Instant Christopher Bonanos, 2012-08-10 Pictures in a minute! In the 1950s, '60s, and '70s, Polaroid was the hottest technology company on Earth. They were an innovation machine that cranked out one irresistible product after another. It was even the company after which Steve Jobs is said to have modeled Apple, and the comparison is true. Jobs's hero, Edwin Land, Polaroid's visionary founder, turned his 1937 garage startup into a billion-dollar pop-culture phenomenon. *Instant: The Story of Polaroid*, a richly illustrated, behind-the-scenes look at the company, tells the tale of Land's extraordinary and beloved invention. From the introduction of Polaroid's first instant camera in 1948 to its meteoric rise and dramatic collapse into bankruptcy in the 2000s, *Instant* is both a cautionary tale about tech companies that lose their edge and a remarkable story of American ingenuity. Written in a breezy, accessible tone by New York magazine senior editor Chris Bonanos, this first book-length history of Polaroid also features colorful illustrations from Polaroid's history, including the company's iconic branding and marketing efforts.

The Best Camera Is The One That's With You Chase Jarvis, 2009-09-18 A beacon of creativity with boundless energy, Chase Jarvis is well known as a visionary photographer, director, and social artist. In *The Best Camera Is The One That's With You*, Chase reimagines, examines, and redefines the intersection of art and popular culture through images shot with his iPhone. The pictures in the book, all taken with Chase's iPhone, make up a visual notebook—a photographic journal—from the past year of his life. The book is full of visually-rich iPhone photos and peppered with inspiring anecdotes. Two megapixels at a time, these images have been gathered and bound into a book that represents a stake in the ground. With it, Chase underscores the idea that an image can come from any camera, even a mobile phone. As Chase writes, “Inherently, we all know that an image isn't measured by its resolution, dynamic range, or anything technical. It's measured by the simple—sometimes profound, other times absurd or humorous or whimsical—effect that it can have upon us. If you can see it, it can move you.” This book is geared to inspire everyone, regardless of their level of photography knowledge, that you can capture moments and share them with our friends, families, loved ones, or the world at the press of a button. Readers of *The Best Camera Is The One That's With You* will also enjoy the iPhone application Chase Jarvis created in conjunction with this book, appropriately named *Best Camera*. *Best Camera* has a unique set of filters and effects that can be applied at the touch of a button. Stack them. Mix

them. Remix them. Best Camera also allows you to share directly to a host of social marketing sites via www.thebestcamera.com, a new online community that allows you to contribute to a living, breathing gallery of the best iPhone photography from around the globe.
