The Diet Fix Yoni Freedhoff, 2015-03-03 Despite the success stories publicized by Atkins, South Beach, Weight Watchers, and others, 90% of all diets end in failure. How can fix the way we lose weight so that we make results last? Weight loss expert Dr. Yoni Freedhoff has uncovered the flawed thinking that sabotages even the most earnest weight loss efforts. The majority of dieting or weight loss programs call for regular sacrifice: Give up an entire food group; fight hunger day and night; undertake exhausting and grueling exercise regiments. These approaches are unrealistic, unhealthy, and make it nearly impossible to maintain results. Now, at last, there is hope. In *The Diet Fix*, Dr. Freedhoff offers a tested program for breaking down the negative thought patterns that prevent people from losing weight and keeping it off. Through the course of years of research and patient treatment, he has

developed a 10-Day Reset that supports losing weight while maintaining a healthy, enjoyable lifestyle. This reset is designed to eliminate the habits that so often lead to weight gain: use it to shut down cravings, prevent indulgences from turning into binges, and break up with the scale once and for all. The 10-Day Reset can make any diet more effective, whether it's low-carb, low-fat, meal replacement, calorie tracking, or anything in between. Whether used on its own or in conjunction with any other diet, Dr. Freedhoff's program shows how to replace this toxic dieting mindset with positive beliefs and behaviors. It is time to break the cycle of traumatic dieting. With The Diet Fix, Dr. Freedhoff offers a groundbreaking, useable guide to begin living happily while losing permanently. From the Hardcover edition.

Never Binge Again(tm) Glenn Livingston, Ph.d.,2015-08-25 If you're a man who struggles with binge eating, emotional eating, stress eating, or if you repeatedly manage to lose weight only to gain it all back, you may be approaching things with the wrong mindset. Most contemporary thought on overeating and bingeing focuses on healing and self-love-a very feminine approach. But men who've overcome food and weight issues often report it was more like capturing and caging a rabid dog than learning to love their inner child... Open the cage even an inch-or show that dog an ounce of fear-and it'll quickly burst out to shred your healthy eating plans, undoing all your progress in a heartbeat. From his perspective as a formerly food-obsessed psychologist-and previous consultant to major food manufacturers-Dr. Livingston shares specific techniques for isolating and permanently dis-empowering your fat thinking self. He reveals much of his own personal journey in the process. If despite your best intentions you find yourself in one or more of the following situations then this book is for you... You've tried diet after diet with no permanent success... You constantly think about food and/or your weight... You feel driven to eat when you're not hungry (emotional overeating)... You sometimes feel you can't stop eating even though you're full... You sometimes feel guilty or ashamed of what you've eaten... You behave differently with food in private than you do when you're with other people... You feel the need to fast and/or severely restrict your food to make up for serious bouts of overeating... Never Binge Again can help you: Dramatically improve your ability to stick to ANY healthy food plan so you can achieve your weight loss and/or fitness goals... Quickly recover from mistakes without self judgement or unnecessary guilt... Free

yourself from the prison of food obsession so you can enjoy a satisfying, delicious, and healthy diet for the rest of your life! What the Hades is this? It can't be this simple. But I'm closer to my goal weight than I've been in decades! - Peter Borromeo A powerful, thought provoking, and very unladylike approach to the problem of bingeing! - Stephanie King A unique and brilliant way to leverage will power; passionate, convincing, defiant and inspiring - all at the same time - Richard Guy Never Binge Again squelched that awful voice in the back of my mind which says 'you'll backslide eventually, no matter what.' Thanks to this book failure is no longer an option! - Warren Start I'm still reeling with the revelation I have the ability to Never Binge Again, just like my ability to never rob a bank, never push and old lady into traffic, or never jump off of a perfectly good cliff! [...] This book is THE TOOL I need to conquer ever attempting to satisfy emotional feelings with carbo-laden calories again! - Traci Rickards If you follow this simple program, you CAN see results without the 'normal' struggle. No eating foods you don't like. No fancy rules, schedules or psychotic workouts. It puts you fully in charge of your eating...and it's sustainable. - Keith Duncan CPT (Certified Personal Trainer) Refreshingly unlike any other nutrition/healthy-eating/wellbeing title I've ever read...and I've read quite a few! The total absence of charts, food diaries, calorie counters and so on is fabulous. - Celia Almeida
