Creative Calling Chase Jarvis,2019-09-24 Life isn't about "finding" fulfillment and success - it's about creating it. Why then has creativity been given a back seat in our culture? No longer. ** A Wall Street Journal, Los Angeles Times and Publishers Weekly Bestseller ** Creativity is a force inside every person that, when unleashed, transforms our lives and delivers vitality to everything we do. Establishing a creative practice is therefore our most valuable and urgent task - as important to our well-being as exercise or nutrition. The good news? Renowned artist, author, and CreativeLive founder, Chase Jarvis, reminds us that creativity isn't a skill—it's a habit available to everyone: beginners and lifelong creators, entrepreneurs to executives, astronauts to zookeepers, and everyone in between. Through small, daily actions we can supercharge our innate creativity and rediscover our personal power in life. Whether your ambition is a creative career, completing a creative project, or simply cultivating a creative mindset, Creative Calling will unlock your potential via Jarvis's memorable "IDEA" system: · Imagine your big dream, whatever you want to create—or become—in this world. · Design a daily practice that supports that dream—and a life of expression and transformation. · Execute on your ambitious plans and make your vision real. · Amplify your impact through a supportive community you'll learn to grow and nurture.

The Calling Julia Mossbridge,2019-04-01 The Calling offers a groundbreaking twelve-week program to help you discover more fulfilling work, more authentic relationships, and a deeper sense of connection. It's no secret that many working professionals are dissatisfied with their occupations—it's been estimated that more than 75 percent of employees in the US are disengaged or otherwise unhappy in their jobs. This dissatisfaction is often seen as a structural problem—one that can be solved by shuffling people in and out of positions until they find the right fit. Cognitive neuroscientist, researcher, and spiritual seeker Julia Mossbridge has a different take. According to Mossbridge, this lack of engagement and satisfaction in the workforce is a spiritual problem: we find ourselves in stressful or unfulfilling jobs because we don't know ourselves well enough to choose wisely, in alignment with our most heartfelt desires. It's this problem—one of self-knowledge, values, and spiritual attunement—that this book seeks to solve. The Calling offers a twelve-week program for discovering your "soul's work." An intriguing combination of hard-nosed science and wide-open spirituality, this one-of-a-kind guide will show you how to use the scientific method of observation and experimentation on yourself, in order to determine the nature and scope of your true calling, and then put it into action. You'll also create your own "lab notebook" of personalized information to help you discover, energize, and engage your soul's work. With the insights and strategies in this practical yet spiritual step-by-step book, you'll not only find more satisfying work; you'll also discover greater fulfillment in all areas of your life, including more authentic relationships and a deeper sense of connection with the universe.

Berlin Calling Paul Hokenos,2017-05-23 An exhilarating journey through the subcultures, occupied squats, and late-night scenes in the anarchic first few years of Berlin after the fall of the wall Berlin Calling is a gripping account of the 1989 peaceful revolution in East Germany that upended communism and the tumultuous years of artistic ferment, political improvisation, and pirate utopias that followed. It's the story of a newly undivided Berlin when protest and punk rock, bohemia and direct democracy, techno and free theater were the order of the day. In a story stocked with fascinating characters from Berlin's highly politicized undergrounds—including playwright Heiner Müller, cult figure Blixa Bargeld of the industrial band Einstürzende Neubauten, the internationally known French Wall artist Thierry Noir, the American multimedia artist Danielle de Picciotto (founder of Love Parade), and David Bowie during his Ziggy Stardust incarnation—Hokenos argues that the DIY energy and raw urban vibe of the early 1990s shaped the new Berlin and still pulses through the city today. Just as Mike Davis captured Los Angeles in his City of Quartz, Berlin Calling is a unique account of how Berlin became hip, and of why it continues to attract creative types from the world over.
