Wireless Crime and Forensic Investigation Gregory Kipper,2007-02-26 Security is always a concern with any new technology. When we think security we typically think of stopping an attacker from breaking in or gaining access. From short text messaging to investigating war, this book explores all aspects of wireless technology, including how it is used in daily life and how it might be used in the future. It provides a one-stop resource on the types of wireless crimes that are being committed and the forensic investigation techniques that are used for wireless devices and wireless networks. The author provides a solid understanding of modern wireless technologies, wireless security techniques, and wireless crime techniques, and shows how to conduct forensic analysis on wireless devices and networks. Each chapter, while part of a greater whole, is self-contained for quick comprehension.

Be a Cyber Warrior: Beware of cyber crimes A. Gopala Krishna, Every nation needs a warrior to protect from enemies; in this growing digital era, criminals are updating with technology to make more Cybercrimes, then who will protect us? This book helps you to become a cyber warrior to combat in this cyberspace; you can protect yourself and others from Cybercriminals by implementing a few security policies and procedures. The author took his first initiative to make awareness to the public about cybersecurity; and this book is written by considering basic to advanced users, so that everyone can understand and implement the concepts. This book contains on-going cyber threats, how cybercrimes take place, and how you can defend from them. There are many books and videos which can teach how to hack, but there are only few of them that can teach how to defend from those attacks. This book is going to be one among them to educate people about online-safety. Contents of the book: How to create a strong password, how to secure operating systems, securing smartphones, stay safe on social media, Children safety, securing digital payments, stay away from online frauds, securing from malware, Why the internet is free, stay anonymous, Be a hacker with ethics. Be A Cyber Warrior: Learn to defend, from cyber crimes

Popular Science ,2004-11 Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

The Role of Computer Security in Protecting U.S. Infrastructures United States. Congress. House. Committee on Science. Subcommittee on Technology,1998

Journalist Safety and Self-Censorship Anna Grøndahl Larsen,Ingrid Fadnes,Roy Krøvel,2020-07-08 This book explores the relationship between the safety of journalists and self-censorship practices around the world, including local case studies and regional and international perspectives. Bringing together scholars and practitioners from around the globe, Journalist Safety and Self-Censorship provides new and updated insights into patterns of self-censorship and free speech, focusing on a variety of factors that affect these issues, including surveillance, legislation, threats, violent conflict, gender-related stereotypes, digitisation and social media. The contributions examine topics such as trauma, risk and self-censorship among journalists in different regions of the world, including Central America, Estonia, Turkey, Uganda and Pakistan. The book also provides conceptual clarity to the notion of journalist self-censorship, and explores the question of how self-censorship may be studied empirically. Combining both theoretical and practical knowledge, this collection serves as a much-needed resource for any academic, student of journalism, practicing journalist, or NGO working on issues of journalism, safety, free speech and censorship.

Do it Hans Ulrich Obrist,2013 On the occasion of the 20th anniversary of do it, Hans Ulrich Obrist has collaborated with Independent Curators

International (ICI) on its newest iteration, do it: the compendium (ICI and DAP, May 2013). The new publication will present the history of this landmark project and give new potential to its future. Adrian Piper orders audiences to hum a tune before entering a guarded room. Ben Kinmont wants us to invite a stranger into \[our\] home for breakfast. Alexandre Singh teaches us how to turn wine into soda. Yoko Ono encourages us to keep wishing. And Mircea Cantor demands we burn this book. ASAP, but John Armleder says to do None of the above. Along with a selection of instructions by 250 artists, 84 of which are newly published for the 20th anniversary, do it: the compendium will also include essays contextualizing do it; a new interview with Obrist; and documentation from past iterations, including exhibition images, texts, and interviews.

Proceedings ,2005

Teamster ,2002

The New Meaning of Treason Rebecca West,2010-12-21 Rebecca West's gripping chronicle of England's World War II traitors, expanded and updated for the Cold War era In The Meaning of Treason, Rebecca West tackled not only the history and facts behind the spate of World War II traitors, but the overriding social forces at work to challenge man's connection to his fatherland. As West reveals in this expanded edition, the ideologically driven amateurs of World War II were followed by the much more sinister professional spies for whom the Cold War era proved a lucrative playground and put Western safety at risk. Filled with real-world intrigue and fascinating character studies, West's gripping narrative connects the war's treasonous acts with the rise of Communist spy rings in England and tackles the ongoing issue of identity in a complex world.

The Intelligence War William V. Kennedy,1987

Popular Science ,2005-09 Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Dragnet Nation Julia Angwin,2014-02-25 An investigative journalist offers a revealing look at the surveillance economy in America that captures what citizens actions online and off, putting individual freedoms at risk and discusses results from a number of experiments she conducted to try and protect herself.

Los Angeles Magazine ,2003-11 Los Angeles magazine is a regional magazine of national stature. Our combination of award-winning feature writing, investigative reporting, service journalism, and design covers the people, lifestyle, culture, entertainment, fashion, art and architecture, and news that define Southern California. Started in the spring of 1961, Los Angeles magazine has been addressing the needs and interests of our region for 48 years. The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian.

Psychic Self-Defense Dion Fortune,2021-12-12 Psychic Self-Defense Dion Fortune - Psychic Self-Defense is one of the best guides to detection and defence against psychic attack from one of the leading occult writers of the 20th century. After finding herself the subject of a powerful psychic

attack in the 1930's, famed British occultist Dion Fortune wrote this detailed instruction manual on protecting oneself from paranormal attack. This classic psychic self-defence guide explains how to understand the signs of a psychic attack, vampirism, hauntings, and methods of defence. Everything you need to know about the methods, motives, and physical aspects of a psychic attack and how to overcome it is here, along with a look at the role psychic elements play in mental illness and how to recognise them.
