At First Glance Susan L. Tuttle,2018-10-31 Estate planner Penny Thornton loves dusting off items others gloss over, especially since she relates to feeling tossed aside for the bright and shiny. When her younger sister's approaching wedding launches Penny back into the throes of her dysfunctional family, she decides to use the festivities to close the gap in their relationships even if it means appeasing them and finally losing the few pounds they've hounded her about for years. But she doesn't expect to meet two very different men in the process: East Fisher, the personal trainer who personifies everything she believes she could never attain, and Jonah Black, a man who reminds her so much of herself. The fact that she's pregnant with his child is something she'd rather not divulge. Tech executive Michael Black never thought he'd hear from the quirky beauty after she left his bed four months ago, much less be called upon to post bail. He's got his hands full with a corporate merger that could make or break his career, but his honorable nature—and an overwhelming need to see her again—means he can't just leave her in jail. And when India reveals the truth about her pregnancy, Mike insists she stay with him until the baby is born. India doesn't want to depend on him for anything, but their constant proximity stirs up feelings she can't ignore. She's never desired a family before and she knows a future with Mike isn't possible . . . but then along came love to shake up all her plans.
