**Portable Moving Images** Ricardo Cedeño Montaña,2017-08-21 This media history explores a series of portable small cameras, playback devices, and storage units that have made the production of film and video available to everyone. Covering several storage formats from 8mm films of the 1900s, through the analogue videotapes of the 1970s, to the compression algorithms of the 2000s, this work examines the effects that the shrinkage of complex machines, media formats, and processing operations has had on the dissemination of moving images. Using an archaeological approach to technical standards of media, the author provides a genealogy of portable storage formats for film, analog video, and digitally encoded video. This book is a step forward in decoding the storage media formats, which up to now have been the domain of highly specialised technicians.

*The Focus Project* Susan Gardner, 2017-11-22 The Focus Project puts people behind a camera to examine their clutter carefully. Sometimes clutter becomes singular and you lose sight of the individual items. As you take pictures, see them in two ways: photographically and through your desires for your space. Three elements underlie each picture: framing, valuing and editing. Frame individual items with the camera for a new perspective. Value an item in light of its meaning, home, and future. Edit things to achieve an uncluttered life. As pictures are made, they may be shared with a partner or with The Focus Project Facebook Group. The project leads to a creative project with your digital photos that expresses your relationship with the things in your life. This book guides you through the 6 steps of the project and helps you understand more deeply your relationship with your clutter. 1. Partner 2. Photograph your items 3. Connect camera and computer 4. Evaluate 5. Express creatively 6. Address clutter directly The author is a recovering messy and professional organizer. While she appreciates the nuances of clutter, she now prefers that her things have a home where they belong.
