stuart,2020-02-20 When supermarket delivery driver Charlie is assigned the Hope Row street, he realises there are a lot of lonely people out there - and for some, he's their only interaction. The supermarket boss tells Charlie he's a driver, not a social worker - but Charlie's tough exterior begins to soften, and he can't help show a little kindness to the Hope Row residents, helping them find their place in the world once more. But will his helping hand make everything worse? 'I adored this feel good book' Netgalley reviewer 'A book about hope, forgiveness, love and friendship that will touch your heart' Netgalley reviewer 'I couldn't love this book anymore if I tried!' Netgalley reviewer An uplifting novel about community, friends and finding your way. Perfect for fans of Jenny Colgan, Veronica Henry and Beth O'Leary

Save Your Marriage in Five Minutes a Day Bonnie Jacobson,2011-02-18 A happy marriage is within every couple's reach—all it takes is five minutes. In marriage, happiness is a state of mind that you can create together in mere minutes. In this book, bestselling author and marriage expert Dr. Bonnie Jacobson shows you how to make each other happy with the small yet meaningful gestures that add up to a big difference—one day at a time. From turning your everyday interactions like housework and making dinner into playful bonding to quick ways to have good sex (or start having good sex), these are psychologically sound methods that teach the both of you to bring out the best in each other—and your relationship. With this easy primer to marital bliss, not only will you strengthen your marriage in no time, you'll also learn how to keep it strong—and happy—for years to come.

Save Your Minutes Omer T. Gillett,1892

The Last Lecture Randy Pausch,2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

Managing Your Money Bonnie Raney O'Brien,2009-02-17 Taking responsibility, taking action, and taking control of our finances empowers us and ultimately leads to financial freedom and its resultant peace of mind. We need to change the way we think about and behave with money; nothing changes if nothing changes we cant continue to do the same things weve done in the past and expect different results. Whether you're paying off debt, saving more or just living within your means, you're working at avoiding the fear and stress of those who are not in control of their finances. This book guides you through a step-by-step process of identifying your spending habits, designing a flexible and realistic budget, and tracking your expenses. It also offers numerous and creative ways of reducing your spending and increasing your savings. A little effort can save you thousands of dollars a year!

Telecommunications Cost Management S. C. Strother,2002 Here's a practical cost management guide to the complex world of voice, data and wireless telecommunications for the non-technical business professional. Examining the complex, highly technical telecommunications industry from an insider's point of view, it sifts through all the technical jargon, offers a comprehensive education on the applications, services and procurement of telecom products, and provides a strategy to effectively manage the costs of those products and services. The book enables you to: understand telecom services; audit phone bills; reduce the cost of existing services and eliminate unnecessary ones; and efficiently negotiate new contracts and services. This informative resource explains how providers of telecommunications services interwork and compete, focusing on pricing structures and options. Each section of this volume contains cost management advice, explains the technologies and service offerings of carriers, and illustrates complex concepts with case studies of companies in today's marketplace. Filled with cost management charts and graphics, problems to solve, and featuring an extensive reference section with terms and PIC codes, the book gives you the necessary tools to understand and reduce telecommunication costs.

Trying to Save Piggy Sneed John Irving,2016-02-02 A commemorative hardcover edition of the only collection ever published of the celebrated novelist's shorter works. Here is a treat for devoted fans of John Irving. First published twenty years ago, *Trying to Save Piggy Sneed* contains a dozen short works by the author, beginning with three memoirs. The longest of the memoirs is *The Imaginary Girlfriend*, his candid account of his twin careers in writing and wrestling, which, as the *Denver Post* observed, is filled with anecdotes that are every bit as hilarious as the antics in his novels . . . [and] combines the lessons of both obsessions. The middle portion of the book is fiction. Over a career that spans thirteen novels, these are the six stories that Mr. Irving considers finished. Among them is *Interior*

Space, for which he won the O. Henry Award. In the third and final section are three homages: one to Günter Grass and two to Charles Dickens. To each of the twelve pieces, he has contributed author's notes, which provide some perspective on the circumstances surrounding the writing of each piece. For readers who prefer a hardcover, this commemorative edition is a book to treasure. For new readers, it is a perfect introduction to the author of works as moving and mischievous as *The World According to Garp*, *A Prayer for Owen Meany*, and *In One Person*. Skyhorse Publishing, as well as our Arcade, Yucca, and Good Books imprints, are proud to publish a broad range of books for readers interested in fiction—novels, novellas, political and medical thrillers, comedy, satire, historical fiction, romance, erotic and love stories, mystery, classic literature, folklore and mythology, literary classics including Shakespeare, Dumas, Wilde, Cather, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

GoPro MAX: How To Use GoPro Max Jordan Hetrick, 2020-07-01 Learn everything you need to know to master your GoPro MAX 360 camera in this guide book from the #1 AMAZON BEST SELLING AUTHOR on how to use GoPro cameras. Written specifically for GoPro Max, this is the perfect guide book for anyone who wants to learn how to use the GoPro Max camera to capture unique 360 and traditional videos and photos. Packed with color images, this book provides clear, step-by-step lessons to get you out there using your GoPro MAX camera to document your life and your adventures. This book covers everything you need to know about using your GoPro MAX camera. The book teaches you: *how to operate your GoPro Max camera; *how to choose settings for full 360 spherical video; *how you can tap into the most powerful, often overlooked settings for traditional video; *tips for the best GoPro mounts to use with GoPro Max; *vital 360 photography/cinematography knowledge; *simple photo, video and time lapse editing techniques for 360 and traditional output and *the many ways to share your edited videos and photos. Through the SEVEN STEPS laid out in this book, you will understand your camera and learn how to use mostly FREE software to finally do something with your results. This book is perfect for beginners, but also provides in depth knowledge that will be useful for intermediate camera users. Written specifically for the GoPro MAX camera.

Teaching Digital Photography Keith Kyker, 2014-09-26 This book provides a full-year curriculum for educators wishing to teach a digital photography/multimedia class that will endow students with the technical skills for producing complex digital imaging projects. Digital imaging devices are everywhere, and most households have several—digital cameras, smartphones with cameras, and GoPro action cameras. With the right techniques and software, today's high-tech equipment can be used to create outstanding photographs or stunning digital imaging projects. This book allows any educator to teach digital photography/video and multimedia, regardless of previous experience with digital imaging, supplying tested and proven lesson plans, hands-on project ideas, and grading rubrics for a full-year course. Ideal for middle school, high school, and community college teachers as well as public youth services librarians, particularly those embracing the makerspace movement, *Teaching Digital Photography: The Ultimate Guide to 'Tween and Teen Learning* provides a detailed educational plan advising how to purchase equipment, set up a classroom or library area to be used for instruction, and instruct the students in the skills needed to become excellent digital photographers. The first half of the book focuses on establishing the class: the general philosophy, the classroom, and the equipment. Three chapters are dedicated to exploring the best ways to teach students the skills of photography, digital image improvement, and digital layout. The final sections of the book provide more than 20 digital layout projects and cover digital video production.

The Miracle Morning (Updated and Expanded Edition) Hal Elrod, 2024-01-09 Start waking up to your full potential every single day with the updated and expanded edition of the groundbreaking book that has sold more than two million copies. “So much more than a book. It is a proven methodology that will help you fulfil your potential and create the life you’ve always wanted.” —Mel Robbins, New York Times bestselling author of *The High 5 Habit* and *The 5 Second Rule* Getting everything you want out of life isn’t about doing more. It’s about becoming more. Hal Elrod and *The Miracle Morning* have helped millions of people become the person they need to be to create the life they’ve always wanted. Now, it’s your turn. Hal’s revolutionary SAVERS method is a simple, effective step-by-step process to transform your life in as little as six minutes per day: - Silence: Reduce stress and improve mental clarity by beginning each day with peaceful, purposeful quiet - Affirmations: Reprogram your mind to overcome any fears or beliefs that are limiting your potential or causing you to suffer - Visualization: Experience the power of mentally rehearsing yourself showing up at your best each day - Exercise: Boost your mental and physical energy in as little as sixty seconds - Reading: Acquire knowledge and expand your abilities by learning from experts - Scribing: Keep a journal to deepen gratitude, gain insights, track progress, and increase your productivity by getting clear on your top priorities This updated and expanded edition has more than forty pages of new content, including: - The Miracle Evening: Optimize your bedtime and sleep to wake up every day feeling refreshed and energized for your Miracle Morning - The Miracle Life: Begin your path to inner freedom so you can truly be happy and learn to love the life you have while you create the life you want

Save Send Delete Danusha V. Goska, 2012-03-22 *Save Send Delete* is a debate about God between polar opposites: Mira, a poor, Catholic professor and Rand, an atheist author and celebrity. It's based on a true story. Mira reveals gut-level emotions and her inner struggles to live fully and honestly – and to laugh – in the face of extraordinary ordeals. She shares experiences so profound, so holy, they force us to confront our beliefs in what is true and possible. Rand hears her; he understands her; he challenges her ideas; he makes her more of herself. The book is in essence a love story. What emerges from these eternal questions is not so much about God, but what faith means to us, and ultimately, what we mean to each other. The writing is exquisite. There are pages of this manuscript that I want to highlight and keep close to me on my nightstand. It is filled with wisdom from sources I don't normally draw on: The wisdom of the Bible, the Talmud, the Vedas, Twelve Step programs, and mostly, the wisdom of Mira.

They're Supposed to Save Your Life Michael B. Peisner, R. Eldridge Hicks, 1973

Weekly World News, 1998-04-07 Rooted in the creative success of over 30 years of supermarket tabloid publishing, the *Weekly World News* has been the world's only reliable news source since 1979. The online hub www.weeklyworldnews.com is a leading entertainment news site.

Talk is Cheap James E. Gaskin, 2005 Fed up with the high tolls charged by your ordinary telephone service? If you're itching to cut the copper cord with your costly,

traditional phone service, you need *Talk is Cheap*, the new, easy-to-understand guide to understanding and using Voice over Internet Protocol (VoIP) and other Internet telephone options. Technologies such as VoIP are gaining a great deal of attention these days as more people switch from standard telephone service to phone service via the Internet. But while the cost savings are outstanding, there are some issues with Internet telephony that you should know about. Are the connections reliable? Is the quality comparable? Will it include 911 services? James Gaskin's *Talk is Cheap* addresses these issues and many more by explaining how to make the switch and what the tradeoffs will be if you opt for Internet telephony over traditional phone services. *Talk is Cheap* focuses on the increasingly popular services from Vonage, which uses VoIP, and Skype--a free service that operates as a peer-to-peer (P2P) network with the ability to turn any PC, Mac, or Pocket PC into a telephone. The book explains your options; explores the background behind, the workings of, and differences between VoIP and P2P networks; and discusses the advantages and drawbacks of both technologies (including service offerings, quality, capabilities, completion rates, and more). *Talk is Cheap* then goes into detail on what you can expect in Internet service from traditional phone companies such as Verizon and AT&T. In addition, you will learn more advanced techniques, including how to turn your Palm or Pocket PC into an Internet phone and how to work with Wi-Fi phones and videophones. A straightforward, quick introduction to the ins and outs of using Internet telephone services, this book provides everything you need to make informed telephone decisions--whether you're thinking about the switch from traditional phone service or have already made it and want to get the most out of your new Internet telephone.
