Kathleen Armour

Social Photography Daniela Bowker,2014-06-02 Hot photo apps come and go, but the practice of shooting and sharing is universal and is now a fundamental part of the way that we communicate with each other. Photos aren't printed on paper anymore - they are displayed on screens; and everywhere they are shown, the viewer is invited to like or share. Social Photography will show you how to create photos that will be clicked on, liked, shared, and - if you want - go viral. A must-read for anyone who takes their online presence seriously, this book will show you how to give your photos a fresh look, give you hundreds of posing and shooting ideas, and let you share your life's most exciting moments wider than ever before.
